## MARITIME MISCELLANY.

Boston, May 3.—The famous schooner *Polly*, built at Amesbury, Mass., in 1805, and used as a privateer in the war of 1812, has just changed ownership at Boston, being sold for about \$500. The *Polly* is said to have changed greatly in appearance since she ceased to run as a packet on the Maine coast, but some of the timbers that were put in her 108 years ago still remain.

Portland, May 3.—The pogie steamer *B. F. Macomber* went on her trial trip Thursday afternoon, several of the Portland Company officials and invited guests making up the party. The trial course was taken on the trial, the results attained having been very satisfactory. About another week will be required before the steamer will be ready to turn over to her Providence owners.

Portland, May 3.—A cargo of *Barbados* molasses is expected to arrive here late of the month, consigned to the Milliken-Tomlinson Co. and it is probable a second vessel will follow in a few weeks later.

Portland, May 3.—The British steamer *Carlton*, the first of the tramp boats chartered to load grain here in May, left Shields on Wednesday and is expected to reach here about the 15th of the month. Quite a large amount of grain is now heading this way from Canadian points, and the No. 1 elevator will be well filled by the time the first steamer reaches here.

## THEN USE NERVILINE.

For Stomach Pains and Cramps, No Remedy so Prompt as Nerviline.

## A Westerner's Experience Related.

"It is an unsettled part of the country like our far West that proves how valuable Nerviline is in the home," writes Mr. Patrick M. Dehane, from Fort Saskatchewan, Alberta. "Chills are frequent—a hot drink of Nerviline sends life circulating through the body in three minutes. Cramps or sudden illness at night is one of our terrors. No druggist or doctor is near, but Nerviline is handy you can get relief. The worst cramps Nerviline has cured in my children in half a minute. I don't think any farmer's wife has any right to be without the protection of Nerviline. In our family we use it for a hundred ills, and it cures them. One night one of my kiddies had earache and another toothache. Without Nerviline no one could have slept. It is as good inside as outside, and is as much a part of my home as my kitchen stove. You find a thousand uses for a good family remedy like Nerviline. Get the 50c. family size bottle; it's more economical than the 25c. trial size. Sold by all storekeepers and druggists or The Cataract House Co., Buffalo, N. Y."

## The Solar Plexus a

## Great Nerve Centre

With the single exception of the brain itself, the solar plexus is the most important nerve centre in the human body.

Situated just back of the stomach and close to the spinal cord, the solar plexus supplies the motor nerves to the vital organs. Injury to or weakness of the solar plexus consequently means incapacity of the vital organs of the body. This explains why a nerve which reaches the solar plexus means helplessness to the person receiving it.

These nerve centres all demand an enormous quantity of good, rich blood, and failing to get this, the nerve centres are starved and depleted and fail to supply vital energy to the digestive and eliminatory organs.

The wonderful success of Dr. Chase's Nerve Food in revivifying and reconstructing the broken-down nervous system is due to the fact that it supplies nutrition to nerve cells through the blood.

Weakness of the stomach, failure of the liver and kidneys to filter the blood, inactivity of the bowels and feelings of fatigue and discouragement usually arise from an exhausted condition of the nervous system. The nerve centres such as the solar plexus, have not the nerve force to work the machinery of the body.

The most natural treatment imaginable to restore the nerve force, and its benefits are lasting, because it actually rebuilds the wasted and broken-down nerve cells.
