SCENES OF DISORDER IN S. WALES PARLIAMENT

**Speaker of House Ordered Constables
to Remove Four Liberals—Speaker
Himself a Rencade Liberal—Re-
fused to Permit Liberal Members
to Open Their Mouths**

Vancouver, B.C., Dec. 7.—There were wild scenes of disorder and excitement enacted on the floor of the State parliament of New South Wales at Sydney today, due to the drastic methods employed by Speaker Wills toward a number of the Liberal members.

Speaker Wills, who was elected to the Speakership as a Liberal, and attained the speakership by deserting his own party and crossing the floor of the House to the Labor side, that party being in power, today, under his orders four Liberal members were forcibly removed from the chamber by the police.

The trouble started when Wood, an ex-minister, who wished to make an explanation, was ordered to desist, but persisted until four constables twisted his hands behind his back and rushed him out amid scenes of great tumult. Following this the member for Namoi called the member for Murrumbidgee a "snob" with a strong prefix attached to it. The latter protested.

"Remove him," cried the speaker, and straightway the order was carried out. On the ground of interrupting business he had the member for Parramatta removed because he asked the speaker to remove the member for Namoi for using unparliamentary language. For the same reason he ousted the member for Middle Harbor.

This ended the excitement as no other Liberal member appeared willing to be a sacrifice, and the scene ended by the member for Namoi apologizing.

ARE CLOSELY WATCHING GOMPERS' MOVEMENTS

District Attorney in Indianapolis
Tells of Secret "Ring" With
Gompers in Wash. Action—Says
Federation Head is Very Touchy
Since McNamara's Denunciation.

Indianapolis, Ind., Dec. 6.—That the Federal government has been watching closely the movements of Samuel Gompers, president of the American Federation of Labor, was made known here tonight, when U.S. District Attorney Miller said of a secret Washington conference held between the labor head and Prosecutor Baker, of this county. The visit was made about the time the county officials were attempting to prevent the Federal authorities from gaining possession of the books and records obtained in a raid at the offices of the International Association of Bridge and Structural Iron Workers, when J. J. McNamara was arrested.

Prosecutor Baker admits that he conferred with Gompers, and says he intends to make a second visit next January. In reply to Mr. Gompers, who said the district attorney was mistaken, Mr. Miller said: "Mr. Gompers insists that his position is secure and his attitude combative, but he is very tender and touchy since his credibility was imposed upon by the statements made by the McNamara brothers."

LOS ANGELES TURNED DOWN THE SOCIALISTS

"Good Government" Candidates Are
Returned Headed by Mayor Alex-
ander, Women Voted Strongly For
the Anti-Socialist Ticket.

Los Angeles, Dec. 5.—Socialism grasped in a final struggle with its opponents under the "Good Government" banner at the ballot box today and was defeated. Prohibition, the other big issue in the municipal campaign, received scant attention from the voters tonight and the fate of the drastic "dry" ordinance remains uncertain, although the probability is that it has been defeated. The balance of power which the women were credited with having prior to the finale of the McNamara case last Friday, did not figure in the result. The victorious ticket consists of Mayor Alexander, and nine councilmen made up of bankers, lawyers, stockholders and realty brokers. On the defeated Socialist ticket, beside Harriman, the lawyer, there were one negro, junk dealer, a former editor of one of the local morning papers, two iron molders and several leaders of labor. One feature of the balloting was the scratching which was early apparent of Joseph A. Scott, candidate for re-election to the school board. Scott also was one of the attorneys for the McNamaras.

It became apparent early that the trouble expected to develop on account of the feeling engendered by the McNamara case would not occur during the balloting. Only three minor cases of trouble were reported.

Dardanelles to Remain Closed.
Vienna, Dec. 7.—A telegram from Constantinople says that Austria-Hungary, Germany and Great Britain all have indicated to the Porte that the opening of the Dardanelles would be dangerous to the peace of the world. They urged the maintenance of the status quo. The Porte has consequently informed Russia that the Turkish government is unable to comply with its wishes.

GERMAN REICHTAG HAS BEEN DISSOLVED.

Berlin, Dec. 8.—Decrees dissolving the Reichstag and fixing the date of the general elections for the new Reichstag on January 12th, were published today in the "Imperial Gazette." The existence of Prince Von Buelow's Reichstag, which was elected under such different auspices in 1907, is thus ended. The preceding Reichstag had to be summarily dissolved owing to an adverse vote connected with appropriations for military operations in Southwest Africa. The edict which was read in the Reichstag December 8th, merely prorogues and does not dissolve parliament, as it was desired that the members should be in a position of being called together in certain emergencies, which are now passed.

MANCHUS ARE BEING GOT OUT OF PEKING

Rebels Are Levying Toll on Officials
Whose Sympathies Are With the
Revolutionary Movement—Rising
of Manchu Soldiers is Feared.

Peking, Dec. 7.—The rebels are levying tribute on and obtaining subscriptions from Peking officials who draw imperial salaries, but fear to sympathize openly with the rebels. The rebels threaten they intend to dynamite and attack Peking. Some arrests have been made but the government is practically powerless owing to the timidity of the official class.

The student class is powerful in China and is enforcing extreme demands because of the racial timidity of the elders, who would be content with the limitations the members of the court have already imposed upon themselves. Precautions are being taken tonight against a rising of the Manchu troops, because of dissatisfaction over the regent's seemingly compulsory retirement, and the prospect of all Manchus, in consequence of this losing their pensions.

Manchus Being Moved Out.
Many of the Manchu troops have been moved gradually outside the city, the gates of which are closed overnight. The regent's residence is guarded by a Yuan Shi Kai's own Chinese troops. Much interest has been manifested in the mediation activities of Sir John Gird, the British minister, the extent of which is not known by the other legations, Chinese, who are to be relied upon, say requests have been made to the British legation with respect to refuge for the emperor in case of emergency. It is also reported that the American, German and Japanese legation have been approached on the same subject. There is no doubt that a plan has been arranged for the court to take refuge in the legation quarters if necessary.

INSURANCE BILL OF LLOYD GEORGE PASSES

Big Majority on the Third Reading,
The Unionists Abstaining From Voting—Given First Reading in
House of Lords.

London, Dec. 6.—Chancellor David Lloyd George's national insurance bill passed its third reading in the House of Commons tonight by a vote of 324 to 21.

The Unionists for the most part abstained in the amendment proposed by the bill, they considered it neither adequately discussed in the house nor explained to the country. Therefore they argued further consideration of the bill should be resumed in the next session.

The bill passed its first reading in the House of Lords today.

FRENCH PREMIER TRIED TO BU DOZE ALPHONSO

M. Caillaux Threatened Spanish
Dynasty if Spain Refused to En-
code France's Demands in Regard
to Morocco—French Premier a
Dangerous Element.

Paris, Dec. 7.—There is perturbation among politicians and diplomats over an alleged attempt by Premier Caillaux to bulldoze Spain in the matter of the latter's claims in Morocco, by threatening King Alfonso.

The Republic's Francois reported, and confirms from its own sources, a story which originally appeared in a Geneva paper, according to which M. Caillaux, in an attempt to re-establish his own threatened political position, tried a coup to settle the Franco-Spanish difference. According to the story, the French prime minister notified King Alfonso, through an intermediary, that he had resolved on decisive action, and if Spain resisted the Spanish dynasty might be seriously endangered. King Alfonso, on receiving this communication, retorted in a heated manner, "Spain is not Portugal." The Spanish king then informed Great Britain and other interested powers of M. Caillaux's amazing attitude. Just about this time Premier Caillaux, in talking with Sir Francis L. Bente, the British ambassador to France, made some astonishing remarks about the entente cordiale between Great Britain and France. These remarks created such a painful impression in London that President Fallieres was obliged to intervene and lessen their effect.

PERSIAN CABINET IS NOT BEHIND SHUSTER

American Treasurer-General Has
Been in Conflict With Cabinet
Ministers and Regent Over His
Refusal to Withdraw Soldiers
Upon Order of Regent.

London, Dec. 7.—A statement is printed, supposedly from an authoritative diplomatic source, to the effect that W. Stewart Shuster, the American treasurer-general of Persia, is supported by the leaders in parliament, but has been in conflict with the regent and cabinet. It is alleged that he did not comply with an order from the regent to withdraw the gendarmes, which he had placed over the property of the shah and Sultanah. The brother of the shah, whose estate had been confiscated because he had not joined his brother until three days had elapsed, and thereby brought the Russian troops to Enzeli. This made inevitable the second and more drastic Russian ultimatum.

The regent, it is stated, has since done his utmost to stop the crisis, but has been checked by parliament. The writer of the statement referred to, claims to have knowledge that Russia is in no wise aiming to destroy Persian independence and will adhere resolutely to the Anglo-Russian agreements of 1907.

STATE MUST CONTROL THE BIG CORPORATIONS

Chief Executive of U. S. Steel Corporation Gives This as His Opinion—
Public Must be Protected, and the
Corporations Also.

Washington, Dec. 7.—Elbert H. Gary, chief executive of the United States Steel corporation, stated again today before the senate committee on interstate commerce his belief that the United States government must assume control of the big corporations to protect the public, and at the same time insure the advantage of corporation economies and development. Mr. Gary reiterated before the committee, which is seeking a solution of the trust evil, his recommendations for the creation of a federal corporation commission, the licensing of all corporations, the regulation of their agreements and concessions and complete publicity of their affairs.

He admitted that the steel corporation could understand any of its two hundred competitors in 52 per cent. of the domestic business because of greater economies of production, but he said that it aimed at maintaining fair prices and fair competition, instead of "cut-throat methods" that ultimately drive the smaller concerns to bankruptcy.

The Hill one lease is to be cancelled because it has been criticized by the department of commerce and labor, and also at the hearings before the Stanley committee, said Mr. Gary.
