General Intelligence

THE IRON BOUNTIES.

DESPATCHES FROM CHAMBERLAIN TO GOVERNOR-GENERAL RESPECTING THE GERMAN AND BELGIAN TREATIES.

OTTAWA, Aug. 9.—A bounty of $3 per ton is to be paid on all steel ingots manufactured in Canada after June 28, 1897, for five years thereafter, from ingredients of which not less than fifty per cent. of the weight consists of pig iron made in Canada. Regulations respecting these, and also the bounties of $3 a ton on puddled iron bars and $3 a ton on domestic and $2 a ton on foreign ore pig iron, are now being promulgated by the customs department.

The following is the text of the important despatch from Rt. Hon. Joseph Chamberlain to the governor general, giving the decision of the law officers of the crown in the treaties appeal argued unsuccessfully in London by Sir Louis H. Davies:

'LONDON, 5th August, 1897: Law officers advise that the crown is bound by the German and Belgian treaties in respect of trade between those countries and Canada, that the obligation in these treaties that the produce of Germany and Belgium shall not be subject to any higher or other duties, than those which may be imposed upon similar articles of British origin is absolute and unqualified, and as the United Kingdom has been admitted to the benefit of the reciprocal tariff, Germany and Belgium are entitled to it also.

'Law officers advise also that on the admission of Germany and Belgium the benefit of the reciprocal tariff must be extended to all countries entitled in Canada by treaty to most favored nation treatment in tariff matters.

'Notice was given on 30th July to terminate the treaties and in the meantime effect should at once be given in accordance with the undertaking given by your ministers to the law officers' decision and excess of duties levied repaid on demand.

'Despatch follows by mail.

'Signed, J. CHAMBERLAIN.'

Besides Germany and Belgium the full list of countries claiming in Canada by treaty most favored nation treatment in tariff matters are the following, viz:—Republic, Austria-Hungary, Belgium, Bolivia, Columbia, Corea, Costa Rica, Denmark, Dominica, France (Algeria and the French colonies) Germany, (Zollverein), Liberia, Madagascar, Morocco, Muscat, Persia, Russia, Salvador, South African Republic, Spain, Sweden, Tonga, Tunis, Venezuela. The above is an official list.

OTHERS FAIL—IT CURES!

DEAR SIRS.—From my own experience I can confidently say that Dr. Fowler's Extract of Wild Strawberry possesses true merit. It was the means of saving my little girl's life last summer. She was teething and took violent diarrhœa. Dr. Fowler's Extract of Wild Strawberry cured her, and I feel that I cannot say enough in its favor. 2w.

Mrs. William Arthur,
Teeterville, Ont.

THE STRIKING MINERS.

WILL MARCH ON SEVERAL COAL MINES—THAT HAVE RESUMED WORK.

PITTSBURG, Pa., Aug. 10.—Strikers at Turtle Creek have divided into three divisions and will march on the several mines now in operation. One party will go to Spring Hill mine, operated by Alexander Dempster, located near Wilmerding. This mine has been supplying the De Armitt Co. with coal. Another party will march to Oak Hill as usual and another company will go to Sandy Creek. The Boone mine at Canonsburg started unexpectedly yesterday, 35 men will march on and encamp about this mine until it is shut down.

PLANNED THE MURDER.

SAID TO HAVE BEEN ARRANGED IN LONDON.

LONDON, Aug. 10.—Foreign comment upon the assassination is less occupied with the political than with the anarchist aspects of the case. The press of all countries gives vent to the strongest denunciation of the crime and advocates stern measures against anarchy. Some of the newspapers indulge in a rather heartless vein, for instance La Perte Republique says.—"He who strikes shall himself be struck, the history of the Canovas ministry is written in blood. He revived antique barbarisms and deserved his fate.' This, however, is exceptionally cynical. All the respectable journals express sympathy. The Temps and Journal Debats think the murder will have but little effect on politics as from considerations of respect for the deceased, if for no other reasons, the queen regent is not likely to call the liberals to power. La Patrie declares that all the plans of such murders have been arranged in London, and suggested that the powers should combine to watch the country that protects these criminals? Without going so far as this, many German and other papers advocate combined European action to suppress anarchists. The Berliner Tageblatt asserts that Cilli was chosen by ballot for the deed by the London central anarchists.

MADRID, Aug. 11.—The Marquis de Busto, the Court physician, embalmed the body of Senor Canovas. The post mortem examination showed that the deceased was in an extremely healthy state and that the brain was unusually large. It showed also that any of his three wounds would alone have proved fatal. At the special request of Senora Canovas the body will lie in state at the private instead of the official residence of the deceased. The government plan was for a lying in state at the official residence. The Queen Regent has ordered special mass today for the repose of his soul. The government has decided to try the assassin by court martial.

He still defiantly declares that other startling crimes will follow. The police and government detectives are acting with redoubled vigilance and the government is in communication with foreign capitals on the question of surveillance of anarchists.

The special funeral train awaited the arrival of the cortege at Zumargara. Almost at the very moment of the transfer of the coffin from the funeral to the train a foreigner was arrested at the telegraph office. He is suspected of being an accomplice of the assassin. Senora Canovas watched by the body of her husband for two nights, one night with Senor Castelar and the other with Senor Castellano. She absolutely refused to take either food or rest, but discussed all the details of the funeral and only broke down on the road to Zumarraga when a severe nervous fit was happily relieved by a flood of tears.

IS IT ANDREES' BALLOON?

LONDON, Aug. 11.—According to a despatch to the Daily Mail from Copenhagen, Capt. Mortensen, of the Bark Anegar, bound for Dublin to Onega, at the mouth of the Onega River, on the White Sea reports that on July 13, when about two days sail on North Cape, the Northermost point of Europe, then being in Arctic waters, he saw a collapsed balloon, which he believed to be Herr Andrees.

THE BI-METALLIC ENVOY.

ENGLAND WILL NOT MAKE ANY HASTY DECISION.

LONDON, Aug.—In reply to Senator Wolcott respecting the participation of Great Britain in the proposed bi-metallic congress, Sir Michael Hicks-Beach said:—"It is due both to the importance of the subject and the manner in which it has been brought before the English Ministry by the representatives of two countries, that these proposals should be very carefully examined and considered: and this process must be somewhat prolonged, owing to the time necessarily occupied in communicating with the Government of India." The Chancellor of the Exchequer adds that he cannot say with certainty how long these communications will take, but he hopes the Cabinet will be ready to meet the envoys again early in October.

While this postponement of England's decision delays the work, the American envoys do not consider it discouraging. On the contrary, they think Great Britain's interest in the question justifies them in expecting that the Indian mints will be opened. They believe that the Times, in opposing the reopening of the Indian mints, does not represent the Government, but rather the city financial circle, which are opposed to any change. The report made to the Government from the mint is understood to be favorable to silver.

The headquarters of the commission will remain in London until October. Senator Wolcott may visit Austria in the meantime and pave the way for negotiations with the Austrian Government. The commissioners do not wish to approach other Governments until England's attitude is settled, as her participation in the movement, if secured, will aid in enlisting others. After receiving the English reply they will go to Austria, Germany, and Russia in that order.

Mr. James Maudsly, secretary of the Cotton Operative Spinners, has forwarded to Lord Salisbury a petition representing 350 labor organizations in all the industries, urging Great Britain to cooperate with other Governments in the movement now on foot to secure a stable par exchange for gold and silver.

INSTRUCTIONS TO CUSTOM COLLECTORS.

OTTAWA, Aug. 9.—The law officers of the crown in Great Britain having decided that Germany and Belgium are entitled under their treaties with Great Britain to the preferential schedule of the new Canadian tariff already extended to Great Britain, and that the excess of duty levied on German and Belgium goods since April 22nd last, the date the new tariff went into effect, must be refunded, the customs department to day sent out the following circular: "You are hereby instructed that the benefits of the reciprocal tariff of Canada under the customs tariff, 1897, extends to the following countries until August 1st, 1898, viz: Germany and Belgium. Until that date articles which are the growth, produce and manufacture of either of those countries when imported direct therefrom may be entered for duty or taken out of warehouse for consumption in Canada at the reduced rates of duty provided in schedule D of the reciprocal tariff, 1897, subject to the limitations and regulations. The excess of duty paid since the 22nd of April, 1897, on articles imported from these countries will be refunded if the claim therefor with satisfactory proof of origin and value of such articles and of their direct importation is made in the usual form through the collector of customs at the port where such duty was paid."

It is calculated that this refund of duty will amount to about $50,000 in the three months, which is a trifling amount. A cabinet council has been called for Wednesday afternoon to deal with Mr. Chamberlain's despatch.—Halifax Chronicle.

A CUBAN VICTORY.

THE CUBANS ROUT THE SPANIARDS WITH GREAT LOSS OF LIFE.

NEW YORK, August 11.—A despatch to the Herald from Havana says: 'Official information has reached Havana of a decisive battle between Loyal troops and insurgent forces in Matanzas. According to this information, the Spanish troops were routed, after a hard battle, with heavy losses.

This news caused a sensation in Havana as it is generally known that Capt. Gen. Weyler is now in Matanzas and there is a belief that the Spanish troops directly under him were those which suffered defeat at the hands of the rebels. However, if this is true, the Spanish officials here are taking great pains to suppress the fact.

Then, too, the knowledge in some quarters that Gen Gomez is due in Matanzas at about this time, with a large body of insurgents added to the interest in the battle. While there is no good cause to believe that Gen. Gomez was in the battle in question, there has for sometime been a seemingly well founded belief in Havana that Gens. Weyler and Gomez would meet in Matanzas. The Spanish loss of troops and officers was probably greater than in any recent battle. The Spanish troops were compelled to give way before the rebels, leaving many dead on the field.

A CALL TO BATTLE.

DR. DEWITT TALMAGE SENDS OUT A RINGING BUGLE BLAST.

It seems to me that it is about time for the 17,000,000 professors of religion in America to take sides.

It is going to be an out and out battle between drunkenness and sobriety, between Heaven and hell between God and the devil.

Take sides before there is any further national decadence, take sides before your sons are sacrificed and the homes of your daughters go down under the alcoholism of imbruted husbands.

If the 17,000,000 professors of religion should take sides on this subject, it would not be very long before the destiny of this nation would be decided in the right direction.

I tell you what any of you may never have thought of—that to-day, not in the millennium but to-day—the church holds the balance of power in America and if Christian people, the men and women who profess to love the Lord Jesus Christ, and to love purity, and to be the sworn enemies of all uncleanliness and debauchery and sin, if all such would march side by side and shoulder to shoulder, this evil would soon be overthrown.

Think of 30,000 churches and Sunday schools in christendom marching shoulder to shoulder!

How very short a time it would take them to put down this evil if all the churches of God, trans-Atlantic and cis-Atlantic, were armed on this subject.

What a hell on earth a woman lives in who has a drunken husband!

Oh death, how lovely thou art to her, and how soft and warm thy skeleton hand!

The sepulcher at midnight in winter is a king's drawing room compared with that woman's home.

It is not so much the blow on the head that hurts as the blow on the heart.

The rum fiend came to the door of that beautiful home and opened the door and stood there and said:—

'I curse this dwelling with unrelenting curses.'

'I curse that father into a maniac.'

'I curse that mother into a pauper.

'I curse those sons into vagabonds.'

'I curse those daughters into profligacy.'

'Cursed be bread tray and cradle.'

"Cursed be couch and chair and family Bible with records of marriages and births and deaths."

"Curse upon curse."

Oh, how many wives there are waiting to see if something cannot be done to shake these frosts of the second death off the orange blossoms.

Yea, God is waiting—the God who works through human instrumentalities—waiting to see if this nation is going to overthrow this evil, and if it refuse to to do so God will wipe out the nation as he did Phœnicia, as he did Rome, as he did Thebes, as he did Babylon.

Aye, He is waiting to see what the church of God will do.

If the church will not do its work then He will wipe it out as He did the church of Ephesus, the church of Thyatira, the church of Sardis.

The Protestant and Roman Catholic churches to-day stand side by side with an impotent look, gazing on this evil which costs this country more than $1,000,000,000 a year to take care of the 800,000 paupers and 315,000 criminals and the 300,000 idiots, and to bury the 75,000 drunkards.
