has this year been met by the erection of a very neat and com- modious edifice. The brother laboring there has done well, in this matter, having persevered despite many hinderances, and has succeeded in giving the Mission a very desirable Church, with only a nominal debt, where every Lord's day a fair con- gregation assembles for worship under our ministry.

WIARTON.—This new Mission has built, with some aid from this Society, two Mission Houses during the year—the first having been destroyed by fire just as the Missionary was about taking possession. The work is extending there, and an in- crease of 35 members is reported.
