

THE HOME BANK OF CANADA

ORIGINAL CHARTER 1854

There are many savings accounts opened with the Home Bank for special purposes; for instance—a householder may be saving up to make payment against a mortgage on his house; or to pay a premium on his life insurance. It is a regular practice with many Home Bank Depositors to open special accounts for such purposes and to withdraw the money at the end of the six months, or year, when they have sufficient to make the necessary payment.

A RARE OFFER TO NEW READERS

STRAIGHT TALKS--No. 1

For years Canadian farmers—supposed to be the most shrewd, practical, enterprising and up-to-date farmers in the world—have looked upon the "protective" tariff as a cause of prosperity. But times have changed. Thanks to the influence of the Association and the truths The Guide serves up week by week they now realize that the tariff does not benefit the farmer one iota.

Suppose a man pays out \$165 for a binder on which there is a tariff of \$25. He gets \$140 worth of machinery and \$25 worth of tariff. And yet he is told to think that he was not impoverished but prospered by this process. You may go to your local store and on your return tell your wife that you have brought her \$6 worth of sugar. But have you? By no possibility have you brought her more than \$4 worth. What becomes of the other \$2? The answer is easy. It goes into the pockets of the Tariff Barons for "protection."
