January 22, 1917.

Respected Sir,

I have to acknowledge the receipt of your letter of the 10th instant in reply to mine regarding the complaint that work was being done in the blacksmith shop of the Qu'Appelle Industrial School for the public.

It is the desire of the Department that you adhere strictly to the policy that no work of any kind shall be done at the school which might be considered in competition with outside persons, so that there will be no further cause for complaint.

Yours very truly,

James A. Chitt

Deputy Superintendent General.
