LANGFORD AND SMITH.

Joe Woodman, manager of Sam Langford, is in New York arranging for a clash between his protégé and either Jeanette or "Gumbo" Smith. It all depends somewhat on the inducements. Provided Joe can land Smith, Langford would gain more prestige if he can defeat him than were he to whip Jeanette, for his superiority over the New York brunette is no longer a matter of question. That last contest in Boston between the pair settled where Jeanette stands over the short route. On the other hand, Smith is an unknown quantity, so far as Langford is concerned, and at the same time is the practical leader of the hopes and a man who will fight.

SHE TRIED HARD TO SEE THE FIGHT

Some women in the United States are most daring and think nothing of attending prize fights when they are allowed in to see two big scrappers pounding each other. They seem to enjoy the fighting more than the men and the sight of bruised faces and blood flowing from the wounds appear to have no terror to them.

In Boston Wednesday night last a woman named Margaret O'Connor was anxious to witness the Moran-Palzer fight that she attended herself in man's clothing and arrested. The Boston Post speaks of the occurrence as follows:

Take Woman in Custody.
While the fight fans were crowding in front of the club doors before the bout began, a young woman, Margaret O'Connor, said to be the fiancée of Jack Britton, lightweight, was arrested on a charge of impersonating a man.

Miss O'Connor, whose home is in Chicago, was anxious to see the fight, she explained at the station house, and had disguised herself in order to get a seat at the ringside.

Miss O'Connor's arrest was made when several men in the crowd under a jockey cap she wore. She had come to the fight in a taxi cab.

Miss O'Connor was discharged in the night court later after the magistrate had lectured her on the inadvisability of wearing men's clothes.

U.S. REVOLVER LEAGUE WINS BIG MATCH

Camp Perry, Ohio, Sept. 5.—The United States revolver team today took the first place with a score of 2310. The Argentine Republic team was second with 2,006, and Peru third, with 1,607. This was a Pan-American shooting union match, with the three teams entered.

In the revolver match of the 25-yard target, France leads, J. Girardot having the highest score, 178; Roster, sklod, of Sweden, is second, with 173, and Carrere, of France, third, with 171. There were ten competitors.

Today's winners of special prizes in the by contest were Retch and Neuberger, of Switzerland; Swedholm, of the United States, and Wise, of the United States. Teams of five men will take part in the international team match Saturday morning. There will be seven teams: Canada, France, Sweden, Peru, Argentine, Switzerland and the United States.

WOODSTOCK WINS GAME

Special to The Standard.
Woodstock, N. B., Sept. 5.—One of the very best ball games of the season took place this afternoon in Campbell Park, when the fast McAdam team was defeated by the locals, the score being 5 to 4. McAdam used two pitchers, Edwards being driven from the box and Donovan finishing the game. Clark twirled for Woodstock and had seven strikeouts.

Paalke, the regular catcher, was absent, but Dessy filled the position with satisfaction. From the local standpoint the pitching of Clark, the batting of Good and the classy work of the infield were the features. Dessy caught a fine game for the visitors.

JACK McLEAN MADE ONLY HIT FOR GIANTS

The rugged figure of Larry McLean loomed nobly at the Polo Grounds Wednesday afternoon. Larry, wedged into the rush line in the eighth inning as a pinch hitter, saved the day for the Giants. But for him all would have been lost.

As it was, the only thing lost was the game. The Braves won by a score of 2 to 1, but the Giants made a hit. That extraordinary deed was done when McLean inserted his strong personality.

Mac Spilled Record.
Only McLean interposed between Tyler and a no-hit game. Tyler was not quite as rugged but fully as noble a figure as McLean. Because of his fine pitching the Giants reached the lowest 600 in their prolonged stretch of light hitting.

The Hub southpaw did not go in much for strike-outs. Herzog was the only foe who fanned, but to shroud the ball to the zone of safety was something the Giants could not do.

As many as half a dozen punches by the Giants were delivered with force enough, but the leaders were not able to send them clear. The hit and run was tried frequently in an effort to break the Boston line and each time the batter met the ball earnestly but vainly, a long fly or liner going to a fielder.

CALAIS FAIR HORSE RACES

St. Stephen, Sept. 5.—The Calais Fair closed today with a good attendance and two good horse races. The summary:

225 Trot and Pace.
Lady Fondly, Love, St. Stephen . . . 1 1 1
Wearly Willie, Fenwick, Bathurst . . . 2 2 2
Alice Montague, McManaman, Port Fairfield . . . 4 3 3
Miss Gammage, Gammage, Portland . . . 3 dr
Time—2:18½, 2:19, 2:17½.

Free For All.
Bingen the Great, Murchie Milltown . . . 3 1 1
Thoughtful, McKee, Fort Fairfield . . . 2 2 2
Flora P., McKinnon, Ban-er . . . 4 4 2 3
O'Flanagan, McBride, St. Stephen . . . 1 3 4 da
Time—2:14½, 2:18½, 2:17½, 2:23½.

O'Flanagan beat the track record in the first and finished first in the last heat, but was distanced by the judges who held his driver, Groves, responsible for an unfortunate collision at the start that shut Thoughtful and Flora P. out of the heat. The decision was by no means popular with the crowd who greeted the announcement with repeated cries of "rotten" and refused to listen to any explanation.

The judges were E. C. Hamilton, of Woodland, W. Woodworth, of Pembroke, and H. M. Donald of Addison.

with satisfaction. From the local standpoint the pitching of Clark, the batting of Good and the classy work of the infield were the features. Dessy caught a fine game for the visitors.

BAD ACCIDENT MARS HALIFAX HORSE RACING

Halifax, Sept. 5.—The horse race on the exhibition track today were marred by a serious accident in the first heat of the 240 pace when four horses got in a mix-up on the first turn, and all fell in the centre of the track. Fred Warren, of Sydney, the driver of Tommy Cotter, was picked up unconscious. His nose was broken and his face terribly cut. He was taken to the hospital. Hammond Kelly, of Charlottetown, driver of Moth Miller, was also hurt but not seriously. None of the horses were injured badly. All bikes were smashed. Dan Payne, of Fredericton, won the 227 trot after Coochate Lady took first heat. Barrings Comet, owned by H. Musgrave, won the three year old trot in straight heats.

SYDNEY WON FAST GAME IN HALIFAX

Halifax, Sept. 5.—Good batting by J. D. Murray and D. Roy and Sutt for Sydney gave their own city cricket team the victory over the Wanderers in their return Nova Scotia Cricket League fixture, which was played on the Wanderers' grounds this morning and this afternoon. The Sydney team scored 145 in their first innings while the Wanderers could only total 93. The visitors went into bat a second time, and scored 78 for eight wickets when stumps were drawn at six o'clock.

The Sydney team gave an improved exhibition in all parts of the game. Murray, Roy and McKee bowled remarkably well, while the batting was much better than that shown by the visitors against the Garrison.

H. R. Jones was top scorer for the Wanderers with a 31 before he fell a victim to one of Murray's tricky deliveries. Jemott was second top scorer for the home team with 21, while Bates made with 15 and Dewife, with 11. H. R. Jones was top scorer for the Wanderers with a 31 before he fell a

PROMINENT POLITICIAN TOOK GATLIN 3 Day Liquor Treatment

A prominent politician who was constantly under the effects of strong drink, becoming obliged to get free from the habit, took the Gatlin Treatment. He was cured of the habit in three days, and expressed grateful appreciation of the satisfactory results.

This is only one of many such cases of people in all walks of life.

Remember this cure is not an experiment, but a scientific treatment for the Liquor Habit, no case being too difficult, and a written guarantee to cure is given each patient.

Studebaker

"SIX" \$1800

One of The Most Remarkable Cars Ever Seen in Canada

We urge you to see immediately the \$1800 Studebaker "SIX" Touring Car.

The advantages of this "SIX" are so marked, that it may truly be said for the first time to open up to men of moderate means all those luxuries of motoring which have hitherto been found only in the most expensive cars.

The most conspicuous qualities of this "SIX" are its even flow of power, its wonderful smoothness and flexibility, and its ability to do all work with effortless ease and a minimum of wear.

The sensation which this "SIX" has already created among the well-informed has a solid basis in the efficiency which it shows under all road conditions.

You who know the average good car will be charmed and convinced by a demonstration in the Studebaker "Six".

And we venture to say that your discovery of the driving qualities of this extraordinary car will be the most pleasant in all your experience.

We urge especially that those who have not yet been persuaded of the success of a moderate priced six-cylinder car should examine this "SIX" immediately. The Studebaker "SIX" unquestionably represents a new and striking advance in automobile luxury.

Try it now. And be warned that the Studebaker "SIX" will win you, as sure as ever you sit behind the wheel.

Buy It Because It's a Studebaker

Standards of Luxury
The Studebaker "SIX" is, of course, electrically lighted and started. It is furnished with full six-passenger body containing two exceedingly comfortable auxiliary seats, which may easily be folded out of the way. The finish is rich and lustrous, requiring twenty-four operations, and weeks of drying and aging for the painting alone. The rich upholstery enables the occupants to tour long distances without fatigue. The Studebaker "SIX" is also completely equipped. Speedometer, electric dash light, electric horn, detachable, demountable rims, with extra rim furnished, and Studebaker jiffy curtains, which can quickly be slipped in place from inside the car, are evidences of the care Studebaker has for the owner's comfort. Innumerable little refinements, all of which go to make up the owner's satisfaction, are exceedingly well worth your attention. Both in beauty of line and every finished detail, the Studebaker "SIX" is a very attractive car.

Mechanical Advantages
The motor design of the Studebaker "SIX" is characteristically clean, simple and efficient. The cylinders are cast in bloc, warranting perfect alignment and rigidity, and the pump and magneto are set on a cross shaft in front of the motor, where they operate silently and at the same time leave the valves completely accessible. The four large crank-shaft bearings of this motor insure long life and even running. So finely, too, is the crank-shaft proportioned, that it will balance perfectly in any position. In the rear axle beautiful design is to be found. The axle shafts are of nickel steel, and the whole assembly is what is known as a full-floating axle. All the weight from the wheels is carried on the housing, and thus the axle shafts are relieved of all road shocks. The springs are long and very resilient, so that any roughness of the road is always cushioned.
