WHEN REPLYING to advertisements on this page mention the FARMER'S ADVOCATE.

## Trade Notes

It's the same in many cases, little insignificant things can accomplish great feats with apparently little effort. You can steer immense ocean liners with your little finger.

Thirty years ago if you were told that a horse could pull up a tree stump three feet in diameter and anchored ten feet deep by hundreds of tough roots, you would have said, "hosh!", no doubt. Yet to-day one horse and a small machine can clear a big field of immense obstructions with little labor.

The W. Smith Grubber Co., of La-Crosse, Wis., are sending farmers who write them a big book free, which tells all about pulling stumps and a free trial offer. It's a very interesting book.

**NEW IDEAS IN THE CARE** and feeding of farm animals have brought to pass some radical changes in farm methods, greatly to the advantage of the farmer. As an instance, take what may be called the "tonic idea." It teaches the necessary use of a proper digestive and corrective preparation during the weeks or months in which an animal is being fitted for market.

While this is a comparatively new idea, its importance cannot be over-estimated. No one single feature of the "new farm science" touches the profit side of the business so directly as this.

It points the way to a vastly more prosperous era in cattle raising as a branch of farm operations. It means greatly increased profits and a business established on a permanent basis.

The "tonic idea" is a simple, common sense proposition that the feeder of livestock will instantly appreciate once it is brought to his attention. Every feeder knows that at some time in the fattening process there may come to the animal a more or less serious digestive break-down caused by a long-continued heavy feeding. No need to say that this disaster is to be avoided if satisfactory results are to be reached or a margin of profit realized.

The purpose of the stock "food tonic" then, is to correct and prevent just this dangerous condition, and as the "ounce of prevention is worth the pound of cure" it follows that no feeder can afford to wait until the mischief is done, but should keep the digestive apparatus of his fattening cattle in a healthy condition from the start by the use of the tonic.

Such men as Professors Winslow Quitman and Finley Dun indorse its ingredients and successful men are using it.

**DEHORN YOUR CATTLE**  
Wonderful how it improves them. Heifers develop into better milkers. Steers fatten quicker.

**KEYSTONE DEHORNER**  
does it. Cuts clean—hurts little—does not bruise flesh or crush bone. Write for free booklet.

219 Robert St. Toronto R. H. McKenna, Late of Picton, Ont.

## You will Live Twice as Long

where the climate is good. There are no blizzards, fuel famines, or frosted crops in Gulf Coast, Texas. Profits of \$30 to \$300 per acre can be made each year, and you can work out of doors in your shirt-sleeves every day in the year. Write for our free book, "Truth about Texas." It's free for the asking, and may point the way to a prosperous and contented future for you. We are the Largest Land Dealers in Texas.

**PICKERT-HAMMOND LAND CO.**,  
Opposite Grand Central Station  
HOUSTON, TEXAS]

## LET ME PROVE THAT

### 10 Acres of our Kootenay Fruit Land

I will sell it to you for \$5.00 a week.

WRITE TO-DAY FOR THE PROOF.

**W. J. McKIM**, Nelson, B.C.

British Columbia Fruit Lands

THE ONTARIO WIND ENGINE AND PUMP Co. owing to expansion of business and in order to comply with the Lien Law passed at the last session of the Saskatchewan legislature have opened an office in Regina at 2215 South Railway Street. This will be in charge of Mr. H. J. Ribble, the company's representative in that territory.

## Is The Fastest Growing Company In Canada

Over \$2,700,000.00 MORE insurance was written by this company last year, than in any previous year.

The expenses were \$10,224 LESS than in 1905, while the volume of business on its books was much larger.

Is it any wonder then that the whole Canadian people have confidence in the wise, conservative business management?

And they show their confidence by taking out enough insurance in The Mutual Life to make it the fastest growing company in the Dominion.
