Dr. Williams Pink Pills

They Give New Vitality-and more.

The demands upon a mother's strength are many and severe: her own health trials and her children's welfare exact heavy tolls, while broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through sick headache, backache and nervous troubles. But varied as her health troubles are, the cause is simple, and relief near at hand. When well, it is good blood that keeps a woman well; when ill, she must make her blood rich to renew her health: and the nursing mother-more than any otherneeds rich blood and plenty of it. Care of diet, sufficient rest, fresh air, and Dr. Williams

Pink Pills will keep a woman's health robust and regular; and because these pills make new blood abundantly, thousands of weak wives and mothers have derived prompt health-help from them. Mrs. Stewart Grant, Stewiacke, N. S., says: "After the birth of my first baby I did not regain/my health. I
