NEWSPAPER MEN TO GOOD ATTENDANCE AT JUNIOR CLUB AT WOODSTOCK

Rev. James Woods Secures Pair of Antlers With Spread of 63 Inches—Many Cases of Measles.

The newspaper writers of the city have decided to hold a banquet in honor of the veteran poet and journalist, Hiram Ladd Spencer, on Monday night, Dec. 15, for the benefit of the Junior Club of Woodstock.

Spencer has been living at Whitehead, Kings Co. Circumstances have made it necessary for him to return to St. John. He is very old, being in his 82nd year and quite feeble. He has no relatives, and but few personal friends. Life has dealt some what harshly with him in recent years. Had Mr. Spencer chosen to pursue a literary career exclusively from the start, he might have ranked with the famous New England literateurs of his time, some of whom were his personal friends. He will in any case leave some work that will live. The Fugitives is a book of poems that adorns Canadian literature.

The benefit which Mr. Spencer's newspaper friends propose to tender to him will take the form of a grand musical and literary entertainment at the Opera House on December 15th, and they are confident that the city will join heartily in this recognition of the worth of a writer who in extreme old age and feebleness would be gladdened by such an expression of sympathy and good will.

WOMEN'S CLUB HEAR OF CANADA'S GREATNESS

Mrs. E. A. Smith, the President, Gives Vivid Description of Trip Through Canada—Much Appreciated

Despite the weather conditions at home, given by the executive of the Women's Canadian Club of St. John, the ladies of the club, who were in the Nickel assembly room on Saturday night, were very largely attended by the members of the club and their friends.

The large assembly room was most inviting, and as the guests were ushered in, Mrs. D. P. Chisholm played several appropriate airs.

Mrs. E. A. Smith on coming to the platform, was greeted with hearty applause. In responding to the greeting Mrs. Smith said she could not give a very great personal compliment when so many ladies and gentlemen braved the fierce storm that was raging in order to accompany her on her trip through Canada.

The lights were turned down and there followed an eloquent address, illustrated by a beautiful lantern slide, on a trip in Canadian territory including in its scope the entire continent from coast to coast. One would have to travel far to hear a more gifted speaker than Mrs. Smith. Her address was a wonderfully flexible, sympathetic well trained voice.

En Route.

Starting at St. John, Mrs. Smith took her hearers to the heart of Quebec, visiting the imposing Chateau Frontenac, the Plains of Abraham, and other points of interest in the old city.

Montreal was seen from Mount Royal with its many splendid parks, colleges, hospitals and public buildings; then to Windsor Station to embark by the Imperial Limited for the trip of 2,000 miles across the continent to Vancouver.

The first important stop was at Ottawa, the "capital of the north," then on to the great west, visiting numerous flourishing cities including the great wheat milling and exporting centres particularly in Manitoba. On through the various fields of gold, wheat and the ranching country of Calgary. After this through the foothill country to the entries to the glorious Rockies.

The trip through the mountains was vividly portrayed by the talented lecturer and was indescribably sublime and beautiful.

In British Columbia. After the mountains the valley of the Fraser river was traversed, showing its great canyons, numerous tunnels, superb scenery. Then on to Vancouver and across the Gulf of Georgia to visit the British Columbia capital, referred to as the most British city outside the British Isles.

Every spot of commercial and historic interest was visited, and the panoramic journey abounding as it did in humor, anecdote and historic incident, was conducted with a grace and ease that was most commendable.

Mrs. E. A. Smith, president of the Canadian Club in moving a vote of thanks to Mrs. Smith, expressed appreciation of the patriotic and instructive address which had been so eloquently delivered. Mr. Agar congratulated the Women's Canadian Club on having at its head so capable a president.

The motion was fittingly seconded by C. B. Allan and gracefully conveyed to the lecturer by His Honor Judge Ritchie, amid great applause.

GOOD ATTENDANCE AT JUNIOR CLUB AT WOODSTOCK

Rev. James Woods Secures Pair of Antlers With Spread of 63 Inches—Many Cases of Measles.

Both meetings in the Queens Rink yesterday were well attended. Dr. Torrey preached at both services, and Mr. McEwan, with his sweet tenor voice, tried the hearts of his listeners. The after meetings conducted by Dr. Jacoby were also well attended and many asked to be prayed for.

At the evening service Dr. Torrey preached from the text of John xii. 42 and 43: "Nevertheless among the chief rulers also many believed on Him; but because of the Pharisees they did not confess Him, lest they should be put out of the synagogue. For they loved the praise of men more than the praise of God."

Now that was written about Jerusalem in Christ's time, he said, but it sounds just as if it were written about St. John today. How many men there are in St. John, leading men, just like the chief rulers of Jerusalem, who believe in Jesus Christ in their hearts, but they do not confess Him with their mouths. Are you men, will you say of them, for they love the praise of men more than the praise of God? It is moral cowardice. There are hundreds and thousands of men of thousands of men and women just as fully convinced as I am that Jesus Christ is the Son of God, and yet holding back from open, public confession of Christ because of moral cowardice.

Would Have Influence.

Ladies and gentlemen, there are some of you here tonight who, if you had the courage of your convictions and came to Christ, not secretly as some of you want to, but walked right out and took your seat down here in the front row, you would do it. You would shake St. John. Are you men enough to do it? Your influence may not be as great as that, but all of you have an influence. Will you exert it for Jesus Christ when the time comes tonight?

Every man and woman should confess the Lord Jesus publicly before the world for the sake of their influence. Every man has an influence. There is no man in St. John that has not an influence, either for Jesus Christ or against Jesus Christ. There is no man or woman or child here tonight who, if they confessed Jesus before the world as their Lord and lived in accordance with that confession, would not have an influence to bring somebody else to Christ.

On the other hand there is no man, woman or child here tonight who, if he does not confess Christ, no matter how well he lives, has not an influence against Christ, and the better he lives the more he is against Christ, for people look at him and say, "Look at that man; as far as I can see he lives just as well as the professing Christians, and he is not a Christian, does not profess faith in Christ, I don't see the need of becoming a Christian." Oh, every one of you has an influence, and it is either for Christ, or against Christ.

After the choir sang a hymn, the evening hour will be open every evening but Sunday, and regular meetings will be held on Friday evening. Several daily and weekly newspapers, as well as Hansard, will be on file. The club will be open on Friday evenings, and when opportunity offers, the members will hear speeches from distinguished visiting orators. The club starts with a membership of sixty.

GOOD ATTENDANCE AT JUNIOR CLUB AT WOODSTOCK

Rev. James Woods Secures Pair of Antlers With Spread of 63 Inches—Many Cases of Measles.

Woodstock, Nov. 25.—At a largely attended meeting of young men held in a room in the Opera House block last evening, the Junior Conservative Club of the County of Carleton was formally organized.

The former president, E. K. Connell, was in the chair. The first six sections of the proposed by-laws, drafted by Messrs. Augherton and Maloney, were approved.

Addresses were made by D. Munro, M. P. P. Dr. W. D. Rankin, Burpee, Hay, Dr. R. G. Thompson, A. N. Vince, E. K. Connell, Ken Sutton, Harry Woolverton, J. P. Maloney, Thomas Noddin, Harry Stevens, R. S. Welch, R. S. Corbett, Wm. Bolger, Chesley Stevens and others.

The following officers were elected for the ensuing year: Honorary president—D. Munro, M. P. P. President—B. N. Hay. Vice-President—Dr. R. G. Thompson. Secretary—A. N. Vince.

Mr. Munro complimented the young men upon organizing the Junior Conservative Club and wished it every success. He was satisfied that it would accomplish much good. The rooms engaged were admirably suited for the wants of the organization, which should never be allowed to go down even during the summer months. It would keep the members in touch with the political movements of the times and an exchange of views on the other would be of advantage. All note with pleasure that the opposition in Parliament was presenting a good fighting front, as many important questions would be dealt with in parliament this session. The local government was united as one man and was giving the people wise legislation. It was uncertain when an election was liable to take place and the government sent back to the people, so it was well pleased with the well organized state of affairs.

Dr. Rankin said it gave him great gratification to be present. The organization of the club was a good thing, and he was well pleased with the selection made for officers upon whom great responsibility rested. There was an active field at hand in civic affairs and he trusted that the club would take an interest in civic matters on the side of better government in the future.

The club room will be open every evening but Sunday, and regular meetings will be held on Friday evening. Several daily and weekly newspapers, as well as Hansard, will be on file. The club will be open on Friday evenings, and when opportunity offers, the members will hear speeches from distinguished visiting orators. The club starts with a membership of sixty.

Another Bright Novelty at Nickel.
After so much uncertain weather last week the Nickel commences to-day with prospects of more genial conditions for attendance, and the programme that is to be served ought to warrant large crowds. This afternoon will mark the commencement of the new Camera "chats or bright little ten minute stereoscopic lectures dealing with different lands. The opening Chat will be Fujiyama, the Peerless Mountain of Japan, and a series of exquisite hand-colored negatives that will accompany the interesting descriptions." One of these rough much more than the Nickel's admission fee. The particular film picture will be a stirring story of the South African War entitled "The Rider's Romance," one of those rough much more than the Nickel's admission fee.
