LOCAL MARKET.

It was a quiet day for strawberries at the market this forenoon. By actual count there were only 12 vehicles with strawberries on sale. The owners of the berries were discouraged in the early part of the morning. They seemed to disappear, however, all at once, and by 11 o'clock there were only a few left.

Grain—Oats were the principal offerings, at 31c per cwt. Few loads of wheat sold at 15c per cwt.
Hay and straw—Twenty-six loads of hay were on the market. It was of inferior quality, and sold at 8c per ton, and in a few cases \$5.50 was paid; sales were slow. Straw is dull, at 15c to 16c per load.

Butter and Eggs—Butter is in keen demand and prices are high. Firm at 15c to 16c, and in some instances as high as 17c was paid for choice rolls and 15c to 16c for cream. Eggs are in good demand and prices are firm, at 25c to 26c for crates and basket lots, and 15c for the single dozen.

There was no change in prices in the vegetable line.
Fruit—As mentioned above, strawberries formed the bulk; they started at 7c and 8c, but soon dropped to 4c and 5c per box by the load.
Dressed Hogs—Not many on sale, at \$8 and \$8.50 per cwt.
Poultry—Not very plentiful, at prices quoted.
Meats—Steady, at prices quoted.

ENGLISH MARKETS.

Liverpool daily produce report, week ending June 6, 1922, furnished by Hodgson Bros.:
Cheese—The demand has been good, but there is a slight decline in present prices, and dealers operate only for immediate needs. Still, the arrivals have been insufficient to meet the demand, and values have been well maintained throughout the week, the steady cables from both the States and Canada causing importers to be firm. We quote today: Finest Canadian and States, new, colored, 55c to 56c; white, 52c to 53c; 65c to 66c; finest colored full makes (practically exhausted), nominally 58c to 59c; finest white, 55c to 56c; under grade full cream, according to quality, 40c to 45c; skims and half-meats, 30c to 35c per cwt.
Butter—Market quiet, at old rates. The Copenhagen quoted at 10c above present price, but arrivals from the continent are now coming in more freely, and the tendency is to a slight decline in prices for foreign markets. We quote today: Choice Canadian creamery, in boxes, 94c to 95c; choice States, 92c to 93c; choice Canadian, 90c to 91c; States process, none here; finest imitation, finest made and Canadian dairy, nominally 75c to 76c; choice Danish, 10c to 11c; Kiel casks, 10c to 10 1/2c; choice Russian, 10c to 10 1/2c; choice fresh-made Irish creamery, 94c to 95c.
Estimated stock of cheese in Liverpool on May 31, 1922: 17,474 boxes; April 30, 1922, 25,380 boxes; May 31, 1922, 33,250 boxes.
