Minister of Marine Scores the Unholy Alliance Between the Castors and Conservatives and Denounces Bourassa as a Vilifier of Laurier Because He Failed to Get an Office.

St. Hyacinthe, Que., Aug. 13—A political meeting probably unprecedented as regards the amount of invective and vituperation injected into the speeches and the amount of bad temper displayed, oc-curred here this afternoon when Henri Bourassa and Hon. Mr. Lemieux, together ith lesser lights, met in joint debate. From the very outset it was seen that ds of appreciation but coming down to

words of appreciation but coming down to pointed personalities at once.

The crowd seemed to take to this style of debate and cheered wildly, surging around the improvised platform so that it was in imminent danger of collapse. Never had such a huge crowd been gathered together in this district. Both parties had made great preparations and thousands came to this city on the dozen special trains which were run by the organizers from Sherbrooke, Farnham, Montreal and Quebec. Bourassa had lied and continued to lie through the Devoir. He was a disappointed office seeker who had turned against Laurier on this account and had slandered and vilified him. Mr. Bourassa had said again and again that he (Mr. Lemieux) compared with 14.375 cents per lb. at Bos would be afraid to meet him in joint debate. Afraid of what? He had borne the per lb. as compared with 7 cents at Boston Liberal standard in the province of Que-bec for fifteen years and had no reason to

fear Mr. Bourassa.

He proceeded to denounce the hybrid alliance of Castors and Imperialists, and stated that Mr. Bourassa and Mr. Lavergne with all their elaborate claims were no true friends of the French-Canadian. As for himself, he (Mr. Lemieux) had his record to stand behind him and this would show that he had always supported and defended French-Canadians and French institutions with zeal and common sense, tions given by Hon, Mr. Pugsley to t Laurier and Brodeur, he eulogized and answered the attacks of Mr. Bourassa directive ternoon. vital point at issue but was interrupted by cries of "No, no, the navy." He continued, however, to bring up arguments in favor of reciprocity and was finally given a fair hearing, and a great deal of applause. Mr. Bourassa, as in previous speeches, passed lightly over reciprocity declaring that the navy bill, which would be a surrender of autonomy was the great question and denouncing Laurier for this most iniquitous measure. He answered Mr. Lemi-eux's personalities by giving him the lie again and again. The meeting concluded by speeches by a number of local orators.

> NATURE WILL CURE YOU Of Kidney Disease, Aided by Father Morriscy's No. 7.

Kidney trouble is one of the most distressing ailments of mankind, and leads to backache and rheumatism. This is because of the importance of the work done by the kidneys,—work which mus proceed normally to insure good health
A very large proportion of civilized
people have some form of kidney trouble
sometimes without knowing that their
malady is of that nature. Many obscure pains can often be traced to diseased kidneys. These organs are the filters of the body. Their function is to strain out of the blood and eliminate through the bladder the

worn out tissue and other impury gathered by the blood in its course. When the kidneys become conge and sluggish, these impurities, incli the irritating and poisonous uric not entirely removed from the The result is that the uric acid is deed in the joints and tissues, causing agonies of rheumatism and freque affecting the liver and other organs.
