

GRAND FALLS CONTRACT NOT AWARDED YET

Premier Baxter Expects the Announcement Will Be Made Shortly

The cause of the delay in the announcement by the International Paper Company, New York, of the awarding of the contract for the main dam, tunnel and power house in connection with the development of Grand Falls is not known to the Premier. Premier Baxter said last night. It was expected that the opening date would be Tuesday, July 20, but a postponement has been made. Premier Baxter said last night that he expects the name of the firm submitting the most acceptable tender for the work and the opening date to be made known within a short time.

Premier Baxter returned to his office Saturday after enjoying a week's fishing with Hon. L. F. D. Tilley, president of the Executive Council, R. D. Paterson and others on the Upper Sevege.

WHEATON AT GRAND FALLS

Andrew Wheaton, of Montreal, one of the executives of the Dominion Construction Company, who were awarded the main Grand Falls development contract about a year ago by the late Government's Hydro Commission and who were one of the three firms asked by the International Paper Company to tender for the new contract to be awarded by the St. John River Power Company, was in Grand Falls on Saturday.

"We have not signed a contract with the International Paper Company," said Mr. Wheaton, when asked about the development contract.

It is reported that the Dominion Construction Company have been asked to modify their tender and meet some other competition, but so far they have not done so.

BALDWIN GLOOMY OVER COAL STRIKE

Sees Small Hope of Early Settlement of Tie-up, He Says at Norwich

LONDON, July 18.—Premier Baldwin himself seems to have very little hope of an early settlement of the coal strike. Speaking on this controversy at a political dinner at Norwich, the Prime Minister admitted he had no idea how long the dispute would last.

He blamed the owners and miners equally for their refusal to face the facts and was rather ironic concerning the attempts of the bishops and church leaders to reconcile the conflicting parties remarking: "I hope they will succeed. I shall welcome a solution from any quarter, however unlikely."

Woman May Run In Northumberland

NEWCASTLE, July 18.—Miss Molly Hennessy, daughter of the late Patrick Hennessy and head of the P. Hennessy grocery business in Mitchell street here, may be a candidate in Northumberland county for the Federal Parliament.

A relatives said on Saturday that Miss Hennessy had been approached by prominent Liberals and was giving the matter consideration and might accept.

OXFORD COLLEGE IS 600 YEARS OLD

Oriel University Celebrates Anniversary—Cecil Rhodes One of Its Members

LONDON, July 18.—Oriel College, Oxford—one of the oldest colleges of the University—has just celebrated its 600th anniversary. It was founded by Edward II and by his son, King Henry III, and was the nucleus of the "College of the Blessed Mary in Oxford," commonly known as Oriel.

The college is famous as the home of the Oxford Movement—the most influential religious movement in the last century in this country. Keble, Newman and Pusey were Fellows. Other famous members of the college in the past were Bishop Butler, Gilbert White, the naturalist, and John Addington Symonds, the poet.

The personage of this church, which has stood on the site of the new Rhodes buildings at Oriel, formed, with "great messengers" known as Seneschal, or "La Oriele," the nucleus of the "College of the Blessed Mary in Oxford," commonly known as Oriel.

Visitors From Canada Flock To Old Country

LONDON, July 18.—The invasion of Great Britain by Canadian tourists this year is the largest ever known.

American travelers, who hitherto have seemed to dominate the tourist list filed to the exclusion of almost everyone else, are finding themselves challenged at every turn by Canadian visitors.

Apart from the many official parties of Canadian professors, teachers, students and others there is a vast throng of individual tourists including a number of Canadian girls who by their good looks and happy self-confidence are attracting favorable comment everywhere.

The sardine factory of Connors Bros., Ltd., Black's Harbor, has been in operation for some time. It is the opinion of one of the officials of the company that American factories will open shortly. While the same catch to date has been poor, hopes are being entertained for a very good, if not a record catch this year.

One large firm reports that this year their entire stock of sardines and sprats were cleared out while great inroads were made into the supply of salmon nets.

TORONTO, July 18.—The Mail and Empire yesterday published the following despatch from its staff reporter at Ottawa:

"Mr. Hon. Arthur Meighen and Hon. E. L. Patenaude will open the Conservative campaign at a mass meeting in the capital on Tuesday. It is expected that the Premier will announce at this meeting the date of the elections and very possibly the names of two more French-Canadian members of his cabinet. A prominent Quebec City business man will be brought in the cabinet and it is hoped that J. L. St. Jacques, M.L.A., will also enter the federal arena."

Premier Meighen leaves for the Maritimes on Wednesday. He has invited C. H. Cahon, St. Lawrence-St. George, to accompany him.

OTTAWA, Ont., July 18.—Playing for the Royal Ottawa course for the first time in his golfing career yesterday, Carroll Stuart, 18-year-old champion of the Illinois Junior Golf Club, of Chicago, shot a brilliant 73, per for the course, and registered a hole in one on the sixth green, a distance of 100 yards, with a mallet mallet. Stuart was playing in an exhibition match with his uncle, A. P. MacPherson, Breckville Country Club pro.

MEXICAN ACCUSED IN EVANGELIST CASE

Mayor of Agua Prieta is Charged With Trying to Extort Money From Her

LOS ANGELES, July 18.—Attorneys for Aimes Temple McPherson, evangelist and the centre of a 60 days' mysterious disappearance, involving her reported kidnapping, alleged kidnapping and graphically narrated escape, yesterday placed in the hands of the District Attorney here an affidavit charging Ernest O. Bublion, Mayor of Agua Prieta, Mexico, with attempting to extort money from the Angelus Temple religious leader.

The affidavit was made by William Appel, interpreter, who said that he officiated in that capacity in conversations in the Curto Cafe, Agua Prieta, July 2, between Bublion and Mrs. McPherson.

At that time Mrs. McPherson was making her second series of excursions into the desert in an effort to find the shack in which she said she had been held by kidnappers.

N. B. INDUSTRIAL CONDITIONS GOOD

Outlook in Saint John is Much Brighter—Ahead of Last Year

Although there is a very heavy curtailment in New England at the present time, the cotton mills of New Brunswick are being operated at fair capacity. The Saint John mills continue in operation and full time is the rule at the St. Croix mills of the Canadian Cottons, Ltd., in Milltown. At the Glen mills in Maryville production is being curtailed, but the plant is able to maintain a night and day shift, employing approximately 600 men.
