A wedding of much interest was celebrated yesterday afternoon at the Portland street Methodist church, when the pastor, Rev. Neil McLaughlin, united in marriage Miss Helen M. Higgins and George I. Higgins, both of this city. Among the many hand-some presents received were a fine mahogany clock from the firm of W. St. Thomas & Co. and a silver service from the employees, the bride having been a member of "Thorne's" sales class; a case of silver from Hall & Fairweather, with whom the groom is employed, and an electric table lamp from the staff. Immediately after the ceremony the happy couple left for a trip to New York via Toronto and Niagara. On their return they will reside on Portland street.

**Hunt-Kelliker.**

At the Cathedral, yesterday morning, at 9 o'clock, Philip Francis Hunt and Miss Mary Patricia Kelliker were married with Nuptial Mass by

Rev. Wm. Duke. The bride's assistant was Miss Catherine Morrison. The groom availed himself of the services of his brother, John. Following the ceremony the bridal party repaired to the residence of Mrs. Philip Dooley, the bride's parents, at 1000 St. John street, where breakfast was served. The happy couple later left on the S. S. Governor Dingley and the honeymoon will be spent at Boston, Fall River and New York. The presents were numerous and included a chest of silver from O. H. Warwick Co., limited, King street, where the bride had been on the sales staff for several years.

**McGormick-Geary.**

Miss Marie G. Geary, daughter of Mr. and Mrs. Lawrence Geary, Hill street, Fairville, and William Paul McGormick, preventive department, Customs House, were married at 8 o'clock yesterday morning, with Nuptial Mass at St. Rose's church, by Rev. Charles Collins. The bride's sister, Mrs. Louis Connors, Fairville, and her husband were the witnesses.

Following the ceremony, a wedding breakfast was served at the home of the bride's parents, the happy couple afterwards leaving by train on a honeymoon through the Eastern States. On their return Mr. and Mrs. McGormick will reside at Mill street, Fairville. The wedding presents were numerous and appropriate.

**Dever-Brown.**

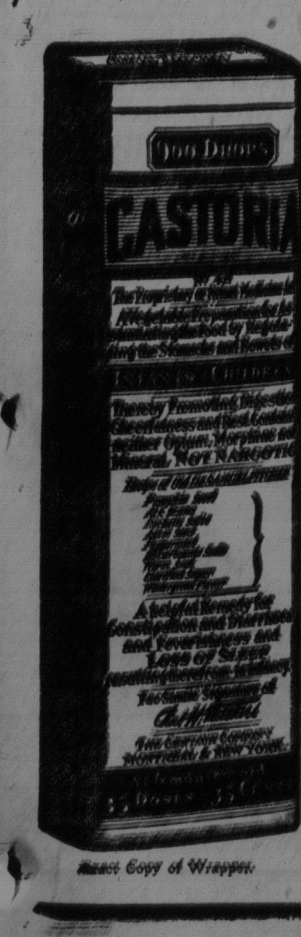

A wedding of popular local interest took place yesterday morning with Nuptial Mass at Fairville, Queens St. St. when Father Hanigan united in marriage John T. Dever, of North End, and Miss Sadie Brown, of Public Landing. The groom was attended by his brother, Harry, while his sister, Miss Nellie Dever, was bridesmaid. Many useful and valuable wedding remembrances were received from numerous friends with whom the bride and groom are very popular. **Honest Advertising.**

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Fletcher's Castoria is strictly a remedy for Infants and Children. Honestly advertised as such, without a claim for more than its over 30 years of use have amply proven. A Baby's remedy for Babies. And not an adult's remedy for all the family and all the ails that human flesh is heir to.

**Children Cry For Fletcher's CASTORIA**

**Special Care of Baby.**

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-up than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for infants and children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

**REPRESENTED CUBA IN INDIA; TAKES OVER CONSULATE HERE**

Senor Don Jose Orlando Ferrer Comes to St. John as Consul for Little Republic—He is a Great Admirer of British Institutions—Is a Writer of Note.

Senor Don Jose Orlando Ferrer, who yesterday took over direction of the Cuban consulate, comes to this country for the first time from India where he has been representing his government for the last four years.

The personality of the new consul is most attractive, his command of the English language is complete, and his tall, athletic figure offers a great con-

Senor Don Jose Orlando Ferrer

trast to the popular opinion of men of Latin-American countries.

While in India Senor Ferrer spent much of his time studying the country and the characteristics of its inhabitants, and possessing marked talent as a writer, he has painted the mystic, beauty and richness of India in some exceptionally fine articles which have been printed in La Bohemia, El Pinar, and the other illustrious journals of Cuba and South America. His pen name, Don Alba, has appeared over many interesting accounts of Indian life in the papers of Spanish-speaking countries, and his efforts in describing his native land and its customs to the mystic east through the press, have undoubtedly resulted in establishing a nearer intimate cordiality between the countries.

The Indian social system is formed somewhat similar to that of the human body, the highest caste is the Brahmins, likened to the head or brain, then the Kshatri, or warrior class, the Vashtri or trunk, the Sudras, or lower limbs and below all the coolies.

**Indian Population.**

In Calcutta, where the coolies lived besides the large colonies of British and Americans, there were Mussulmans, Hindus, Parsis, Armenians, Persians and Jews, the whole making a most picturesque and motley populace, with the Occident and Orient meeting in this great town of over a million inhabitants.

Clothing is a very simple question in India, the coolies finding a loin cloth sufficient, the workers getting good protection and long wear from a short or long shirt-like gown and the grade and cost of the garments rising with each class until it reaches the princely robes of the native potentates.

Senor Don Ferrer is a strong admirer of the system of British imperialism, and through the courtesy of the viceroy of India, and the native Indian princes, was given exceptional facilities and opportunities to study the application of that system at first hand.

Calcutta and other Indian towns had long held a reputation for being unclean and unsanitary, but due to the efforts of the British government, wonderful improvements have been made, though against the opposition of the natives, who still cling to their custom of defecating in the streets.

For example the natives will not drink water that comes from a pipe which a white man laid down; they will not use the same dish of food that a white man has used; and in every other respect hold themselves aloof from the encroachments of the conquering race.

**"Was Wonderful Surprise To Me"**

Mrs. Chambers Says Tanlac Helped Her Beyond Words to Tell — Husband Also Benefited.

"I have been benighted beyond words to tell," said Mrs. Annie Chambers, of 381 Portage avenue, Winnipeg, as she purchased her third bottle of Tanlac at Liggett's drug store, recently.

"Ever since we came over from the Old Country, nearly a year ago," she continued, "I have been in a terribly run-down condition and suffering with my stomach. I can't say what the exact trouble was, but I do know I felt miserable all the time. I first thought that maybe the change in climate had something to do with it, but I kept getting worse all the time. I lost my appetite almost entirely, and what little I did eat was just by force. I had no energy and felt tired and worn-out all the time, just like I wanted to get in bed and stay there for a month without moving. I felt so drowsy and listless all the time that it was actually an effort for me to move around. I simply had to force myself to do my housework and when I got through I always felt completely exhausted. I was restless and nervous, suffered most of the time with a dull pain in my head, and what little sleep I got never did me any good, and it took every bit of my will-power to get myself out to bed in the mornings.

"My husband was in almost the same fix. So we decided, after seeing Tanlac so highly recommended, to try that medicine and it proved a wonderful surprise to me. Before I had taken my first bottle there was the greatest change in the world in my feelings. It just seemed to tone up my whole system, and my appetite got so good that I could hardly wait for meal time. I don't think I have ever gotten more pleasure out of eating, because everything tastes so good, and I can eat the heartiest kind of foods without ever having that bloated, uncomfortable feeling afterwards. The headaches and that tired, worn-out feeling have left me and all my strength and energy have come right back to me. I don't feel any longer just like a child and get up in the mornings feeling rested and refreshed. My husband has been benefited the same as I have and we are both glad to recommend Tanlac to everyone. I hesitated, before consulting him, about giving a statement, but he told me to go ahead and as we have received so much benefit that it was our duty to let others know what a wonderful medicine Tanlac is."

Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro and the personal direction of a special Tanlac representative.—Advt.
