BORDEN AT GLACE BAY

Addresses Audience of 2,000 People—Big Reception

Was Met at the Station By Brass Band—Platform Endorsed

Glace Bay, C.B., Aug. 23.—R. L. Borden, M. P., leader of the Conservative party; J. G. M. Bergeron, M. P., and C. E. Tanner, M. P., leader of the party in Nova Scotia, arrived here yesterday afternoon at 2.30. They were met by Rev. Dr. Thompson, J. C. Douglas, second vice-president of the local Conservative Association; C. M. Odell, resident engineer of the Dominion Coal Co., and others. The afternoon was spent in visiting all the surrounding collieries. In the evening Mr. Borden was escorted to King's Theatre, the procession being headed by the local band. The theatre was splendidly decorated and was filled to the doors, hundreds being unable to gain admission. The ladies were in full attendance.

Hundreds of people came from Sydney, North Sydney and other cities to swell the local attendance, and about 2,000 persons listened with interest to the addresses. On the platform were many prominent men and representatives of Cape Breton. At the opening of the meeting Mr. Borden was presented with an address from Cape Breton Conservative Association, endorsing his leadership and policy.

RIFLES AND PISTOLS USED

Guards Shoot Insane in Order to Quell Outbreak in Prison

One Man Killed and Several Wounded—Streams of Water

Schenectady, Aug. 23.—A special to The Gazette says: "One of the worst outbreaks among the insane prisoners in the history of Clinton Prison at Dannemora occurred Wednesday night. As a result, Isaac Dubois, one of the inmates, is dead, having been shot through the heart by a guard. Besides Dubois being killed, several others were injured with rifle shots. The insane prisoners were being marshalled to bed when, at a given signal, they rushed into the two big lower dormitories and slammed the doors in the faces of the guards. Having locked the doors, they proceeded coolly to set about making their escape, by smashing the doors and sawing the bars. Some of the less violently insane, however, helped the jailers.

"Seeing that the struggling convicts could not be reached through the big steel doors, the guards turned on them from the windows, with streams of water from the fire hose. This kept them at bay, but did not subdue them. The guards were finally obliged to use rifles and pistols, and it was after midnight before the uprising was quelled."
