My dear Mr. King
Your very delightful letter
and photographs received. I am very
much interested in seeing the two stages
of your mother's relief, but comparing
them to the photograph of the painting
they do not convey to me the same
quality of the subject.

I hardly think it possible to do any
resembling on the relief for neither
the technique, nor the conception of
the subject would permit the work-
ing of another personality.

I would be very much interested in
the modeling of a new portrait relief
of your mother and if she could
just come to N.Y. a few unre-
solved photographs if possible in
the same pose as the painting
would be all that I would
require.
