## DAYTON Money Weight Scales!

After deciding to locate in Newfoundland, we wished to ob-  
tain agency for the best computing scale made. We visited all  
the leading cities of the United States and Canada as far west  
as Chicago. We visited three computing scale factories, all of  
which offered us their agency. We talked with hundreds of  
users of various types of computing scales. The result of our  
investigation showed us that the Dayton Money Weight Scale  
was absolutely the best computing scale made, and that it  
would outwear any two computing scales of the swinging pan-  
dulum type.

We therefore closed the contract for the sale of Dayton  
Scales and have sold a number of them in St. John's and the  
various outposts. Every scale sold is giving perfect satisfac-  
tion.

We are also agents for the Dayton Silent Meat Slicer and  
Dayton Cheese Cutter.

If you are interested in the most perfect weighing machine  
ever devised, write or wire

Forty Years in the Public  
Service—The Evening Telegram

## Thoughts Upon the Times

(By PATRIOT.)

By the express yesterday the Min-  
ister of Shipping, Hon. J. C. Croble,  
left on a picnic to Canada. It is not  
quite three months ago since the  
same gentleman returned from an ex-  
tended visit, at the country's expense,  
from Canada and the United States.  
Everyone remembers how he posed  
before the Canadian newspaper re-  
porters as "Senator" Croble in Ot-  
tawa, and Newfoundland's Minister of  
Shipping and Transportation in To-  
ronto and other Canadian cities. The  
result of his visit to the country was  
nil, but Hon. John received a great  
deal of advertisement in the Canadian  
press which flattered his vanity.  
This is the kind of thing that at-  
tracts such shallow-brained men as  
Hon. John C. Croble. He goes forth  
for another dose. By the same ex-  
press there went the Coaker-appointed  
Chairman of our local Food Con-  
trol Board, P. T. McGrath. The Ad-  
vocate solemnly announces that he is  
gone to adjust the serious food pro-  
positions of Canada and the United  
States. This is only dust thrown in  
the eyes of the fishermen. Even  
the Deputy who knows anything about  
the food situation knows that this is non-  
sense. "P. T." has, like the Hon. J.  
C., simply a craze for notoriety and  
has only gone on a picnic at the  
country's expense. Their picnics  
will probably cost the country a few  
thousand dollars, but what differ-  
ence? The fishermen are good for  
it. Special attention is called to the  
fact that the President of the F. P.  
U. and his official organ, the Advo-  
cate, make no protest against this  
carnival of waste and extravagance  
that is now going on among the mem-  
bers of the so-called National Govern-  
ment. Rumor says that Mr. Coaker  
must keep his mouth closed in all re-  
spects relating to Messrs. Croble,  
Cashin and McGrath.

Will some one kindly inform a  
long-suffering public what has be-  
come of the Minister of Marine and  
Fisheries and why he is so often away  
from his official post of duty. At the  
present time both the Minister and  
his Deputy are away, and we have  
the spectacle of one of the most im-  
portant departments of the Govern-  
ment run by its clerks. Several very  
important matters are awaiting the  
Minister's attention and it is nothing  
short of a public scandal that he  
should not be there to attend to them.

The Reid Nrd. Co. announce by  
their notice to the Board of Trade  
that it is their intention after Octo-  
ber 5th to still further grind the face  
of the poor by increasing their  
freight rates twenty per cent. on all  
goods coming into the country. This  
simply means the consumer will have  
to pay on the increased cost of the  
goods. As the Reids practically con-  
trol the transportation of all our im-  
ports, and the Government as well,  
there is no redress, except that which  
lies dormant in the hands of the peo-  
ple. The little clouds of discontent  
and unrest appearing on the political  
horizon would indicate that this power  
will be used to adjust matters in  
the very near future.

The price of fish is causing very  
much concern among the people of  
the outposts. In several places the  
fishermen are shipping their fish for  
\$12 a quintal and the rise, in others  
the men are holding out for \$14.  
Everywhere the fishermen are bitter-  
ly complaining of Mr. Coaker's at-  
tempt to limit the price to \$12. It  
seems to them the irony of fate that  
it should be their own paid President  
who first attempted to keep down the  
price of their fish.

We are now into the fifth week of  
the strike at Port aux Basques, and  
the Government through its Colonial  
Secretary think the time has not yet  
come for them to interfere. The Col-

Keep Your Kodak  
Busy for the sake  
of the Boys  
"OVER THERE."

We have a full line of Kodaks  
and Kodak Supplies.

Kodaks from  
\$8.50 up, at  
**Tooton's,**  
The Kodak Store,  
320 WATER STREET.  
Everything for the Photographer

Official Secretary's reply to the Secre-  
tary of the N. I. W. A. is only what  
the public expected. If the strike  
lasts five years the Government, as it  
is constituted at present, will not in-  
terfere. For the simple reason, gentle  
reader, that the present Government  
is controlled by the Reid interests.

## Sun Burned Skin

You want a healthy sum-  
mer tan. But sometimes  
you get it too quickly and  
then there is a few days of  
suffering.

The application of Dr.  
Chase's Ointment takes out  
the stinging and burning  
and leaves the skin deligh-  
tfully soft and smooth.

## Artesian Well for Bowring Park

Mr. J. H. Hughes, mining and  
drilling expert of the Dominion Iron  
and Steel Co., Bell Island, with a  
staff of men, have started to sink a  
well at Bowring Park, using a dia-  
mond drill for boring. The steam  
engine and other equipment which  
were brought over from Bell Island  
was seen at work yesterday by hun-  
dreds of visitors to the Park. Mr.  
Hughes, who is an expert at that  
particular class of work, having had  
much experience in Canada and the  
United States, says he expects to  
bore down about 150 feet. At present  
a nine inch drill is being used which  
will later be replaced by a six inch  
drill. We understand the work is  
being done under the direction of Sir  
Edgar Bowring and is another in-  
stance of the unlimited generosity of  
that big-hearted Newfoundlander.

When you want Steaks, Chops,  
Cutlets and Collops, try ELLIS.

## At Bowring Park

The concert at Bowring Park  
given by the C.L.B. band yesterday  
for patriotic purposes, was largely  
attended, hundreds of people from  
the city being present. The day be-  
ing ideal the magnificent grounds  
presented a rare scene of unbounded  
beauty, which for natural scenery  
surpasses anything of their size in  
North America.

## Stafford's Preparations

Stafford's Liniment for Rheumatism,  
Lumbago, Neuralgia, all Aches  
and Pains.

Prescription "A" for In-  
digestion, Dyspepsia, Catarrh of the  
Stomach, Gastritis and Nervous Dys-  
pepsia.

Stafford's Phosphate for all kinds  
of Coughs, Colds, Bronchitis, Asthma  
and various Lung Troubles.

The above 3 Specialties have been  
for sale in Newfoundland for the past 5  
years, and are for sale in over 400 stores.  
The orders we are continually re-  
ceiving from time to time certainly  
prove that all of Stafford's Prepa-  
rations can be thoroughly relied upon.

## PALMER

### Marine ENGINES.

For  
Pleasure,  
Work,  
Speed.

Each type of motor boat requires a power  
plant of suitable style, horsepower and model,  
according to dimensions of hull, purpose used  
for and speed desired. The selection of the most  
suitable motor should not be guessed at, but  
should be the subject of careful consideration.

We sell the right motor for any power boat,  
whether used for pleasure, heavy duty purposes  
or fishing.

Where power and efficiency are of the most  
importance there you will always find
