"All the world's a stage
and all the men and
women merely players."

THE GLICK STOCK CO.

The Glick Stock Company closed their engagement at the Opera House Saturday night in a blaze of glory presenting the melo-drama of *Falsely Accused*, the melo-drama of *Falsely Accused* in their repertoire and the best of satisfaction all of the company being seen at their very best, as all parts fit like gloves and this fairly ate them up. It was indeed as rare a treat as the patrons of the House witnessed for many a day. The play is of the heroic kind and many strong points appealing to the public, and were all roundly applauded. The ladies and gentlemen of the company were determined to have the name of the Glick Company remembered for the future, and they made no mistake in Saturday night's play, and they will be as warm as the sun on their return as any company as ever appeared here. Geraldine Godley appearing as Click again captivated her admirers, while Lela Glick as Mabel West, and Mrs. Sinclair, the stern mother, fairly outdid herself, and Miss Hamilton as Florence dressed and played her part to perfection. Of the gentlemen of the company little need be said, as they are capable at all times. Jas. Godley appeared as Stone, a villain of the deepest dye, and played it in his usual fine manner. M. J. Kennedy as Orell played the part with a dash, evoking hearty applause. A. C. Davis as Robert did very well. Robert Turner as the old hunter was all that could be desired. Last, but not least, the veteran Glick was called on for the part of Larry, and made a big hit. The company made many friends while here, and were loud in their praise of the press, and in return we wish them success, and will come again.

Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.

This advice comes from a woman who has suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.
This great medicine for women establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.
Read Mrs. Kempson's letter and, if you are sick, follow her advice.
"Although it has been quite a time since I wrote you," says Mrs. Fred Kempson, of Cambridge, Hillsdale Co., Mich., Box 57, "still your name is a blessing in our house, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your Favorite Prescription. When I think how I was five years ago and then see how I am now, I say, God bless Dr. Pierce's works and may he live long to help poor suffering women. I have never had any return of my weakness and am well and hearty. Can do all my own work from the grave when all others failed. I advise suffering women strongly to take Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."
Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.

THE FEAR OF HUMBAG

Prevents Many People From Trying a Good Medicine

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such people, however, are in reality never being humbugged, especially in medicines.
This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.
Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and mix. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.
Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.
Stuart's Dyspepsia Tablets (taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh, and appetite and many other troubles which are often called by some other name. They are sold by druggists everywhere at 50 cents per package.

THE MARKET REPORTS.

Grain is Firmer—Live Stock Trade—Latest Quotations.

Friday Evening, Feb. 27.
Toronto St. Lawrence Market.
Trade was fairly brisk at St. Lawrence Market to-day. The receipts were fairly large, those of grain totalling 2,900 bushels.
Wheat—The market for white wheat is about steady; 200 bushels sold at 72½¢ per bushel. Red is firmer, 300 bushels selling at 72½¢ to 73½¢, and goose is about steady, 400 bushels selling at 67½¢ to 68¢ per bushel.
Barley—The receipts were quite heavy and prices are ½¢ easier; 100 bushels sold at 51¢ to 52¢ per bushel.
Oats—Are about steady; 1,000 bushels sold at 55½¢ to 57½¢ per bushel.
Dressed Hogs—There was a good run of stuff offering and trade was fairly brisk. The market is about steady, with perhaps a little easier feeling. Quotations are unchanged at \$2 to \$2½ per cwt for light weight hogs and \$7.75 to \$8 for heavies.
Hay—About 40 loads were on the market and prices show an advance of about \$1 per ton. No. 1 timothy is quoted at \$12 to \$15 per ton and mixed or clover at \$9 to \$9.50.
Straw—The market is quoted steady at \$8 to \$9 per ton. About eight loads were offered to-day.

Toronto Live Stock

Trade at the Toronto Cattle Market to-day continued rather dull, the demand all round being no better than it was yesterday. The few offerings were light, and the percentage of good stuff was not large. Dealers say, however, the market is holding up better than might be expected considering the conditions of other markets. Prices generally are about steady. The total run amounted to 30 cars, including good cows and sheep and lambs, 80 hogs and 20 calves.
Export Cattle—The market showed very little change from yesterday's business. The offerings were light and there was not much stuff wanted. There is very little shipping space water-tight. The English Government's refusal to admit Canadian cattle, dealers express the opinion that the market will be long and flat, and that it will soon be removed. Prices to-day were fairly well maintained, about \$4.20 to \$4.50 was paid for good cattle, with perhaps as high as \$4.50 for a few lots of extra good stuff.
Butchers' Cattle—The demand for butchers' cattle was brisk enough to absorb the rather light run on the market this morning. The offerings were of fairly good quality and most of the stuff was sold. Prices were fairly well maintained, possibly on behalf of the short run. About \$4 to \$4.50 was paid for good cattle, with perhaps a little more for a few extra choice stock.
Milk Cows—The market continues about steady. There were few cows on the market offering and prices are about steady. Some good cows are wanted. Stockers and Feeders—The run was light and generally of poor quality. Prices continue about steady.
Sheep and Lambs—The market was about steady, with prices unchanged. Trade in lambs was rather dull, the receipts being somewhat too heavy for the demand. Prospects are about steady all round.
Calves—There is no change in the market and prices remain steady at \$2 to \$10 each, and 4 to 6¢ per lb. for veal.
Hogs—There was a fair run of stock, which was all sold early. Prices continue unchanged, with prospects steady.

VARICOCELE NERVOUS DEBILITY CURED.

If you have transgressed against the laws of nature, you must suffer. Self abuse, later excesses and private diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Sidney, of Toledo, says: "At the age of 14, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had great hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The drains ceased, warty veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my sexual organs vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."
