Turo

Miss Ethel Read came from Truro to stay a while with her uncle and given instead of 50c, to which all heartily responded. A vote of thanks Joseph McLaughlin died on Fri- was then tendered the ladies for the supper they had prepared.

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary obswing tobacco.
Take a small pinch, for a start, and put it between the lower lip and gum, in the centre.

Afterwards you can increase the size of the pinch to suit the strength of the chew you desire.
Copenhagen is strong, because the tobacco of which it is made is out into fine grains, which makes it impart its strength thoroughly and

impart its strength tho

impart its strength thoroughly also quickly.

Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical other, but also one of the finest quality, being made of the best, ald, rich, high-flavored tobacce.
