for all sorts of irregularities. We reiterate our conviction that the game act ought to be amended to prohibit, under the severest penalties, any

person, white or Indian, settler or visi-tor, from killing game of any kind, for Paine's Celery Compound any purpose whatever, during the close season. Until that shall be done the game act will continue to be the farce that practical men know it to be.

ATLIN'S WEALTH.

While it is very unfortunate that a serfous tangle should be retarding the progress of development in the Atlin country, thus causing many men to leave the district, the public should be made aware of the fact that the Atlin country has been proved to contain sufficient gold in its creeks to repay any one handsomely for the labor of prospecting for and extracting it.

This is important, for many are too ready to condemn the country altogether women is Paine's Celery Compound, a medicine that has saved thousands of because of the legal trouble that has daughters, wives and mothers of our Doarisen.
