FREDERICTON.

Fredericton, May 10 .- Reports from the Gibson company drives on the Nashwaak and tributaries are of a most encouraging nature. The Arnold Brook drive in charge of Scott Young is all in safe water, and the Cross Greek drive is expected to get out tomorrow. It is believed that the whole drive will be out in the course of a few days' as the conditions are very favorable.

favorable.

A rise in the river is expected as a result of today's rain. Very little word is coming in from the main river drives. Men who arrived here last night from up river stated that R. A. Estey's drive on the Rockaway stream was coming along wonderfully and it looked as though he would make two records this season. Another gentleman who had come down from upriver said that he understood that Robt. Artken's drive on the Machias was coming along very slowly and that the stream was dry but the rains of last night and was dry but the rains of last night and today should help them, it is felt. From Chatham it is reported that there was a fine rain all morning and that at noon i
