Respectfully submitted, MAUDE CLARKE,

Treasurer.

REPORT OF MISSION BANDS

Madam President and

Ladies of the Convention:

With gratitude to Almighty God we make this annual report of the splendid work done by our Band members and by their leaders, for the year just closed.

Bands reporting have all made an advance along the lines of giving, service and spirituality, despite decreasing numbers, and the extreme youth of the average members.

The praiseworthy efforts and the wonderful achievement are entirely due to the Band leaders, all of them busy housekeepers, or tired business girls; many have served year after year, their reward for much sacrificial love, the "well done" of their Heavenly Father.

Where the Circle forgets its duty to the children there is not a Band, but we look to the day when every church will have a Mission Band, as well as a Circle; until that day our duty is being neglected.

During all the year little hands have been busy preparing lovely and useful articles for our Home and Foreign institutions; the schools in India and Bolivia, Feller Institute and Parson Memorial have all had a share, and the city poor have not been forgotten, little shirts, quilts, scarves, needle books, shaving balls, pencil balls, beads, hospital requisites, etc.

Some names chosen for Bands are suggestive of work undertaken as: Live Wires, Sunshine, Busy Band, Carry the News, Willing Workers-names to be lived up to.

The Group System has been found very effective in several Bands, allowing lessons suitable for each age.

For study helps there have been used, Link, Visitor, Brave Adventures, Children of the Big World, Tales of Great Missionaries, Glimpses and Gleams, Talks on American Indians, Life of Bunyan, the Use of Mite Boxes, and above all, Bible Study, where chil-
