'GRAIN ROUTING FULLY EXPLAINED' - DUNCAN

SATISFIED WITH CONFERENCES AT WINNIPEG

Members of Commission Leave Today for Montreal

Chairman States Western Exporters Very Willing to Aid With Information

WINNIPEG, Aug. 28.—Having interviewed the various interests connected with the grain business, particularly those who are exporters of grain, the Maritime Rights Commission concluded its business here last evening.

"We are quite satisfied we have covered the ground," said Sir Andrew Rae Duncan, chairman of the board, when discussing the activities of its members during their visit to Winnipeg. "We found them all very willing to assist us with any information, so much so that we are very satisfied with our visit, and feel that we have had the matter fully explained," he added.

The members of the commission are leaving today for Montreal, where they will hold public sessions next week, to hear the evidence of the representatives of the railroads.

FINISH AT OTTAWA

Sir Andrew expressed the opinion that the Montreal meeting would be concluded by the end of the week, after which the commission will return to Ottawa in order to prepare its report for submission to the government, which he expected would be completed in two or three weeks. When this task is finished, the chairman intends returning to England. When the investigation into the different phases of the routing of grain, particularly as it affects the Canadian Atlantic coast, has been completed the board will be held sitting constantly for nine weeks, having started their task July 1.

No public meetings were held here, all the desired information having been gathered from informal conversation with big grain exporters.

NICARAGUA SENDS PROTEST TO MEXICO

Alleges Auxiliary Ship of Mexican Navy Sent on Flibuster Expedition

MANAGUA, Nicaragua, Aug. 28.—The Nicaraguan government has sent a note to Mexico declaring it has irrefutable evidence that Mexican authorities equipped, armed, and manned with men in Mexico's auxiliary ship, the Concon, which sailed from Salina Cruz, flying the Mexican flag on August 17, on a filibuster expedition to Nicaragua.

The note of protest, which is signed by Foreign Minister, Emilio Outierres Navas, says the expedition was arranged by the Nicaraguan exiles and financed and supported by the Mexican government. It declares such action manifestly violates the principles which govern civilized nations and which Mexico has repeatedly proclaimed as a fundamental principle of its international policy.

STRONG PROTEST.

"Nicaragua," says the note, "though a weak nation, will know how to defend even with sacrifice, this menace to its independence, and sovereignty, and it leaves to your government, the grave responsibility that shall fall to it before the world and history for such illegal conduct."

A copy of the note was sent to the League of Nations and all foreign diplomatic and consular officials in Nicaragua.

AMSTERDAM, Aug. 28.—Burglars entered the home of Queen Wilhelmina of Holland Friday, stealing medals from the uniform of the Court Chamberlain and then setting fire to the clothing. The smoldering uniforms were discovered by Palace guards. The thieves left untouched many rooms of the palace which contain more valuable objects than those stolen.

Mother of Two Children Swims Channel; Man Companion Forced To Quit

English Widow, Who Married Her Secretary, Now Has Him Jailed On Bigamy Charge

LONDON, Aug. 28.—A wealthy and elderly widow's romance with her middle-aged secretary whom she hired in New York ended in charges of bigamy and arrest of the man in the city Friday when Mrs. Kate Snyden Horne, 79 years old, appeared against Ernest E. Brandon, 56.

Mrs. Horne said she employed Brandon in New York in 1922 when he answered her advertisement for a secretary. Later they went to Nice and South Africa.

In Cape Town, Brandon persuaded her to marry him, she said. After their honeymoon she learned Brandon had another wife, Mrs. Lillian Frances Brandon, whom he had married in Trinity church in 1922.

Mrs. Horne said that in 1925 the first Mrs. Brandon brought suit against her in the New York Supreme Court, alleging that she had alienated Brandon's affections. The court remanded Brandon to jail for one week without bail.

MADRID, Aug. 28.—Although no official statement has been issued, it was made known in authoritative quarters yesterday that the Spanish Government would be willing to postpone its claim to a permanent seat on the League of Nations Council if the powers acceded to the Spanish request for control of the international zone of Tangier, Morocco.

VALENTINO'S BURIAL SET FOR WEDNESDAY

Delayed to Await Arrival of Brother From Italy; Funeral Monday

NEW YORK, Aug. 28.—The burial of Rudolph Valentino, has been postponed until Wednesday, to await the arrival of Alberto Guglielmi, the brother, who is on his way here from Italy. The funeral will be held Monday as previously announced by S. George Ullman, Valentino's manager, and the body will be taken back to the Campbell funeral parlors.

Mr. Ullman obtained from Health Commissioner Harris yesterday a second 24-hour extension of time for the burial, on the ground that the body is not to be shown again to the public. Mr. Harris said he could grant the extension because death was not due to contagious disease.

If Valentino's brother does not arrive on schedule time, the body will be taken to a vault in Woodlawn Cemetery and then disposed of, according to his wishes.

BROWNLEE REPLIES TO U. F. A. CRITICS

Declares Alberta Members in Last Parliament Co-operated to Fullest Extent

CALGARY, Alta., Aug. 28.—In telegram to United Farmers of Alberta headquarters here, Premier J. E. Brownlee states that United Farmers of Alberta members in the last Federal House endeavored to co-operate to the fullest extent.

Mr. Brownlee had been asked by the local U. F. A. headquarters, to reply to reports that he had blamed the Federal United Farmers' Association, "for failure of the return of the natural resources and that E. J. Cavland must bear the brunt of the blame for the same." Premier Brownlee wired his reply from Victoria, where he is resting. It has been announced here that Mr. Brownlee will address two or three meetings in Alberta before the Federal campaign ends. His first address will be Bow River constituency in support of the U. F. A. candidate, E. J. Cavland.

2,000 Harvesters Sought; None Offering

SASKATOON, Sask., Aug. 28.—Two thousand harvest jobs are said to be open at the local employment bureau with no men to fill them, and immigrants on incoming trains are being canvassed along the line by farmers as their trains pass by.

70-Year Old Resident Walks Tight Rope Over Paris Street

PARIS, Aug. 28.—The Place du Tertre, at Montmartre, was the scene of an unusual feat when a music-hall acrobat known as Djelmako, age 70, walked across the square on a tight rope fixed at a considerable height above the ground. On his safe descent he was honored with a request for his name and address by the police. It was a bad day for acrobats here, for another who imitated Quasimodo, impersonated by Victor Hugo in his famous work "The Hunchback of Notre Dame," climbed one of the towers of the Cathedral, obtaining foothold on the projecting stones and gargoyles, while the scene was filmed from below. The police, when the acrobat reached the ground after a descent quite as thrilling as his climb, led him to the station.

FINAL PLANS FOR CANADIAN BAR ARE MADE

Revised Program For Sessions Next Week Issued

MEET WEDNESDAY

Important Matters and Outstanding Men—Sir James Aikins Presides

THE revised program for the Canadian Bar Association annual session, to be held at the Admiral Beatty Hotel on next Wednesday, Thursday and Friday, was issued this morning.

The morning, afternoon and evening sessions, luncheon and president's reception, will be held in the Georgian ball room. The luncheon will be at the Riverside Golf and Country Club, and a garden party at The Grove, Robbsey, the residence of Major-General H. H. McLellan, K.C.

COURTESIES EXTENDED.

The secretaries bureau will issue at the Admiral Beatty Hotel, Tuesday morning, a list of all visiting members of the association. Cards extending the privileges of the Riverside Golf and Country Club will be issued to the members of the Westfield Country Club as extended to all visiting members. Entertainment for visiting ladies accompanying their husbands is also arranged. The association program follows:

WEDNESDAY, SEPTEMBER 1.

10 a.m.—Opening session. Chairman—Sir James Aikins, K.C., LL.D., president of the association. Presentation of distinguished guests. Addresses of welcome—His Honor W. P. Todd, Lieutenant-Governor of New Brunswick; His Worship Dr. W. W. White, Mayor of Saint John; Hon. J. T. Duggan, Chief Justice of Prince Edward Island; Hon. Mr. Justice Chisholm, Supreme Court of Nova Scotia.

Response to welcome—Mr. H. S. White, K.C., president of the Ontario Bar. Mr. C. F. Sanford, K.C., vice-president for New Brunswick, will take the least bit appealing.

"It's all very stupid to abide by man-made inhibitions."

"We shall demand a vote in tribal affairs."

Which is a lot of ground for a flapper Indian maiden to cover, especially if she, like Irene, never thought about those things until she strayed from the paternal wigwam by reading the newspapers.

DESERTED RESERVATION.

After feminism got into her head, the bucolic life in the idyllic surroundings of the Mohawk reservation in Ontario was not for Irene. She sifted across the border at Buffalo a year ago and was doing well until Immigration Inspector Sullivan crossed her path.

"Somebody is going to pay for all this stupidity," said Irene, fackering the ashes from her cigarette, "and I squaws in a revolt against the customs which have shackled them to their wigwams for hundreds of years."

While Irene Longboat plans her battle for the Indian feminist cause, arrangements are being made for her return to Canada.

LONDON, Aug. 28.—Military activity of nationalist organizations in Germany is among the subjects brought to the attention of the Berlin Phosphates Commission, has been determined by the Australian Government in Paris, the British Foreign Office Friday.

Other matters taken up in the note were alleged recruiting of the Reichswehr organizations in Germany and ostentatious delay by Germany in granting requests of the inter-allied control commission.

Maniac's Bombs Kills 2, Maims 50

DESPERATE for money, unbalanced in mind, Collins Barley has exacted tragic toll from society which "owed him a living." Resolved to get money he came in the Farmers' Deposit Bank carrying a small handbag. At the teller's desk he presented a note on which he had scribbled an almost unintelligible demand for \$2,000. When the teller explained that the note was worthless, Barley broke into a frenzy. With a savage scream he dropped the bag and gave it a lick with his foot. Almost instantly this followed a terrific detonation as the bomb inside the handbag exploded. The force of the explosion decapitated Barley, killed Ortmann instantly, and scattered shrapnel all over the foyer of the bank. A score of persons fell, many of them seriously injured. Others escaped with minor injuries.

Indian Maiden, Awaiting Deportation, Says Business of "Squawing" Uninteresting

CLEVELAND, Ohio, Aug. 28.—The life of the Canadian Indian woman is about to undergo revolutionary change, take it from Irene Longboat, 19-year-old feminist. Irene likes her cigarettes long and her hair short; she reads Havestock Ellis and Andre Tridon; the feminist movement is her avowed life work, but at present she is resting comfortably in county jail here awaiting deportation.

Her credo are:

"This business of squawing is not the least bit appealing."

"It's all very stupid to abide by man-made inhibitions."

"We shall demand a vote in tribal affairs."

Which is a lot of ground for a flapper Indian maiden to cover, especially if she, like Irene, never thought about those things until she strayed from the paternal wigwam by reading the newspapers.

MRS. C. CARSON SUCCEEDS IN HER SECOND TRIAL

Frank Perks Quits Mile and Half From End

EGYPTIAN FAILS

Isak Helmy Saved By Train When Seized With Cramps

DOVER, Eng., Aug. 28.—Mrs. Clemington Carson, the mother of two children, and well known as a long-distance swimmer, today swam the English Channel.

Mrs. Carson's victory was the more impressive inasmuch as Frank Perks, English swimmer, who started with her last night and swam most of the way in her trail, was forced to quit, when a mile and a half from the English coast, after being in the water more than fourteen hours.

She was the second woman to accomplish this brilliant feat in the stormy history of Channel swimming.

DOVER, Eng., Aug. 28.—Mrs. Clemington Carson, who started on an English Channel swim shortly before midnight, from Cape Gris Nez, France, was about a mile and a half south of Dover at 12.55 o'clock this afternoon. Frank Perks, who started with her, was about two miles out. Both had made notable progress since they were sighted this morning.

DOVER, Eng., Aug. 28.—Mrs. Clemington Carson and Frank Perks, who took off from Cape Gris Nez, France, shortly before midnight on an English Channel swim, were sighted about 12 miles off South Foreland at noon today.

Mrs. Carson took to the water while crews in New York were feeling Gertrude Ederle for her prowess in swimming the channel, August 6, in fourteen hours, thirty one minutes, and smashing all previous records for the crossing. It was Mrs. Carson's resolve to cut down Gertrude's record, when she made her start.

HELMY COLLAPSES

Isak Helmy, the husky Egyptian, nearly lost his life by drowning during the night on another of his numerous attempts to conquer the channel. He started despite warnings of his physician that when 4 1/2 miles out from Gris Nez, three hours after he took the plunge, he was seized with violent cramps in the stomach and collapsed. Jabot Wolff, the famous trainer, jumped into the sea and caught him just as he was about to go under.

MOTHER OF TWO CHILDREN

Mrs. Carson is 27 years old, and the mother of two children. Her husband is a United States citizen.

Once before, in 1925, Mrs. Carson tried to swim the channel. Starting from Dover, she swam to within two miles of the French coast, where she had to be taken out on account of the rough sea.

On this swim, she was in the water 14 1/2 hours.

SAYS 850,000 IDLE

Laborite, on German Visit, Declares Only 25,000 Miners Have Resumed

BOCHUM, Germany, Aug. 28.—Thomas Cape, Laborite member of parliament, who with Jack Gillian, secretary of the Northumberland Miners' Association, is visiting the German Miners' Federation, yesterday asserted that only 25,000 British miners have resumed work, while 850,000 are still on strike.

The next four weeks, he said, probably will bring a decision in the coal controversy.

HOPE ABANDONED FOR SCHOONER CREW

Arleux Returning to Halifax, After Establishing Fate of LaHave Fishermen

HALIFAX, Aug. 28.—Her grim duty of definitely establishing the fact that the La Have schooner Sadie A. Knicker and her crew of 22 Nova Scotia fishermen had been victims of the terrific storm that scourged the Atlantic early this month, completed, the fisheries department patrol cruiser Arleux is returning to Halifax from Sable Island, where she discovered evidence that forever crushed the lingering hopes of the families of the missing men that their loved ones would return.

The master of the Arleux, Captain Conning, sent a message to Ward Fisher, Inspector of fisheries for Nova Scotia, informing him that the cruiser had left the island and that there was no longer any doubt in the minds of those aboard that the schooner had foundered with all hands. The search for further evidence, reported the captain, had been abandoned owing to threatening weather.

BACKS FIRM STAND

Pope Gratified Over Mexican Clergy's Attitude in Religious Situation

MEXICO CITY, Aug. 28.—Papal gratification over the firmness of the Mexican clergy's stand against the religious laws of the Mexican government, was expressed in a message received by the Episcopate Friday.

The Pope sent his Benediction following receipt of a message in which the Mexican clergy denied newspaper reports that it was weakening its stand against the government.

AUSTRALIAN OFFICIAL FIRED TO SAVE INDUSTRY FOR STATE

ISLANDS, Pope, who formerly was a clerk in the Commission's employ, alleged ulterior motives against his fellow commissioners. The inquiry however showed the allegation to be without foundation. The Australian Government announces that Mr. Pope has been dismissed in order to restore harmony and also to avert the transfer from Sydney to New Zealand of the Commission's headquarters.
