NOTICE TO ENGINE BUILDERS.

Sealed tenders, addressed to James Dixon, Esq., chairman Water Commissioners, Windsor, Ont., and marked "Tender for Pumping Engine," will be received by the undersigned up to 12 o'clock, noon, on WEDNESDAY, THE 12TH DAY OF AUGUST, 1903, for the building and installing of one Horizontal Cross Compound High Duty Crank and Fly-Wheel Condensing Pumping Engine having a capacity of 3 millions imperial gallons in 24 hours against a domestic pressure of 30 lbs. per sq. in., or a fire pressure of 110 lbs. per sq. in. Each tenderer will furnish his own plans and specifications.

Time required to complete the work, including installing, must be stated in the tender. A certified cheque payable to the order of the Water Commissioners equal to 10 per cent. of the amount of tender must accompany each tender, which cheque in the case of an unsuccessful tenderer will be forthwith returned, but in the case of the successful tenderer will be retained until a satisfactory bond for the due performance of the work is executed, or if such successful tenderer for any reason neglects or refuses to execute a satisfactory bond within ten days after his tender is accepted by the Water Commissioners, said cheque will be cashed and the expense of re-advertising the work required and any additional cost of building and installing said Pumping Engine over the amount of his tender will be retained from the proceeds of such cheque.

The right is reserved to reject any or all tenders.
