

• SCROFULA. •

SYMPTOMS :

**Tumors, Abscesses,
Sore Eyes, Thick Lips,
Soft Muscles,
Enlarged Neck,
Swollen Glands,
Wasting of Flesh,
Pallid Complexion,
Chronic Skin Eruptions.**

THIS disease affects, in one form or another, probably twenty per cent. of the human race. All those dangerous and distressing diseases, such as hip joint diseases, white swellings, unsightly eruptions, spinal curvature, are caused by scrofulous taint. In children, this inborn taint is often manifested by softening of the bones (rickets), obstinate skin diseases, etc. Scrofula is the sure forerunner of consumption, and demands prompt medication to eradicate it.

CURE.—The body must be well nourished while the poison is being eradicated from the blood by the alterative, tonic and purifying properties of Burdock Blood Bitters, the best anti-scrofulous medicine ever devised. It is an indispensable remedy in scrofula, scrofulous diseases, eruptive diseases, chronic skin disorders, glandular swellings, ulcers, abscesses, and all the results of scrofulous taint (however acquired) from a common pimple to the worst scrofulous sore. All foul humors, impurities and effete matter are removed by the action of B. B. B. upon the excretory organs, the bowels, kidneys and skin, while the whole system is rebuilt, strength returns, and the disease is gradually but surely eradicated. The best results are attained by applying B. B. B. externally to the parts affected, besides using it internally as directed.

SCROFULA IN THE HEAD

CURED BY B. B. B.

GENTLEMEN.—With pleasure I write these lines to tell you that through your wonderful B. B. B. I am now well after suffering for about ten months from scrofula of the head, which was so bad that I was forced to get my hair cut off short. After trying many medicines without success I commenced using B. B. B. and to my great delight one bottle completely cured me. I believe B. B. B. worth its weight in gold.

MISS ANNIE WENDT,

Trowbridge, Ont.

MRS. JAS. CHASE.

Worst Kind of Scrofula.

DEAR SIRS.—I had an abscess on my breast and scrofula of the very worst kind, the doctors said. I got so weak that I could not walk around the house without taking hold of chairs to support me. The doctors treated me for three years, and at last said there was no hope for me. I asked if I might take B. B. B. and he said it would do me no harm, so I began to take it, and before three bottles were used I felt great benefit. I have now taken six bottles and am nearly well. I find B. B. B. a grand blood purifier and very good for children as a spring medicine.

MRS. JAMES CHASE,

Frankford, Ont.

Scrofula Entirely Cured.

DEAR SIRS.—I have suffered very much from scrofula and bad blood for seven years past. Six months ago I commenced using B. B. B. internally and externally, and can now say that I am entirely cured and have been so for some time. To all sufferers I recommend B. B. B. as an excellent remedy for scrofula.

MISS A. B. TANNIER, Pictou, N. S.

Running Sore Cured.

DEAR SIRS.—It is with much pleasure that I express my gratitude towards you for the good B. B. B. has done me. Last summer I was sick two months with a sore leg; it kept running all the time. The doctors kept poulticing it with all kinds of stuff, but did no good, and I could not sleep at nights. Being advised to try B. B. B. to purify my blood, I did so, and after using two bottles my leg began to get better. I kept on taking it a good while, but after using the sixth bottle I was well, and have since gained flesh, and am in as good health as anyone now. Accept my cordial thanks.

A. C. DUFF, Montcalm, Que.
