Last month she had been in Hospital on account of the same trouble and when she came out it was believed that the disease was disappearing.

Recipe for 16 Ounces of Cough Syrup
No Better Remedy at any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a 16 oz. bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours. The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasant taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough. This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this recipe. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Cable News.

Special to Evening Telegram.

LONDON, March 8. Ambassador Bryce's report to the Foreign Office on the subject of the negotiations between Canada and the United States was issued this evening. The most interesting communication is under date Jan. 22nd, the day following the conclusion of the agreement. This says in part: "As at present advised I am disposed to believe that British interests are not to any appreciable extent prejudiced. No opportunity was lost in the course of the negotiations of reminding Canadian ministers of the regard, which was right and fitting they should have to Imperial interests. The arrangement still rests in reality, on the growing realization of the faith that a high tariff wall between contiguous countries whose products are economically interchangeable is an injury to both and opposed to sound fiscal principles, no more in Canada than in Republican Latin America, to which the States Government has sought to extend its Pan-America propaganda, nor does there seem any likelihood that a freer interchange of commodities will lead to closer relations of a political kind."

Special to Evening Telegram.

WASHINGTON, March 8. The most extensive movement of troops and war vessels ever executed in this country in time of peace is now under way, the objective being the country north of the Mexican boundary and the waters of the two oceans at either end of it. Twenty thousand troops, more than a fourth of all arms of service, are moving towards the Mexican boundary; armoured cruisers are ordered to the naval station at Guantanamo, Cuba; and most of the Pacific fleet will shortly be on their way to assemble at San Pedro and San Diego. It is officially announced that the purpose of the mobilization is for the training of officers and men under severe conditions, and to practice co-operation between the land and naval forces.

Special Evening Telegram.

WINNIPEG, March 8. Through the Grain Growers' Guide, the official organization of farmers in Western Canada, orders have to-day been sent broadcast that all grain of whatever character is to be withheld from the market pending the consummation of the Reciprocity Agreement, as alleged combines in the States of grain men propose to put up the prices enormously. It looks as if no more grain will be shipped from the Prairie Provinces or from the head of the Canadian Lakes until after seeding, as the grain growers always follow their orders implicitly.

Special to Evening Telegram.

NEW YORK, March 8. Sir Thomas Shaughnessy, President of the C. P. R., was a passenger by to-day's Celtic for Liverpool. He stated that the company contemplated spending about \$34,000,000 during the coming year for improvements and extensions. While in England he expects to place orders for building two new ships for the Pacific trade of 15,000 tons each. Sir Thomas would not give his views on the matter of Reciprocity, but said he thought general feeling in Canada was not favorable.

Special Evening Telegram.

LONDON, March 8. Mr. Haldane, Secretary of State for War, in the Commons yesterday described the supply of American beef furnished to the British Army as excellent and wholesome food. This was in rejoinder to an attack on the American product by the Irish members, Kilbride, O'Connor and Kent, who joined in the suggestion that diseased animals were slaughtered and shipped abroad to be consumed by British soldiers.

Special to Evening Telegram.

OTTAWA, March 8. Sir Wilfrid Laurier in a speech in the Commons in vindication of the Government's Reciprocity Agreement took the position that the arrangement for freer trade in natural products would open the door for larger prosperity, amply safeguarding all Canadian industries; preventing unimpairment of the autonomy of Canada and rendering inestimable service to the English speaking world.

Special to Evening Telegram.

OTTAWA, March 8. Admiral Kingsmill and Commander Roper, of the Canadian Naval Service, leave for Annapolis, Maryland, to visit the Naval Academy and acquaint themselves with the system in vogue in that institution.

Special Evening Telegram.

MEXICO CITY, March 8. The Mexican Government has no reason to doubt the word of the State Department at Washington that the movement of troops to the border is for anything more than military manoeuvres, and no suspicion of intervention by the United States in Mexican affairs is entertained.

RIVARD'S LINIMENT CURES
BURNS, Etc.

No Indigestion or Sick Stomach.

Gas, Heartburn, Dyspepsia and all misery in Stomach vanishes.

Take your sour, out-of-order stomach—or maybe your call "Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapiesin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak; there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is feeble and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a Little Diapiesin.

The Visitors Here.

The Nova Scotia Hockey team arrived here by the Bruce yesterday afternoon. At 7:30 p.m. they were taken in sleighs to the Prince's Rink where they enjoyed a night's skating. At 10:30 to-day they had a practice match, and to-night the initial game with our boys will be played, the game starting at 9 o'clock.

The visitors have two spare men, Messrs. Pringle and Patterson, and our boys have D. Walsh. An interesting match is looked forward to as the visitors are fast players and good skaters, and our boys have their best cut out for them. The visitors comprise men from Dartmouth, Amherst, Halifax, New Glasgow and Windsor, N. S. The colors of our team are white and red and those of the visitors green and white. The teams will line up:—

A Lighthouse Keeper's Story.

From the lighthouse at Lobster Cove Head, Bonne Bay, Newfoundland, Mrs. W. Young sends an experience of Zam-Buk, which should certainly act as a true beacon light, guiding all sufferers from skin disease to a safe harbor of refuge.

Mrs. Young says: "I suffered with eczema for seven years, and to my great delight Zam-Buk has cured me. The disease started on my breast, and spread until it extended over my back. The itching and burning—especially when the affected parts were warm—was terrible; and yet when the eruption was scratched or rubbed, it turned to bad sores, and caused great pain. I went to a doctor, and tried various prescriptions, but seemed to get no benefit, so I tried another doctor. Again I got no relief, so I tried a third doctor, and then a fourth. Although they all did their best for me I got no relief from my pain.

Seven years is a long time to suffer, and I had got used to the thought that I never would be cured when I saw a report in 'The Family Herald' telling how beneficial Zam-Buk was in cases of skin disease. I thought there would be no harm in giving this balm a fair trial, and bought some.

"Well, from the use of the very first box I saw Zam-Buk was going to do me good. I persevered with it, and the improvement it worked in my condition was really wonderful. It eased the irritation, stopped the pain, and the sores began to dry up and disappear. In short, I found Zam-Buk all that was claimed for it, and within a very short time it worked a complete cure in my case."

Not only for eczema, but for ulcers, abscesses, varicose veins, bad leg, poisoned wounds, cuts, cold sores, chapped places, piles, ringworm, children's eruptions, burns, scalds, and all skin-injuries and diseases, Zam-Buk will be found unequalled. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., St. John's, Nfld., for price. Refuse harmful substitutes and imitations.

"FIRST AID"—The "First Aid" Club in the Star of the Sea Association will have a lecture from Dr. Macpherson this evening.
