There was a sharp passage-at-arms at the board of works last evening over the appointment of City Clerk Baker as secretary of the committee. Assistant City Engineer Wright has been acting in that capacity since the death of Mr. Robert Kirkpatrick, and last night Ald. Tancock suggested that City Clerk Baker be made secretary. "I have a right to make motions in this committee," said Ald. Tancock. "I move that City Clerk Baker be made

secretary.' "I certainly object to that," said Ald. Saunders. "We threshed that question out before, and I thought we had settled it. Apparently we have not. We made Mr. Wright secretary, because of his knowledge of the department. Why do we want to run to the city clerk for information when we have it in our own department?"

Mayor Makes Accusation.

"That request emanated from City Clerk Baker himself," declared Mayor Beattie. "It is my own idea," answered Ald.

Tancock. "Mr. Baker never mentioned it to me." "Well, it certainly came from him last year," retorted his worship. "I object to it. It is merely paving the way for an increase in salary." "That's right," commented Ald Saunders. "That is what the trouble was last year."

"There is no harm in allowing it to go to the council," said Ald. Tancock "There certainly is," continued Ald. Saunders. "We object." "Let the motion go," said Secretary Wright. "I don't care." The motion as made by Ald. Tancock

will be sent to the council. Another Brush. Another brush took place when Ald. Tancock read a communication from Secretary Baker, asking that all accounts from the committee be in the hands of the secretary of No. 1 committee before 1 o'clock on Friday, the day of meeting.

"When was that passed?" asked his worship. "Nothing like that ever happened at the only meeting of the committee properly held. Business has to be done openly and fairly in the council, and I do not understand how that in a good healthy condition, and much recommendation came to us." Ald. Saunders pointed out that the recommendation should go to the down to treasurer's department, not to the One. did condition, with a balance in hand.
