—Mr. Victor Rhodes has arrived in Medicine Hat with his stock. He passed through quite an experience on the way out.

At a meeting of the young men of Athens in Lamb's Hall last week the following committees were appointed to secure everything necessary to put a baseball club in the field this coming season:—D. B. White, E. S. Clow and C. R. McIntosh appointed to secure a field; A. J. Slack and C. W. Arnold, a canvassing committee. Mr. McIntosh was elected chairman and A. J. Slack, secretary. The committee have recommended the field owned by S. A. Taplin, back of A. E. McLean's residence. When the canvassing committee calls on you give them a hearty welcome.

## ALL THE NEWS OF THE TOWN

—Miss D. Klyne spent last week the guest of Harlem friends.

—The Farmersville lodge I.O.O.F. "At Home" is to be held this evening.

—Miss Laura Bullis attended the Paderewski concert in Ottawa on Tuesday of last week.

—Mr. and Mrs. E. DeWolfe, of Gananogue, spent several days in town last week the guests of friends.

—News has been received of the safe arrival of the Athens boys at their destinations in the North West.

—The B. & W. Railway received 3 car-loads of ties which have been placed on the track in this vicinity.

—Miss Ethel Mott, of Athens, is visiting her aunt, Mrs. Charlotte Stephenson, Bartholomew street, Brockville.—Times.

—Mr. Griffin, of the Township of Yonge, has a hen which lays eggs weighing about a quarter of a pound each. Not a bad kind of hen to own.

—Messrs. A. E. Donovan and R. J. Green, of Athens, were nominated to contest the riding of South Leeds in the Conservative interest on Thursday last at Delta, but withdrew.

—Wm. Hillis has had several sheep killed by dogs during this spring. On Friday one was killed outright and a couple of others were badly torn and they will very likely die. Some body will have a nice little sum to pay some of these days if the identity of the sheep killers can be established.

—A subscriber asks: "What is a jack pot, that I read about once in a while, and what seems to be the difficulty in getting it open?" A jack pot is one for properly cooking fish, and is especially recommended for suckers. It has a time lock, over the combination of which millions of people have burned the midnight oil in vain.

—VILLAGE VERSE STORIES.—The above is the title of a book of stories and conceits told in rhyme by Mr. Crawford C. Slack, of Athens. It is a readable and most entertaining book, and some of the pieces have a decided literary value. Mr. Slack is a genius in his way, though a modest one, as he says his book is "not a great work," and all he claims for it is, that "it is a common work intended for a common folk." It is more than that, however, and can be read with pleasure and profit by more pretentious people. The book is also a credit to the Athens Reporter office, where it was printed. It should have an extensive sale, and we shall be glad to hear that Mr. Slack has realized something handsome for his quaint brain work.—Gananogue Reporter.

—Every person who in his business life has dealings with a large number of people, is grateful for occasional words of approbation, and in that connection we would make heartfelt acknowledgements of approbation for the many kind letters and words of approval being received at present from friends who are renewing their subscriptions to the Reporter for another year. We have sought faithfully during the past year to make the Reporter just as good a paper for the village and the country round as we possibly could. Considerable money has been expended for additions to the plant, to the end that the paper might be always well-printed and readable. Each week our effort has been to get all the news possible. And we have not been asleep to the fact that a newspaper can be made a power for good in the community and have sought, in a humble way, to cast our influence on the side of right and justice, moral and cleanly living, civic pride and advancement. And while the homely old saying, "you can't please all the people all the time," is far from being forgotten, we are gratified to know that our work during the past year has pleased a goodly majority of them.

—Horses are commanding high prices in this vicinity this spring.

—Mrs. D. Fisher spent part of last week the guest of her son, in Brockville.

—Miss Arnold returned on Saturday evening from a visit to friends at Algonquin.

—The Epworth League of the Methodist church have undertaken to raise \$100 towards rebuilding the new church. We feel sure the citizens will assist in this worthy object.

—Mrs. C. H. Elliott has disposed of the old Baptist church bell to the counties' commissioners. The bell has been purchased for use at the House of Industry.

—Mr. and Mrs. Aaron Green, of Oak Leaf, entertained a number of their friends to a progressive pedro party at their cosy home there last Friday evening.

—NEW BAKERY.—Mr. George W. Scott, of Smith's Falls, has started a new bakery in Atitonto to be known as the "Domestic." Mr. Scott is an experienced baker and may be expected to furnish his patrons with good bread. George is well and favorably known to Athenians, he having spent several years here.

—It may not be generally known that there is a statutory penalty of \$15 against any maker of maple syrup who offers the same for maple sugar, when the product is adulterated with either cane or beet sugar. It may be a little late to send out this warning for this year but some vendors not a thousand miles from Athens would do well to keep the item in mind until next season.

—BASEBALL MEETING.—A meeting of the Athens High School Baseball Club was held on Thursday last in the lecture room of the school. The election of officers resulted as follows:—Pres., F. C. Anderson; Rec. Sec., Thos. Whaley; Fin. Sec., A. G. Parish; Committee, G. S. Barber, E. Barker; H. Jones and Jas. Cobey. The club has some very promising material and with some practice an excellent team should be put into the field.

—DEATH OF MISS ROSS.—Among the many deaths that have occurred in Athens during the winter, none has been more sincerely felt than has been occasioned by the death of Miss Annie Ross, daughter of Mr. James Ross. Deceased had been ill for several months past and endured untold sufferings until the angel of peace spirited her away on Thursday evening. Miss Ross was in her 26th year, and during her illness she was supported by her Christian grace and patience, which made it a pleasure for those about her to minister to her wants. She was a skilled musician, being until she was compelled by ill health to retire from her position, organist in George street Methodist church, Brockville. Miss Ross was a member of the Canadian Order of Chosen Friends and the local lodge placed a beautiful bouquet of flowers on her coffin and manifested their respect by attending the funeral in a body. There was also a bouquet of roses from the choir of Christ's church Sunday School, and also one of lilies from the choir of that church, and a wreath from H. H. Moore, who came all the way from Essex Co. to attend the funeral. The funeral, on Saturday afternoon, was largely attended, and was held to Christ church, where Rev. Rural Dean Wright conducted the last sad rites. The pall bearers were: H. H. Moore, Jasper Moore, H. Berney, B. Wright, E. A. Pickrell, and T. R. Beale. The many friends join in extending heartfelt sympathy to the bereaved father and family in their irreparable loss. Mr. and Mrs. Ross wish through the Reporter to extend to the citizens of Athens and surrounding country their heartfelt thanks for the many kind acts and sympathy extended during the sickness, death and burial of their daughter Annie.

## Your Nose

That is what you should breathe through—not your mouth.

But there may be times when your catarrh is so bad you can't breathe through it. Breathing through the mouth is always bad for the lungs, and it is especially so when their delicate tissues have been weakened by the scrofulous condition of the blood on which catarrh depends.

Alfred E. Yings, Esq., of Gananogue, Pa., suffered from catarrh for years. His head felt bad, there was a ringing in his ears, and he could not breathe through one of his nostrils nor clear his head.

After trying several catarrh specifics from which he derived no benefit, he was completely cured, according to his own statement, by

## Hood's Sarsaparilla

This great medicine radically and permanently cures catarrh by cleansing the blood and building up the whole system.

HOOD'S PILLS are the favorite cathartic.

—FLOUR PRICES REDUCED.—Good time to lay in a supply of extra quality and good value at the ATHENS GRAIN WAREHOUSE.

—David Murphy will again make cheese at Ormond, Ont. He leaves for the scene of his summer labors on Thursday morning.

—THE CHISHOLM MINE.—Experts visited Chisholm's nickel and molybdenite mines near Enterprise on Saturday, on the Bay of Quinte Railway, and report the mine very promising and the deposit very large, carrying a good percentage of molybdenite.—Kingston News.

—The funeral of the late James Fenlon, of Greenbush, was held here on Saturday. Service was held in the church of the Holmess Movement where Rev. A. T. Warren conducted the last sad rites, after which the remains were interred in the Methodist cemetery. A large gathering of friends were present to pay their respects to the deceased.

—The Scribe of the Reporter's houseboat, Lah-neo-tah, and steam launch, Sport, will be launched tomorrow, (Thursday). Some minor repairs are being made on the houseboat this spring including a new stove for the cook's galley, new rubber lever, new sail ropes and a water tank for the toilet room. About the last of this week a trip will be made down the lake in search of a string of ten-ponders.

—House cleaning is now on. Every housewife knows how necessary it is to watch for bed bugs as they will, by some hook or crook, get into the best of house keeper's beds. We have, after experimenting, got a remedy known as "Bugicidi"—a sure death to bed bugs, cockroaches, etc. It has been tried by many and all pronounce it the best they have ever used. Ask for it and you will find it is the stuff.
