The Necessity of Exercising Discretio

The Western Congregational Association held their meeting as Garafraxa, Wellington county, on Tuesday and Wednesday. The delegates from this district were Rev. G. Trotter Carr and Mr. John Hargreaves, of the city, and Mr. James Lewis, of London township. Following is the order of business and devotional exercises:

Tuesday afternoon—Devotional meeting conflucted by Rev. James Webb, Garafraxa. Business was then taken up, the principal item helping the admission of the Union Congregational Church, London, to fellowship.

conjugational Church, London, to fellow-ship.

Tuesday evening—Public worship was feld. Rev. B. B. Williams, of Guelph, preached an able sermon. Collection on behalf of the association.

Wednesday morning—Devotional exercises were held and reports from the churches received, which were, on the whole satisfactory. The election of officers for the ensuing term was proceeded with. Rev. B. B. Williams, of Guelph, was elected chairman, and Rev. J. P. Gerrie, of Strafford, secretary. An admirable address was delivered by Rev. D. McCormick, of Speedside, dealing with the relation of the pulpit to political and social questions. The speaker took the ground that ministers could consistently interest themselves in these matters, but should avoid partisanship. The address will be published in full in the Canadian Independent; the organ of the church.

Wednesday afternoon's session was opened with an interesting study of the book of Jonah, by Rev. A. W. Richardson, of Brantford. The conference on denominational matters, introduced by Rev. E. D. Silcox, of Embro, aroused a good deal of discussion. Mr. Silcox moved as follows:

That because of recent cance of disgrace in the pulpit desirable to call the streation of the churches to the necessity of vergeton of the churches to the necessity of the pulpit, especially of strangers.

No mention was made of the London First Congregational Church trouble, none of its representatives being present; but this resolution was understood to have reference more particularly to the case of R. Neale, and copies of the Apventise deficiently.
