40TH YEAR—ISSUE NO. 14,628

TWO CENTS

DOUGHTY IS UNDER ARREST IN CANADA AN SOIL

Theft of \$100,000 in Bonds and Conspiring to Kidnap Small Charged SINN FEIN CARRIES WAR OF DESTRUCTION WITH ENGLAND

CANADA OPPOSES PROPOSED BOARD ON RAW MATERIAL

Sharp Conflict Expected in League Assembly Over Economic Commission. MANDATES QUESTION

Geneva, Nov. 28.—The question whether countries shall be allowed to control and dispose at will of their natural resources is the subject of a sharp conflict in a committee of the assembly. The contest arose over a resolution by Gustav Ador, Switzerland, setting up a permanent economic and financial commission, one of the duties of which would be to examine measures for preventing monopolies in raw materials and the means of controlling their distribution.

The resolution is based on article 23 of the covenant, which assures all states equitable treatment. It is supported chiefly by Italy, Switzerland, and other countries not rich in raw materials.

One of the strongest opponents of the resolution is Sir George E. Foster, Canada, who has taken the same attitude as the Hon. N. W. Rowell, also of Canada, who served notice on the assembly in an impressive speech recently, that any attempt to exercise such control would be regarded as interference in international affairs, to which Canada would never submit.

Mr. Rowell, at the same time, said that the entire question in the form of a resolution could not be hoped for if any such interference were attempted.

The question of mandates is another difficult subject coming up this week. The council has on the agenda for tomorrow the nomination of a permanent mandate commission, and another committee at the same time will take up the general question in the form of terms and control of mandates. This committee, which is known as No. 6, has recommended that the United States be invited to cooperate unofficially in the study of the question of a mandate.

Still another important matter on the program of the council for tomorrow, is the election of a successor to Sir Reinhold Tower as high commissioner at Danzig. The council may also finally decide on a reply to the German protest against approval of the results of the Eupen-Malmedy plebiscite. Germany contends that the Belgian troops occupying the area exerted pressure on the population.

SLIP IN APPROACH TO BLOOR VIADUCT

Landslide Occurs Between Sherbourne Street and Glen Road Bridge. GAP SIXTY FEET LONG

A big landslide, caused by the recent rains, occurred on East Bloor street between Sherbourne street and Glen Road bridge shortly after midnight Saturday when hundreds of tons of earth fell into the Rosedale ravine, leaving a gap in the road way of about 60 feet in length and about 13 feet in width.

The huge mass of earth carried in its fall the fence along sidewalk. In dozen trees, some of which were nearly six feet in circumference and were snapped off like a candle. A few Hydro poles and wires were torn down, putting the lights out of commission and the end staunchins of the old Rosedale bridge were badly bent. The wooden stairway from Bloor street to Glen Road was swept away and partly buried under the pile of earth.

LIVERPOOL SCENE OF INCENDIARISM BY SINN FEINERS

Fifteen Warehouses, Principally Containing Cotton, Are Simultaneously Fired—Well Planned Plot to Destroy Buildings in Dock Area—Several Fatalities Occur Thru Shooting After Outbreak of Flames.

Liverpool, Nov. 28.—Fifteen warehouses in Liverpool and Bootle, a suburb, principally cotton warehouses, were set on fire last night. Two of the cotton warehouses in Liverpool were burned out. Gasoline cans and paraffin were found about the premises, but none were injured. One civilian was killed and several others were injured.

Some shooting occurred after the outbreak of the flames. Constables on the scene were fired at and bullets passed thru the clothing of some of them, but none were injured. One civilian was killed and several others were injured.

An orgy of outrage and destruction, believed to have been engineered by Sinn Feiners, was carried out on twelve cotton warehouses and several timber yards here. Several fires were burning at once, necessitating a call for assistance of outlying fire brigades. Many of the fires are still burning.

The newspaper says a suspected man, believed to have been connected with one of the fires, was seized by the police and shot dead. The man later was arrested.

A despatch to the Press Association from Liverpool says: "An alarming outbreak of Sinn Fein violence occurred Saturday night, shortly before 9 o'clock. Fires broke out simultaneously, both in the north and south ends of Liverpool, and also in Bootle."

"There were seven fires in Bootle and eleven in various parts of Liverpool. Subsequent discoveries revealed a well-planned Sinn Fein plot to spread a holocaust of fire among the warehouses in the dock area. The fires were spread over almost all of the dock area. The fires were spread over almost all of the dock area. The fires were spread over almost all of the dock area."

"Three youths, watching the suspicious movements of two men at the cotton warehouse, who challenged the suspects. Thereupon they bolted and fired upon the police who pursued them. The policemen were unhurt, but a bullet pierced the heart of a youth, Daniel Ward, who was among those who had warned the police, and he fell dead."

"It was found that all the locks on the warehouses had been cut with bolt-cutters. Many empty petrol cans were at more than one place. In the case of one timber yard there were three separate fires."

"It appears that for each building marked for destruction there were at least five men, some of whom were Sinn Feiners, one of whom stood sentry while the others cut the locks and applied the inflammables."

"Many fires were suppressed in this evening."

"It appears that for each building marked for destruction there were at least five men, some of whom were Sinn Feiners, one of whom stood sentry while the others cut the locks and applied the inflammables."

TORONTO UNIVERSITY GETS COOL IN FRONT OF ROCKEFELLER

Money to Be Used Exclusively to Extend Work of Medical Faculty.

NO NEW BUILDINGS

New York, Nov. 28.—The Rockefeller Foundation tonight announced the preliminary apportionment of \$3,000,000 in aid of medical education in Canada out of the \$5,000,000 previously set aside for this purpose.

The appropriations now made are of two classes: First, contributions toward increasing the permanent resources in buildings and endowment of schools already well established; second, contributions to annual income of institutions which are undergoing reorganization. These allotments have been made:

McGill University, Montreal, \$1,000,000.
University of Toronto, \$1,000,000.
Dalhousie University, Halifax, \$500,000.
University of Manitoba, Winnipeg, \$500,000.

Schools in process of reorganization to receive aid from the income of the \$2,000,000 reserve are: University of Alberta, Edmonton, for the year 1920-21, \$25,000.
University of Montreal, 1920-21, \$25,000.

Applications from these schools for further aid will be considered. Of the \$2,000,000 reserved for future distribution, the income is to be used toward current expenses, fellowships and other forms of aid to medical education.

In each of the appointments now announced represent contributions to plans of development, worked out by the institutions concerned, which involve substantial sums from other sources.

President Falconer's statement: "So far as the Toronto University is concerned, President Falconer, who interviewed last evening, stated that it would be applied entirely toward the extension and increased efficiency of the medical faculty. Conditions of gift, he stated, included its use for erection of buildings or relief of present difficulties in matters of finance. It could not, accordingly, be applied to the raising of salaries, but might be used to support full-time professorships where only part-time lecturers are at present available."

"It must be used entirely for new work," he stated, adding "it will enable us to do all that we wish to do."

"It must be used entirely for new work," he stated, adding "it will enable us to do all that we wish to do."

DOUGHTY FORMALLY ARRESTED ON HIS ARRIVAL AT WINDSOR MAINTAINS HIS INNOCENCE

"De Luxe" Traveling For John Doughty

Windsor, Ont., Nov. 28.—(Special.)—John Doughty traveled in luxurious style all the way from Oregon City to Windsor. It was learned from the prisoner of Detective Mitchell tonight.

The pair avoided visiting police headquarters in the cities at which they stopped en route, were quartered at the best hotels and had the finest service the Pullman cars could afford.

Doughty, in an interview this evening, granted in his room at the Crawford House, strenuously denied all knowledge of the missing bonds, and their missing owner. He declared that he was unaware that the bonds had been stolen until he was arrested at Oregon City, and declared that the last time that he had seen Ambrose J. Small was at his theatre in Toronto on the evening of December 2. Further knowledge of the case was absolutely disclaimed by the former secretary, who stated that he would give convincing explanation when he was arraigned in Toronto for his departure.

He refused to make public his reasons for crossing the border, but declared that private business had forced him to take such action. Doughty, for some reason or another, was surreptitiously smuggled thru Chicago, although Sergt. Mitchell refused to discuss his reasons for such action. Mitchell and his prisoner arrived in Canada about 11 o'clock this morning. Following his formal arrest at the station, Doughty was brought into the city by the detective and was taken to the Crawford House, where they have remained throughout the day.

The stop-over here is believed to have been made to permit another member of Toronto's detective force, who was left in Chicago, to overtake the party. This officer missed his fellow-officer, and the prisoner, it was stated last evening, thru the hurried departure which was made from that city.

Doughty and other members of the party, which numbers two detectives and several reporters from Toronto papers, will, it is expected, leave this city at 1:55 o'clock tomorrow morning. The train probably will arrive in Toronto about 8 o'clock tomorrow morning.

Smuggled Thru Chicago. Chicago, Nov. 28.—Jack Doughty, former private secretary to Ambrose J. Small, Toronto millionaire, who disappeared a year ago, was secretly smuggled thru Chicago last night by police who are taking him back to Canada after they had received information that an attempt might be made to intercept him here, according to the Chicago Herald and Examiner, this morning.

Doughty was in the custody of Detective Austin Mitchell of the Toronto police, who went to Portland, Ore. to get him. While the police refuse to comment on their information that an attempt might be made to intercept him, it is believed that he considered it best to take him thru Chicago secretly.

He was taken off the incoming train at the outskirts of the city, and hauled across to a suburban station on the opposite side of Chicago, and put on a train for Windsor, Ont.

Doughty's Denials. Doughty, in the few minutes he was in the city, changed his previous stories somewhat, according to the police. He denied that he had stolen any bonds from Mr. Small's safety deposit box after the millionaire had disappeared. He said he took the bonds out of the box and gave them to Mr. Small.

Previously, he had been quoted as saying that he had stolen \$100,000 worth of bonds in Chicago and that he would find them when brought here.

BECK IS GETTING ABUNDANT POWER
Contracts Closed and Easing of Industrial Demand Cause Relief, But Nevertheless Some Kind of Clean-Up May Be Made This Week.
Sir Adam Beck, of the Hydro-Electric Commission, has closed for an additional supply of 10,000 h.p. delivery this week from the Canadian Niagara Power Co. from which organization he is now receiving 50,000 h.p.

SUIT STARTED TO QUASH ACTION Nullifying Pickford Divorce
Minden, Nevada, Nov. 28.—Arguments began in the district court here yesterday to quash the suit the state filed to set aside the divorce granted Mark Pickford from Owen Moore. Miss Pickford has married Douglas Fairbanks since her divorce was granted, March 2, and in the state's petition was referred to as "Gladys M. Moore, known as Gladys M. Fairbanks."

MEIGHEN WILL SOON SHAKE UP CABINET
Has Stabilized Administration, Won Three Out of Four By-Elections and Solidified Party—Ready for Reconstructive Measures—Five Changes in Government Are Declared Necessary.
Ottawa, Nov. 28.—(Special.)—Cabinet reorganization so essential and so long deferred, will be faced by the new administration without any great delay. Premier Meighen succeeded to the office of a cabinet and a troublesome. His first care was to stabilize the administration. Of four by-elections he has won substantial victories in three. His western tour consolidated his support into an enthusiastic, aggressive party and stabilized his administration. He succeeded to a factional cabinet in which within four months he made himself chief of the most powerful political force in Canada. He can now devote himself to reorganization of his cabinet and initiation of constructive measures.

REORGANIZATION ESSENTIAL.
It cannot be denied that reorganization is essential to the further success of the new administration. Some members of the government thru age or ill health, desire to retire, others perhaps should be retired. There should be at least five changes in the government. There is a long, stern fight ahead of the administration and in the light of success can only be obtained by men of strong physique and mentality who have confidence in themselves and in whom the people have confidence. In English Canada the prime minister has ample material for reconstruction purposes.

QUEBEC IS PROBLEM.
It is the Quebec question that presents the most difficult problem to the government. The recent rumors regarding Quebec representation were without any real foundation. The names mentioned would not solve the problem. The government must secure Quebec representation among leaders of thought and action in that province or let matters remain as they are. In economic policy the leaders in Quebec are in harmony with the government. It is now a question if that province is to unite on past issues as against its present economic situation.

FORMER EMPRESS OF GERMANY TAKES A TURN FOR THE WORSE
Doom, Nov. 28.—A turn for the worse in the condition of the former German Empress, Augusta Victoria, occurred late today, it was learned this evening.

THREE YOUTHS HELD FOR BURGLARY
Caught by Police While Leaving House With Arms Full of Plunder.
Caught, it is alleged, while leaving the house at 4 Graham place with their arms full of loot at 11:30 on Saturday night Roy Stevenson, 119 Pope avenue; Lawrence Hurlbut, 595 Logan avenue, and Robert Wilson, 438 Logan avenue, all of whom are under 20 years of age, were arrested by Inspector Guthrie of Pope avenue division, and Plainclothesmen Robertson and Sunderland on a charge of housebreaking.

TO DRAW A CORDON
A certain hour late yesterday afternoon it is probable that Detective-Sergeant Austin P. Mitchell heaved a prodigious sigh of relief. This was because at that hour John Doughty, wanted in Toronto in connection with the Ambrose J. Small mystery, crossed the international boundary onto the good old Canadian soil. Gone was the fear that Doughty might fight extradition; he was then Mitchell's captive.
