### NOTICE TO MARINERS.

Sandy Hook, Oct 31, 10.30 p m-The lights in Gedney Channel are extinguished. Tompkinsville, Oct 31-Notice is given by the Lighthouse Board that the Old West End pier bell buoy, Coney Island Channel, New York lower bay, has been discontinued this date owing to damage by collision. Repairs will be made and the buoy replaced on its sta-tion at the sarliest practicable date. These remedies are combined in loz enge form, pleasant to take, and will preserve their good qualities indefinite-ly, whereas all liquid medicines rapidly lose whatever good qualities they may

And this claim has been proven by sc-tual experiorents in the following man-ner. A hard boiled egg cut into small pieces was placed in a bottle containing warm water heated to ninety-eight de-

Jigested as it would have been in a heal-thy stomach. This experiment was un-dertaken to demonstrate that what it would do in the botile it would also do in the stomach, hence its unquestion-able value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion but coarcely two will have the same symp-toms, Some will suffer most from dis-trees after eating, bloating from gas in the stomach and bowels, others have acid dyspepsia or heartburn, others pal-pitation or headaches, aleeplesness, pains in chest and under shoulder pains in chest and under shoulder blades, extreme nervousness as in ner-

blades, extreme nervousness as in ner-vous dyspepsis, but they all have same cause, failure to properly digest what is easen. The stomach must have rest and assistance and Stuart's Dyspepsia Tablets give it both, by digesting the food for it and in a short time it is restored to its normal action and vigor. At same time the Tablets are so harmless that a child can take them with benefit. This new preparation has already made many astonishing cures, as for instance, the following: After using only one package of Stuart's
