The always welcome gift—

A Kodak

The gift that keeps the picture story of every youthful interest—school days and sports, the winter and summer outings, the city boy's trip to the country and the country boy's trip to the city. In all these there is fun in the picture taking and afterwards both fun and satisfaction in possession.

Our Christmas stock of KODAKS and CROWNIES is particularly complete.

LET US SHOW YOU.

Women's Patriotic Association.

At the annual meeting of the Women's Patriotic Association, held in the Presbyterian Hall on Thursday, Dec. 4th, Mrs. W. G. Gosling resigned her position of Hon. Secretary, the duties of which office were faithfully performed for a period of over three years. Prior to tendering her resignation Mrs. Gosling read the following:

Hon. Secretary's Report.

Lady Harris: Ladies—Shortly after our last Annual Meeting (held on Sept. 29th, 1918), the Great War, with its many urgent calls on our time and energies, came abruptly and rather unexpectedly to an end. But the work of the Association went on for some time afterwards. The Outposts and the City Branches knitted and made the wool and materials they had at hand, and supplies of comforts and hospital necessities continued to be sent overseas, until we were notified by the N.W. War Consistent Association that our contributions were no longer needed. But we still continued to supply the soldiers and sailors in the Military Hospitals with comforts and even with fruit, sweets and cigarettes. No reports have been submitted from the various Departments for this meeting, as the work done has been of a desultory nature, but Mrs. Job Governor of the Central Work Room, who came to say that the Room re-opened last year on Oct. 1st and worked ever since, has been regularly throughout the year, closing at the end of May. We made during that time 1250 pairs of socks, 90 pairs of gloves, 500 pairs of mittens, 90 pairs of trousers, and a number of garments for refugees. When our Headquarters were removed to the Colonial Building there was not sufficient accommodation for all our workers, and they were obliged to take the work home.

At the beginning of this year our members devoted themselves to relief work—to providing and making clothing out of the large quantity of material on hand, for the destitute populations of the invaded countries. Belgium, France and Serbia, among others, received much help as we could give them. This accomplished, the balance of our stock of material and hospital gauze and cotton was disposed of partly by tender and partly by auction. In March last the W. P. A. moved its Headquarters to the Colonial Building, where an Office had been provided for us, and there the business of the Association has been transacted ever since. Last Spring brought us our new President, Lady Harris, whose arrival in Newfoundland had hitherto been delayed. Al-

to be used as a Children's Hospital so soon as it shall cease to be required for convalescent soldiers and sailors. After the work of the Community Nurses, nothing is more necessary for the saving of child life than a well equipped, efficiently managed Children's Hospital. Many children in this city are in need of slight surgical operations, and will grow up seriously handicapped in life because there is no place where they can be treated. Further, we learn from the Community Nurses that the lives of many children could be saved if there were a Hospital where they could be taken to receive scientific feeding and care. The Outpost Branches have been circumscribed in this new work, and some of them have responded. Already several handsome donations have been received from some of our Outpost Branches. It is understood that they are for the most part in entire accord with us, and are ready to co-operate as soon as we have established some definite line of action which they can follow.

It should be distinctly understood that none of the W. P. A. funds have been expended on this work. The money we have used was collected especially for Child Welfare work, and no other moneys have been used for Child Welfare work.

Last Spring, at the request of Dr. Rendell, the W. P. A. agreed to build and furnish a Recreation Hall for Soldiers and Sailors at the Government Sanatorium at Bowood's Farm, the estimated cost to be \$700.00. Nothing further has been done with this, so far as we know.

When our N.W. C. Sergt. Ricketts, returned home from abroad, the Association showed its appreciation of his splendid courage by presenting him with five \$50.00 Victory Bonds. The Xmas Gift Committee Miss Mary MacKay, Convenor, sent 176 packing cases of Xmas gifts last October to our men overseas.

No Tag Day in aid of our own funds was held during the year, but the Tag Day Committee, under the skilled management of Mrs. John Angel and Mrs. Angus Reid carried out a most successful day in aid of the Society for the Protection of Animals, adding a thousand dollars to the funds of that deserving charity.

The Naval and Military Convalescent Hospitals at Waterford Hall reports a successful year. 123 patients have been treated during the last 12 months, and all the convalescents are loud in their praise of the treatment received there. Last Autumn, Major McPherson resigned the office of Medical Superintendent and Dr. Parsons was appointed to the position, which he still holds. The supplying of the Institution with provisions, which up to the present has been the function of a committee from the W. P. A., has been taken over by the Military Hospitals Commission, and our Shopping Committee has undertaken the visiting and supervising of the entire Institution instead. This change, which will come into effect in the New Year, gives the W. P. A. a better standing, and more responsible work, and was approved by the Board of Control of Waterford Hall as tending to conduce to the better management of the Institution.

The question of supplying the W. P. A. with a Constitution and Charter, which has been under discussion for a considerable period, is now in process of adjustment. In the early days of our Association, under the stress of the war work, it seemed more necessary to get the work done than to consider the methods by which it was accomplished. But now that the war is over, and the Association is taking on new duties and responsibilities, it is highly necessary that it should be properly constituted, with definite bye-laws governing its proceedings. The Constitution, now in course of preparation, will shortly be submitted at a General Meeting for your approval.

In concluding, I trust I am right in assuming that the members of our admirably organized Association, who have given their best energies and their financial support so freely to the Empire's needs in the crisis of war, will continue to give both in fullest measure in response to whatever further calls their country makes on their devotion, in time of Peace.

ARMINE N. GOSLING,
Hon. Secretary.

To get the genuine, call for full name LAXATIVE BROMO QUININE Tablets. Look for signature of E. W. GROVE. Cures a cold in One Day. 50c.

Two Fishermen Lost.

Boston, Dec. 1.—Hope has about been abandoned for Walter Brown and Edmund Muse, members of the crew of the fishing schooner Ethel B. Penney, and Thomas Scott, a fisherman from the schooner Athena, who went astray in South Channel during a dense fog one month ago to-day. Their comrades were confident that the missing men had been picked up by other fishing boats. Scott's dory was found capsized some days later by the crew of the schooner Alice M. Guthrie.

With no tidings from the men the opinion is now expressed that all three perished. Brown lived in Boothbay Harbor. Muse was a native of Yarmouth, N.S., and Scott belonged to Newfoundland.

Take the Dentists' Advice Use COLGATE'S

COLGATE'S Does ALL a safe Dentifrice Should Do—it cleans the teeth.

No dentifrice can take the place of the dentist. Any preparation that seeks to do the dentists' work usually contains strong drugs or harsh grit—harmful to the enamel of the teeth. And think of the effect of such risky chemicals on the tender membranes of your mouth!

Colgate's Ribbon Dental Cream cleans thoroughly, safely, washing the teeth without harmful grit, or the use of strong drugs.

You, too, should use COLGATE'S—it's safe.
