Proceedings in Probate---Bishop Casey Gives Evidence-- Watching the Canadian Fish-Mrs. Travers' Counsel Seeks to Prove the Late ing Interests Prelate Had Private Means.

Halifax, May 29.—(Special)— The vigilance of the Canadian fish-erics protection fleet is helping the shore fishermen. Mackerel are plentiful all along the coast from Cape Sable to Louisburg, and the fish are keeping within the three-mile limit much to the disgust of the American seiners on the coast.

One day the fish took a notion to

### Races at Springhill.

Races at Springhill. The announcement of a two days' race neeting, to be held at Springhill, N. S., on June 29 and July 1, will be found on an-other page of this issue. As this will un-dcubtedly be one of the best events of this season, the committee are particularly andi-ous to keep the announcement before the public, so that all may be informed as to dates and the importance of the events. Every possible effort is being put forth to make this race a great success. The track which has been widened and graded since last season, is now in perfect condition. A new judges' stand and six additioned stables are under construction. The satisfactory arrangements, together with the large purse of \$1,200 will certainly bring a fine field of horses. The dates have been mide to in-clude Dominion day, so that all may have a better opportunity of being present.

SPORT.

Afternoon Games.

Yesterday, before Judge Trueman, in the probate court, the will of the late Bishop Sweeny was being proved in solemn form. Bishop Casey, who was the first witness, testified to the execution of the will. He said that he was called to Bishop Sweeny's room by him, and in the pres-ence of Father McMurray and Mr. P. Gleeson Bishop Sweeny said to witness that the document was his last will and testament and he leaves everything to his successor.
