DANGERS EXISTING FROM **CHRISTMAS DECORATIONS**

Canadian Underwriters' Association Sent a Circular to Chief Aitken.

Fire Chief Aitken has received the following circular from the Canadian Underwriters' Association regarding Christmas decorations and the danger from fires:

Dear Sir,-Following our usual custom at this season of the year I beg to call your attention to the dangers to life and property from Christmas decorations, displays, etc., which are frequently made at this time of the year. The use of Christmas greens, harvest specimens and other inflammable materials such as draperies, scenery, cotton to represent snow, and the like (especially in connection with electric and other lighting systems), is decidedly an increase of hazard, it being impossible to make displays of that nature perfectly safe.

The third statutory condition of
