## WILL OVERCOME ALL OBSTACLES

### Temperance Men Hopeful

Worker Declares Plebiscite Must Be Held on Day of Civic Election

Temperance workers in the city in conversation with a reporter for The Sun last evening stated that they could see no difficulty in having the plebiscite taken the same day as the civic election.

Said one of the workers: "I cannot see where any complications will arise. I claim that it is quite necessary to have the plebiscite on the same day as the election. Under the C. T. A. election is supposed to be a secret one. You see that if the plebiscite is taken separately, an secrecy will be preserved, as it would be more understood that all come to the polls would vote against the liquor law. Therefore, I think that it is necessary to have the plebiscite held jointly with the civic election, as other persons would have another object in going to the polls.

"Regarding having different boxes, I do not think it would be desirable to have two boxes for the one box.

"The campaign work is about completed in each of the wards, where we are endeavoring to secure prohibition and there remaining nothing to be done but to get the names of the candidates for the mayoralty and to get the names of the candidates for the council. The names of the candidates will be placed on the ballot on Tuesday. The names of the candidates will be placed on the ballot on Tuesday. The names of the candidates will be placed on the ballot on Tuesday.

## ANNIS A "RASCAL" AND "SCOUNDREL"

Letter Produced Written By Thornton Hains to Julian Ripley

### POLICEMAN'S EVIDENCE

FLUSHING, N. Y., Dec. 23.—Nearing the close of his case against Thornton J. Hains as a principal in the killing of Wm. E. Annis, who was shot down by Captain Peter Hains, last summer, the prosecution today produced a letter written by the defendant which opens the way for Thornton Hains' lawyers to bring out the incidents in Captain Hains' marital relations which preceded and brought about the death of the publisher. The letter was written last June by the defendant to Julian Ripley, president of a publication of which Wm. E. Annis was manager, and in it the writer characterized Annis as a "rascal" and "scoundrel" and declared that he had him on a criminal charge for betraying his brother's wife.

"District Attorney Barris offered this letter in evidence as preliminary to the testimony of Mr. Ripley concerning a second letter from the defendant, which the witness destroyed. Justice Crane would not permit Mr. Ripley to testify concerning his possession of the contents of this second letter.

"The introduction of the first letter," said Mr. McFitzroy tonight, "was the way for us to show what events in Captain Hains' life, with respect to Mrs. Claudia Hains, brought about the shooting of Annis."

Witnesses Eugene Fallon furnished a bit of sensational testimony this afternoon when he said that during the morning of the shooting of Annis, he saw Thornton Hains and his wife and that he saw Annis being carried to the hospital.

"I would go down to hall to get him and kill him over again."

District Attorney Barris told Justice Crane just before the adjournment of court today that he had in his case either tomorrow or Saturday.

JUST WHAT HE WANTED

## PUGSLEY BRINGS CENTRAL INQUIRY DOWN TO FACTS

### His Evidence Clears Up Many Misrepresentations

That "W.P. \$5,000" Mystery Fully and Lucidly Explained

### Powell Caught in a Mays Statement of Dates, Like Hazen

The opening of the afternoon session of the Central Railway inquiry was delayed by the fact that the witnesses all came by the 12 o'clock train, which was a couple of hours late in reaching the city. Consequently, the proceedings did not commence until 1:30 p.m.

Before the court opened Mr. Mays explained that he had been called from the city by a telegram last night, and inquired if the court had discontinued any sittings in which they might be interested. His honor stated that there were vouchers of some kind for nearly every payment in any case, however, the vouchers in the case of Powell were not produced.

Q.—When the statement of Mays was read, did you see any discrepancy between the statement of Mays and the statement of Powell?

A.—Yes, I saw a discrepancy in the statement of Mays, in that he stated that he had been called from the city by a telegram last night, and inquired if the court had discontinued any sittings in which they might be interested. His honor stated that there were vouchers of some kind for nearly every payment in any case, however, the vouchers in the case of Powell were not produced.

## SENSATIONAL ARREST OF NORTH SHORE BURGLAR

### Shot at Jewelry Store in Campbellton, Got a Policeman at River du Loup—Tried to Draw Gun When Arrested

CAMPBELLTON, N. B., Dec. 23.—On the night of Dec. 14th the store of S. Rosenfeld, in the old Market street, was burglarized. The burglar was a man of about 30 years of age, and was seen by a policeman on the night of Dec. 19, when he approached a man on the street, near the Market building, apparently under the influence of liquor. He requested the man to move on and get out of the street, otherwise he would be obliged to arrest him. The man violently attacked the officer, and in the scuffle shot him, the bullet entering his back, penetrating his right lung. The wounded man fell to the street and the man, who made off, was seen by Henry Wilson, a constable, who followed him to the spot where he found the police officer and carried him to the police station near by, where medical aid was summoned.

"He is now in a critical condition," said the officer. "The police force summoned and all sections of the city were alerted. The fugitive was captured near the cemetery and brought back to the police station. When arrested he made a desperate effort to draw his revolver, which he had in his pocket, but was prevented from doing so by Officer Grand Mason, who made the arrest. When searched at the police station a new-fangled pattern revolver was found on the person, together with a quantity of rings, bracelets and watches, which were taken from the store by the burglar. The burglar was taken to the hospital on Tuesday on the charge of shooting a policeman. He was sentenced to six months in the penitentiary. The authorities are examining the contents of the safe, which was broken open at a point on the river. It is believed that the burglar was a man of about 30 years of age, and was seen by a policeman on the night of Dec. 19, when he approached a man on the street, near the Market building, apparently under the influence of liquor. He requested the man to move on and get out of the street, otherwise he would be obliged to arrest him. The man violently attacked the officer, and in the scuffle shot him, the bullet entering his back, penetrating his right lung. The wounded man fell to the street and the man, who made off, was seen by Henry Wilson, a constable, who followed him to the spot where he found the police officer and carried him to the police station near by, where medical aid was summoned.

## CORONER'S JURY SAYS ITALIANS SLEW PEDDLER

### Verdict Brought in Last Night

Foot of One of Italian Prisoners May Have to Be Amputated

"PLASTER BOOK," Dec. 23.—The inquest into the death of "Buddy" Green, the murdered Montreal peddler, was concluded here today and the jury, after about a half-hour's deliberation, brought in a verdict that he was murdered by a party of Italian men. The evidence given at today's session of the inquest brought out comparatively nothing new. A number of witnesses were examined and the verdict seemed to suit those interested in the matter.

W. P. Jones of Woodstock was again examined in the interest of Green and showed the most of the witnesses. Justice Bayliffe again presided at the inquest and the hearing attracted much attention.

Outside of the inquest further developments in the murder case took place today. Chief Justice Spence presided at the hearing and the hearing was somewhat uninteresting. The hearing was held in the afternoon and the hearing was held in the afternoon.

## JAPAN'S FINANCE REFORM APPROVED

### Unfloated Bonds no Longer to Be Included in Revenue

REGARDED AS SAFER

TOKYO, Dec. 23.—The Asahi regrets the increase of 1,000,000 yen in the shipping subsidies budget, which 400,000 yen are for the new line to South America. The reduction of the extraordinary revenue by 100,000,000 yen is approved because it indicates a return to a rational system of accounting, which means that the amount of unfloated bonds will no longer be included as revenue.

The proposed minimum appropriation of 50,000,000 yen to the sinking fund is indispensable to meet the 100,000,000 yen bond redemption in 1911.

The law demands that 100,000,000 yen be annually appropriated for the fund.

Mr. Nomura, director of the South Manchurian line, declares that the construction of the Chang Chun Kwan line will begin in 1909. Its completion will mean an enormous increase in the trade of the Sungari region. That of Taiwan is fast progressing, and will only 50,000,000 yen behind Min-Chwang in 1909.

There is the keepest tobacco competition in Manchuria. Japanese annual cigarette sales being 2,000,000,000 yen. American firm is supreme, and the Standard company monopolizes the oil trade. The chambers of commerce invite the business men of the Atlantic and central states to send delegates here in the spring.

## ECONOMY WILL BE WATCHWORD

### Decreased Revenue, Less Expenditure

DR. PUGSLEY TALKS

This Will Not Interfere However, With Work at Sand Point

That the government's expenditure may be kept well within the bounds set by the revenue the Minister of Public Works in conversation with The Sun last night stated that a curtailment of the department's operations throughout the Dominion would probably be necessary.

Dr. Pugsley, who in the city yesterday and will remain over for the holidays, said he, in speaking of the stand of affairs at Ottawa, "Many important works in progress will have to be laid over until the revenue will have justified the expenditures they will entail. This does not mean that they are to be abandoned this winter postponed.

Will Apply to All

The curtailment will apply to this as well as the other provinces of the Dominion. It means to the immediate neighborhood of the building of the wharf at Fort George Island will be deferred as well as the construction of the drill hall in this city, although the appropriation of funds for the site will be proceeded with and completed. For the most part, however, public works for the prosecution of which tenders have already been called, will be completed without delay.

Continuing, Dr. Pugsley stated that in view of the great public importance of keeping the expenditure down it is anticipated by the government that the people will generally approve of its course and will exercise patience necessarily.

The policy of curtailment will not interfere with the construction of the new wharf on the western side of the harbor, which will be pushed to completion as rapidly as possible.

Dr. Pugsley for the improvement of John's harbor, including the terminal of the G. T. P., are being completed. "I am not in a position to say what further work will be done during the coming year," said the Minister in concluding the interview.

## ITALIAN SLAYS WOMAN LOVE

### MONTEREAL, Dec. 23.—In full view of a dozen pedestrians in a narrow street, one of the residential streets of the city, an Italian peddler, who had been carrying a bundle of goods, was slain by a woman living with him for some time and who had been carrying a bundle of goods. The woman, who was living with him for some time and who had been carrying a bundle of goods, was slain by a woman living with him for some time and who had been carrying a bundle of goods.

## STEVENS MURDERER WAS FOUND GUILTY

SAN FRANCISCO, Dec. 23.—A jury of 12 men and 2 women, who had been examining the case of the murder of William White Stevens, a Japanese fisherman, by the Japanese peddler, who was living with him for some time and who had been carrying a bundle of goods, was slain by a woman living with him for some time and who had been carrying a bundle of goods.

## CHURCH DESTROYED

MONTEREAL, Dec. 23.—At 10:30 p.m. today a fire broke out in the parish church of St. Joseph, on the corner of St. Joseph and St. Louis streets, which was destroyed. The church was valued at \$50,000, and there was no fire insurance on the building. The fire was caused by a gas stove in the kitchen, which was overturned by a strong wind. The fire spread rapidly and the church was completely destroyed. The fire was caused by a gas stove in the kitchen, which was overturned by a strong wind. The fire spread rapidly and the church was completely destroyed.

## ANOTHER SERIOUS GUNNING ACCIDENT

### DALHOUSIE, N. B., Dec. 23.—A serious gun accident happened in Dalhousie yesterday. A young man named A. Fowler was carrying a rifle on his shoulder when he was walking on a road. He had a gun in his hand and was walking on a road. He had a gun in his hand and was walking on a road. He had a gun in his hand and was walking on a road.

## GUIDES HAD THEIR ANNUAL MEETING

FREDERICTON, Dec. 23.—The annual meeting of the New Brunswick Guides' Association was held at Queen Hotel today and was well attended. In the absence of President "Bill" Wattle, Vice-President Charles Christie presided. The president in his address expressed the opinion that while the present fishing season has been a disappointing one, it should be a profitable one. He advised the guides to be careful of their health and to be careful of their health and to be careful of their health.
