

Why don't some flours behave?
Why don't they keep good?
Because they contain too much of the
branny particles, too much of the
inferior portions of the wheat—may
be little pieces of the oily germ.
Which act on one another—that's
why some flours "work" in the sack.
FIVE ROSES is the purest extract of
Manitoba spring wheat berries.
Free from branny particles and such like.
'Twill keep sound, and sweet longer than
necessary.
Keep it in a dry place, and when needed
you find it even healthier, sounder, fresher,
drier than the day you bought it.
Buy lots of **FIVE ROSES**.
It **KEEPS**.

Chapter XI. continued.

"Yes, I heard him say something
about columns."

"Oh!—then you overheard! Yes, they
are for the new synagogue that Morris
is building. Cohen is chairman of the
committee."

"And he is the banker, too, I sup-
pose?" rejoined Jack, in a tone which
showed his lack of interest in both man
and subject. It was Peter's ear he
wanted, and at once.

The old man's eyes twinkled: "Banker!
—not a bit of it. He's a tailor, my
dear boy—a most delightful gentleman
tailor, who works in the basement be-
low us and who only yesterday pressed
the coat I have on." Here Peter sur-
veyed himself with a comprehensive
glance. "All the respectable people in
New York are not money mad." Then,
seeing Jack's look of astonishment over
the announcement, he laid his hand on
the boy's shoulder and said with a
twinkle of his eye and a little laugh:
"Only one tailor—not mine—my boy,
was required to make Mr. Cohen a
man. And now about yourself. Why
are you not at work? Old fellows like
me once in a while have a holiday—but
young fellows! Come!—What is it
brings you here during business hours?
Anything I can help you in?—anything
at home?" and Peter's eyes bored holes
in the boy's brain.

Jack glanced at Miss Felicia, who was
arranging the roses Morris had brought
her, and then said in a half whisper:

"I have had a row with my uncle, sir.
Maybe I had better come some other
other day, when—"

"No—out with it! Row with your
uncle, eh? Rows with one's uncles are
too commonplace to get mysterious
over, and, then we have no secrets. Ten
chances to one I shall tell Felicia every
word you say after you've gone, so she
might as well hear it at first-hand.
Felicia, this young fellow is so thin-
skinned he is afraid you will laugh at
him."

"Oh, he knows better. I have just
been telling him how charming he must
be to have won Miss MacFarlane's good
opinion," rejoined his sister as she
moved her work-basket nearer her
elbow.

And then, with mind at rest, now that
he was sure Ruth had not heard, and
with eyes again blazing as his thoughts
dwelt upon the outrage, he poured out
his story, Miss Felicia listening intently,
a curious expression on her face,
Peter grave and silent, his gaze now on
the boy, now on the hearth-rug on
which he stood. Only once did a flash
illumine his countenance; that was when
Jack reached that part of his narrative
which told of the denunciation he had
flung in his uncle's face concerning the
methods by which poor Gilbert has been
ruined.

"And you dared to tell your uncle
that, you young firebrand?"

"Yes, Mr. Grayson, I had to; what
else could I say? Don't you think it
cruel to cheat like that?"

"And what did he say?" asked Peter.
"He would not listen—he swore at me
—told me—well, he ordered me out of
the room and had the lights put out."

"And it served you right, you young
dog! Well, upon my word! Here you
are without a dollar in the world ex-
cept what your uncle pays you, and you
fly off at a tangent and insult him in
his own house—and you his guest, re-
