ALL REJOICE WITH CENTRAL

Other Denominations Present Their Congratulations

At a Platform Meeting In the New Church.

Proud of the Past and Hopeful For the Future.

The platform meeting in Central Church last evening was well attended, the members and adherents turning out in large numbers. Rev. Dr. Lyle was

The devotional exercises were con ducted by Rev. W. H. Sedgewick, prayer by Rev. S. B. Russell, of Erskine Church. Mr. Sedgewick then read a letter of regret from Mayor Stewart, who was unable to be present owing to the meeting of the City Council. Rev Dr. Lyle then gave an expression of thanks for what the congregation had done in the building of the church. There had been serious diriculties, he said, but all had passed over in a most satisfac-tory manner. There were many in the congregation who were unwilling to part with the associations of the old part with the associations of the old site, and it was, no doubt, with feelings of joy and sorrow that the new site was decided on. The decision to build farther in the southwest of the city had come after twenty years. There had been some talk of a sacrifice in the congregation in taking the church so far west, but he was happy to say that with all the difficulties that had attended the church, there was ample evidence that it was prospering, and the congregation was steadily growing. Some there were who might say that the building was not perfect, but all must agree on one point at least: that it was the most commodious church in the city, and to these men who formed the building committee, Dr. Lyle felt, there was great credit due.

Archdeacon Forneret, rector of All Saints' Church, was the next speaker, and in a felicitous manner scid that the of the church greatly reminded an English church, it being so and in a felicitous manner state that interior of the church greatly reminded him of an English church, it being so classical in its style. He spoke of the spirit of unity that is springing up in all the denominations, and stated that he was a heliever in Christian union. There was one fact that he wished to impress the congregation with, and that was that the church union that has been spoken of cannot be forced in any way. But by cultivating a Christ-like spirit, results are bound to be accomplished. He looked for, in united Christianity, more freedom in the church. He congratulated the people of Central on the cretion of the new building, and thought that it would give a new lease of life for the congregation. He hoped and prayed that every success would attend the church, which is bound to make a name for itself.

ame for itself.

Dr. Lyle then introduced to the congregation Mr. George Hope, the Chairman of the Building Committee, whose effi-dent work in connection with that im-

work of the architect, Mr. John M. Lyle, and thought it was a matter of congratulation to the pastor and his wife that they should have such a talented son. He thanked the committee and the congregation for the liberal manner in which they had supported the committee during all its trials and adversities.

Hon. J. M. Gibson, Chairman of the Trustee Board, who was highly complimented by Dr. Lyle for the work he had done, said he did not think his name should be any more honored than that of any other member of the congregation. He held that the congregation was entitled Unknown Man Plungs to the congregation for the liberal manner in which they had supported the committee during all-its trials and adversities.

Hon. J. M. Gibson, Chairman of the Trustee Board, who was highly complimented by Dr. Lyle for the work he had done, said hid not think his name should be any more honored than that of any other member of the congregation. He held that the congregation was entitled to the greatest credit for its share in helping to build the present church. He referred to the opening of the old church ity years ago, at which he was present, and contrasted the two events. He was very much impressed with one fact, and that was that the flocking to the church was officially opened, showed that each member took a personal interest in the building, which was much similar to the condition which prevailed at the opening of the old church ity years ago, at which he was present, and contrasted the two events he was very much impressed with one fact, and that was first left flocking to the church was officially opened, showed that each member took a personal interest in the building, which was much similar to the condition which prevailed at the opening of the old church fifty years ago, at which he was present, and contrasted the was every much impressed with one fact, and that was fathet flocking to the church was officially opened, showed that each member took a personal interest in the building, which was much similar to the condition which prevailed at the opening of the old church fifty years ago, at which the was according to the construction of the throngs of pleasure seek has been broken by the fall.

Treleaven, pastor of First Methodist Church, said it gave him great pleasure to bring the hearty greetings of the denomination to which he belonged to the congregation on the opening of Central Church. He referred briefly to the church union, and held that it would be only a matter of time before there would be a successful issue on that event. Rev. J. C. Sycamore, pastor of James Street Baptist Church, rejoiced with the Street Baptist Church, rejoiced with the montreast committee has proved a great boon and help to the congregation. There were no words of gratitude he could express that would show his appreciation of the efforts of Mr. Hope.

Mr. Hope felt that he had done only his small share in connection with the crection of the present edifice. He then gave a statement of the work that had been accomplished by the Building Committee. He laid particular stress on the work of the architect, Mr. John M. Lyle, and thought it was a matter of contract the contract of the provided in the contract of th

A TIP FOR EAT WOMEN

In a few years that excess fat of yours will become a bad habit —impossible to break. Better take time by the forelock and reduce now in a matural way if you would keep intact the youthful symmetry of 20 through the trying years of middle age. Go to the druggist and ask him for 1.2 ounce of Marmola, 3.4 ounce Fluid Extract Cascara Aromatic, and 4.3.4 ounces Syrup Simplex. Take a teaspoonful after meals and at bedtime. Mix them at home if you wish, but see that the Marmola comes to you in a sealed package.

the Marmola comes to you in a sealed package.

This mixture makes firm fleshed, well-formed women out of flabby, shapeless ones. It animates their stomachs to burn up the food fats instead of allowing them to gather at the waist line. Without disturbing the diet or requiring exercise to help it out it dissolves the fat away just where needed the most. It has been known to melt away harmlessly as much as 16 ounces a day without causing a single wrinkle.

The Parks Board last night instructed City Solicitor Waddell to draft a by-law regulating the speed of auto mobiles in all city parks to six miles an hour and in front of the Dundurn Zoo to three miles an hour. This action was thought necessary in view of the number of automobiles that pass through Dundurn Park and the dan-ger of serious accidents when the

"The entire staff under this conmittee has been engaged in rushing along the work of planting the flower beds of the various parks of the city and the work is now about complete. The plants are of a splendid quality, well advanced and stocky, and up to the standard in every respect. As soon as possible the men will be sent to North End and Woodland Parks to get the baseball grounds into condition for the summer.

"Complaints have been received about the dusty condition of the driveway in Victoria Park. The committee is arranging with the Board of Works to have the watering done by the city, as the one cart owned by the board is barely sufficient to keep Dundurn roadways in shape. The driveway on the Mountain was found to be in excellent condition, and your committee is anxious to proceed with the remainder as soon as satisfactory arrangements can be made with the tenant. The annual inspection held a few days ago will be productive of good results, it enabling the members of the board to get a good idea of conditions in the various parks, particularly the North End Park.

CRUSADE IN CHICAGO

Against Sale of Intoxicating Liquors In Disorderly Resorts.

Chicago, June 16 .- A crusade to stop selling intoxicating liquors in disorderly resorts and ultimately to drive these places out of Chicago will begin when indictments against twenty five or thirty of the keepers are returned by the grand jury to-day. Two indictments are the illegal sale of laquor and one for the illegal sale of laquor and one for maintaining a disorderly house. The evidence against these places, some of which are in the segregated district, was secured by detectives of the Law and Order League. The previous grand jury refused police regulation of the sale of liquor in these houses, and referred the evidence furnished it by the Law and Order League to the present grand jury. It is understood indictments by each succeeding jury will follow until this illegal practice is driven out of the indictments against twenty-five or thirty sliceeding jury will follow until this illegal practice is driven out of the city. The league has investigated ninety-cight resorts in Chicago, but in only a portion of these was evidence warranting a true bill secured.

DEATH OF MR. WM. DIXON. The residents of Caledonia and vicin

ity were greatly surprised and deeply grieved when it became known that Mr. William Dixon had passed away. On Tuesday Mr. Dixon was apparently enjoying the best of health and performed his daily duties as usual. During the early morning, however, he became sud-denly faint and although Dr. Morrow was summoned with all possible speed, he expired shortly after the doctor's arri-val, from heart failure. Mr. Dixon was born in Yorkshire, England, some 72 val, from heart failure. Mr. Dixon was born in Yorkshire, England, some 72 years ago, and when still a comparatively young man came to Canada. He was the eldest of a family of eleven. Mr. Dixon settled in Onondaga and resided there until he moved to Caledonia some fifteen years ago. This pioneer settler held many public offices in Onondaga, and fulfilled his many positions of trust with an uprightness and honesty justly commendable. Since living in Caledonia he has always commanded the highest respect and was much esteemed by those who knew him. As elder of the Presbyterian Church he was a zealous and faithful worker for many years, attending divine services regularly, and being foremost in all church work. For the past eleven years Mr. Dixon has held the position of Treasurer. He was twice married, his first wife being Mias Isabella Burness, of Seotland. Nineteen years ago Mr. Dixon married Miss Shorald, of Montrose, Seotland, who with one daughter remains to mourn the loss of a devoted husband and a loving father. Three brothers survive him, Mr. B. Dixon, of Hamilton, and two others living in the old country. The funeral took place on Saturday afternoon, the burial services being conducted by the pastor, Rev. Dr. Wallis, Mr. B. Dixon, of this city attended the funeral.

The family have the deepest sympathy of all tendered them in this their sudden bereavement.

HEAD ON COLLISION.

Two Steamers Crash Together While Out at Sea.

New York June 16.-With her bow peak flooded with water, the steamer Hugin, which sailed from New York for Cuba several days ago, limped back to port this morning with a story of a collision at sea. The other vessel, the British steamer Coya, bound from the west coast of South America, also was badly damaged, but she succeeded in reaching Norfolk without assistance. The collision occurred at 10.15 o'clock on the night of June 13, when the steamers were 128 miles southeast by south of Cape Hatteras. They met head-on, and as both were heavily laden, the impact was sufficient to shatter the bows of both vessels. Fortunately, however, no one on either vessel was injured, and after hurried temporary repairs had been made the steamers started for port. The Coya continued on to Norfolk and the Hugin turned about and eame back to New York for repairs.
