I delivered ment was made voluntarily at the opening of the House, and was received with the greatest satisfaction by his followers. He gave the inference that he inspired the interview or had any connection with or responsibility for it the most absolute and categorical denial. He then reviewed Mr. Rogers' statement, and to each paragraph which could reflect upon him gave contradiction in turn. He was able to throw new light on the meetings with the Manitoba min'sters, and showed that their interviews with the Dominion Government on the boundary matter was sought by themselves. He also showed that Mr. Rogers knew the Government's view on the boundary question when the Northwest bills were introduced on Feb. 21, and circumstances showed that the Government's conclusion had been reached by their own will and determination. As to the actual matter of the alleged interview the Hamburg he gave Captain Kaempff the next room, where he found his with Mgr. Sbaretti, Sir Wilfrid had nothing to do with it, and, as Mr. Borden subsequently said, the papal delegate was not responsible to this House. Sir William Mulock added impertant testimony when he showed that he, as a minister from Ontario, had been the first to make objection to Manitoba's request for an eastern extension of the boundary, resulting in the application being hung up. The discussion was taken up by other members, mostly on the Opposition side, and continued during the rest of the
