ICE CREAM IS FOOD

"Every time that you eat a dish of good, wholesome Ice Cream, you are adding a rich supply to the materials with which the body is fed and repaired."

"For Ice Cream is made almost wholly of rich, pure cream and milk and therefore contains the very things that help us grow and to build up our bodies so that they are strong and active and capable of resisting our diseases. Ice Cream also is excellent as a food because it can be used in place of the many greasy, heavy meats and other things that are so difficult for us to digest; and for this same reason, doctors frequently prescribe it as a food for invalids and convalescents."

"Once upon a time, Mother on special occasions gave you a nice dish of Ice Cream as a treat, but now she knows its true food value and so she more frequently because it is good for the mental and bodily health and strength of her little ones, and grown-ups, too."

Therefore, eat PURITY ICE CREAM.

Moncton Man Now Enjoys
Edibles He Didn't Dare
Touch Before Taking Tan-
lac.

"Tanlac is the only thing that ever helped me, and that is saying a good deal, for I spent hundreds of dollars trying to get rid of my troubles," was the emphatic declaration made recently by Elie Cormier, of 740 Main street, Moncton, N. B.

"Seven years ago I had to leave my farm because I got too weak to do the work, and from then on my health continued to go down. My appetite left me and I hardly ever ate a mouthful of breakfast. After meals I bloated up with gas so I couldn't walk for an hour. Honestly, I was hardly ever free from that tight, bloated feeling. I dared not touch fats or anything rich, for I knew so well the misery it would cost me."

"Every bone in my body seemed to ache with rheumatism and the pains in my arms, chest and back were almost unbearable. Many a night I didn't get a wink of sleep and some mornings I had such terrible headaches I could hardly get out of bed. I took medicine enough to stock a small sized drug store, but nothing gave me any permanent relief, and things were getting pretty gloomy for me."

"That was the shape I was in when I got Tanlac, but I had only taken a few doses before I got to feeling better. By the time I had finished the second bottle I was feeling fine, though I took two more to clinch the good work. Why, I can eat bacon for breakfast now, or just anything else I want and nothing ever hurts me. I never feel a touch of rheumatism and in fact all my aches and pains have left me. I can work from sun up to sundown and feel fine all the time. I just can't say too much for Tanlac."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, Highland; John F. McMan, St. John; Leonard, N. H. Johnson, St. John; and by the leading druggists in every town.—(Advt.)

HARTLAND HAS FINE RACE HORSES

Greatest String of Speedsters
Assembled in One Stable
This Season.

(Hartland Observer.)
Few people in Hartland or elsewhere know that right here in town there is one of the very finest strings of racing horses that was ever assembled in New Brunswick or Northern Maine. These horses are kept in the new modern stable erected by Dr. Macintosh last summer, and are cared for by George Stoddard, of Williamstown, Pa., who is one of the best known and most successful trainers in either New England, where most of his years of experience has been, or in New Brunswick.

Among the horses are two owned by Hartland Driving Club—Ben All 2:09 1/2 is eligible in the 2:15 class next season. He is a bay gelding by Wreath, and was the largest money winner on the grand circuit in 1917, winning the Chamber of Commerce \$10,000 stake, pacing two heats in 2:03 1/2. Colorado Rose, standard and registered, has a heat record of 2:14, and is eligible to a class in 1921; by Colorado E. 2:02 1/2 out of Minnie-the-Helress, the dam of

four with records, including Ima J. 2:06 1/2. She is half-sister to E. Colorado, 2:03 1/2.

Dr. Macintosh himself has four decorated speedsters and four very promising colts. Xanthia, standard and registered, is a black filly, four years old; heat record 2:19 1/2; eligible to any class 1921; by future Todd out of Uni A. dam of Enoniness, 2:06 1/2, full sister to Xanthia; also Lem Ketchum, 2:16 1/2. Miss Peter Splan standard and registered, by George Muscovite, 2:05 1/2, eligible to any 2:25 class in 1921. Has been quarters in 29 seconds and half miles in 1:03. Allie Homeland, 2:19 1/2, has worked miles in 2:15; bay mare of Homeland, 2:10, eligible to 2:25 class 1921.

Other speed horses in Hartland and vicinity are Old Glory, bay trotter 2:19 1/2 by Bingara and a full brother to Millie Irwin—owned by C. H. Taylor. Peggy, Hal and Molly Vera Hill, stand owned by C. H. DeWitt. The former by Allie Wood. Both eligible to any class.

Irving Heart, 2:14 1/2, bay trotting stallion, by Great Heart, owned by Frank Hayden.

Onward Walkes, bay pacing stallion, by Abbott Wilkes, owned by Stanley DeWitt.

Lady Bell, 2:19 1/2, by Baron Bourbon, bay pacer owned by W. N. Stevens.

Lady Dufferin, bay trotting mare by C. H. DeWitt, owned by H. L. Kennedy.

Cassie W., the ice queen by Ansoot Vassar, by Vassar, eligible to any class next season. Owned by G. Murray McLeod.

Dr. Macintosh's colts include Ruby Hill and Master Hill 2:19, by Autograph by Alcantara, by George Wilkes out of Rose Bourbon, by Baron Bourbon, by Baron Wilkes. Rose Bourbon on her dam's side is only three removed from Nutwood. These colts are hard to beat for breeding.

Three-year-old, by Master Hill, 2:19 out of Adeline Deveras, 2:18 1/2. Babe Marie, a weanling filly, by C. H. DeWitt. This filly is entered in the New England Stallion Breeders' Stakes for 1922 and 1923. She is a natural pacer and a most promising looking colt.
