severe and chronic trouble of the Throat Specialty. and Lungs can hard-ly appreciate what a truly wonder-ful medicine it is. The delicious sensations of healing, easing, clear-ing, strength-gathering and recovering are unknown joys. For German Syrup we do not ask easy cases. Sugar and water may smooth a throat or stop a tickling—for a while. This is as far as the ordinary cough medicine goes. Boschee's German Syrup is a discovery, a great Throat and Lung Specialty. Where for years there have been sensitiveness, pain, coughing, spitting, hemorr-hage, voice failure, weakness, slipping down hill, where doctors and medicine and advice have been swallowed and followed to the gulf of despair, where there is the sickening conviction that all is over and the end is inevitable, there we place German Syrup. It cures. You are a live man yet if you take it.
