

The New, Easy Way to Have Beautiful Waxed Floors and Linoleum

The new, easy way to wax floors and linoleum is with Johnson's Liquid Wax, applied with a Johnson Wax Mop and polished with a Johnson Weighted Brush. This new method means that every one can now have beautiful waxed floors with very little effort—just a few minutes' time—and without stooping.

JOHNSON'S LIQUID WAX

Your linoleum will look more beautiful—clean much easier—and last years longer if you polish it occasionally with Johnson's Liquid Wax. It brings out the pattern and color—protects linoleum from wear and imparts a beautiful, dry, dirt-repellent surface which washes off like a piece of glass. Johnson's Liquid Wax is recommended by all the leading manufacturers of linoleum.

Waxed floors, besides being most beautiful and distinctive, have many practical advantages. They are, by far, the most economical—they do not show heel prints—are not slippery—and traffic spots can be easily re-waxed without going over the entire floor. Johnson's Liquid Wax is a complete finish and polish for floors of all kinds—wood, linoleum, rubber, tile, marble, etc.

STRENGTH.

This was the strongman's most astounding feat: He held upon his hands a deck of wood. And then upon it several people stood. He raised them high, and from a nearby seat I heard a stranger several times repeat a muttered exclamation: "That is good!" I never thought that anybody could lift such a crowd. That fellow's work is neat. I remembered men I've known who have raised neighborhoods to better things. Have lifted numbers, by their worth alone. To all the joys which nobler living brings. The strong man lifts the few and puts them down. The great soul by its influence lifts a town.

British Iron and Steel Trade

The production of pig iron and steel in Great Britain in August fell to 444,600 tons, compared with 492,700 in July, and 588,900 tons in August, 1924. This is the lowest monthly total recorded since September, 1922. There were 138 furnaces in blast, the same number as at the end of July.

Imports of iron and steel and manufactures thereof amounted to 232,900 tons, an increase of 10,800 over July, while exports declined to 287,600 tons against 308,600 tons in July. Prices further declined during August, the Board of Trade index number for iron and steel being reduced to 123.2, compared with 124.5 in July. There was some progress in the number of people employed in the iron industry.

According to the Bankers' Trust Company of New York, its British Information Service finds that the general trend of the British iron and steel trade throughout the month of August was listless, except for sheets, which met with an active demand in

many foreign markets, especially the Far East. In all other products foreign competition proved increasingly severe, but toward the end of the month a note of increased hopefulness became observable.

The continued shortage of available capital and credit, and severe French and Belgian competition combined to hinder the return of prosperity to the German iron and steel trade in August.

Favored by the rates of exchange France almost alone of the European iron producing countries found a ready sale for her manufactures, especially as the continued strike among iron and steel workers in Belgium eliminated competition from that quarter.

The dullness in the foreign trade, with the exception noted, was in marked contrast to the brisk activity in both production and sales in August in our own country.

According to advices received by the Bankers' Trust Company, the production of coal in the United Kingdom during August, was 17,278,000 tons, as compared with 21,164,000 tons in July, and 20,761,000 tons in August, 1924.

The market value of the stock certificates of coal, pig iron and steel companies in Great Britain was 66.5 p.c. of par, as compared with 66.5 p.c. at the end of July and 73.7 p.c. in the middle of September, 1924.

FOUR ARE WOMEN CANDIDATES IN FEDERAL ELECTIONS.

OTTAWA, Oct. 22. Candidates were nominated to-day to contest every one of the 241 electoral divisions in the Dominion of Canada, at the polls on Thursday next, when the people will select a new Federal Government. Not a single acclamation was recorded. Most of the constituencies will furnish straight party fights. Four of the constituencies may send two candidates each, bringing the total number to be elected to 245. The three party leaders, Premier King, Hon. Arthur Meighen and Robert Forke, Liberal, Conservative and Progressive respectively, will have straight party fights in their respective constituencies. Four women were nominated.

WILLS INTENDS TO FIGHT JOHN-SON.

NEW YORK, Oct. 14.—Objection of Jack Dempsey to the proposed heavyweight fight at Newark, N.J., between Harry Wills and Floyd Johnson, on Oct. 26, will not alter the arrangements made yesterday, the negro boxer's manager, Paddy Mullins, announced to-day.

Although the heavyweight champion claims he understood that Wills would not engage in any bouts before their anticipated title battle next year, Mullins said that Floyd Johnson, who signed Dempsey and Wills, knew the latter intended to box this month for the National Sportsmen's Club of Newark. He said he would so write Dempsey.
