## AUDITORS REPORT VERY SATISFACTORY

Shows Where Departments Have  
Been at Fault and Other  
Matters Set Out.

A meeting of the town council was held on Monday evening Deputy Mayor Belle-Lale in the Chair, with Councilors St. Onge, Patterson, Wallace, Moore and Chamberlain present.

The minutes of the previous meeting were read and confirmed.

On motion the regular order of business was suspended to hear Mr. Lashy of Amherst with reference to the building of concrete sidewalks, also to hear Auditor McNiece's report.

Mr. Lashy addressed the council at some length. He had considerable experience in concrete work, had put down permanent streets and sidewalks in Amherst, New Glasgow, Lunenburg and several other places. For the past six or seven years he had been practically making a specialty of such work. All work put down by him was giving entire satisfaction. He felt the concrete sidewalks here could be put down at \$2.00 per yard, and the grading done at about 20¢ per yard. He had all the necessary material for the work including steel plates for forms which saved much labor as well as cutting out all lumber. The work being done today on our sidewalks was very satisfactory. The material being used in the bottom was very muddy, the bond was completely destroyed. He was prepared to superintend the work of putting down the sidewalks in about two weeks time when he had completed the contract he was now engaged upon. On motion it was decided to let the matter stand over until the next meeting of the council.

Auditor McNiece then submitted the complete report of his work in connection with the audit of the town books, giving the exact standing of all town departments. The audit covered a period of two years, and in the electric light department covered all goods purchased in that department since 1910. The report was a lengthy one, going fully into all details. In the electric light department the auditor found it necessary to comment upon the amount of oil purchased for the department. Comparing our plant with that of others he pointed out that for several years past our plant was purchasing about three times as much oil as was required, and in 1918 had purchased over six times as much as was required. He also gave the number of tons of coal purchased since 1910, the number of lbs. of wire, and in fact everything purchased for that department, and made many valuable suggestions as to the manner in which all town purchases should be made and how an accurate account could be kept of all goods purchased which would show where every particular piece had been used. These suggestions applied to all departments. In the water and sewerage departments he also felt there was room for improvement, as it was not known under the present system just what particular department was chargeable for certain material purchased for this department. This was absolutely necessary in order to be able to keep a record of the capital account of each department. Auditor McNiece's report and suggestions which undoubtedly entailed much research can have no other effect than saving this town considerable money, if the valuable suggestions offered are followed out. During the reading of his report which occupied some one and a half hours every councillor present gave a most attentive hearing and was deeply interested as every detail in the various departments was being fully explained. At the conclusion of his report the Deputy Mayor and several of the councillors highly complimented the Auditor upon the efficient manner in which he had completed his work and tendered their thanks for the valuable suggestions he had offered for the better management of town affairs. The report was then referred to the finance committee by them to be taken up with the various committees effected.

Returning to the regular order of business a communication from John H. Johnson making application for the position of fireman at the electric light plant was referred to the Electric Light Committee.

A communication was read from S. Blanchard, Sec. Sub. District Board of Health advising the council that the Board of Health made all Board of Health appointments, but with reference to the appointment of a meat and milk inspector for this town the town would be required to pay the salary. If they wished such an inspector appointed the Board would appoint the man the council named for the position. Consideration of the matter took place over the matter in which the importance of having such an inspector was made quite clear. The question of the appointment was laid over until next meeting.

Several applications for trucking licenses were referred to the Police and License Committee and several others were ordered issued.

The usual departmental accounts were then fully gone into and ordered paid.

The Assessment and Appeals Committee reported that Wm. Morrissey had not paid a poll tax since he had

## EASTERN EDITORS TO VISIT THE WEST

Party Leaves by Special Train  
on June 2nd—Will Stop Off  
at Many Places.

On Thursday June 2nd, at 4 p.m. a special train bearing many eastern publishers and their wives will leave to attend the annual convention of the Canadian Weekly Newspapers Association, which is to be held in Vancouver on June 9th and 10th.

The party is made up of representative editors from Nova Scotia, Prince Edward Island, New Brunswick, Quebec and Ontario, and when gathered along with the 200 or more of the Western Province members, will contribute the largest press gathering ever held in Canada.

Through the courtesy of the C.P.R. the C.N.R. and G.T.R. a very fine special train of ten cars will be made up. The Easterners will use this train on the entire trip.

The going journey will be made over the Canadian National lines and the return over the Canadian Pacific. Numerous stops will be made ranging from three hours to a day, and these stops will include many important points in the West.

On the way out stops will be made at Winnipeg, Saskatoon, Edmonton, Calgary, Banff, Kamloops, while on the return visits will be made at Lake Louise, Banff, Calgary, Regina, Port Arthur. At Vancouver there will be much entertainment, and at Victoria the Lieut.-Governor will give a party in honor of the visitors.

As the press party is to stop at a number of places, there are no doubt many persons now in the west, who still subscribe for the "old home paper" and who will take the opportunity to see "their editor" at one of the stopping places. If this is done it will make the trip much more enjoyable, as nothing would delight the editors more than to shake the hands of old friends and subscribers in the West.

The Eastern editors will have a very pleasant duty, that of "writing up" the trip. The railways will endeavor to show the party the most resourceful parts of the Great West, and no doubt the western men and women will have a hearty welcome ready.

The taking of such an extensive trip by Eastern weekly newspaper publishers may mean that some of the local weeklies will have to make temporary arrangements. In the case of the Graphic, Mr. Colin McKenzie has agreed to look after the editorial work while Mr. Anselow is away, and the regular staff will look after business interests. We hope the little difficulty will be overlooked for these three weeks. This is really the first vacation of more than a week which the manager and editor have taken since 1913.

But we are sure that the people of the East will be well repaid, for their editors will come back home inspired and encouraged and prepared to furnish some interesting reading about the Canadian West.

Council then adjourned.

## HELPFUL THEMES THIS WEEK

Very Large Gatherings At  
Kenyon Services At the  
Imperial.

The evangelistic services being held in the Imperial theatre by Rev. Mr. Kenyon and party seem to increase in interest from day to day. Even over the holiday the large auditorium was crowded.

Many men and women are expressing their belief in a new birth and no doubt many homes will be happier for these services.

The subjects chosen by Rev. Mr. Kenyon are of great interest and the reverend gentleman has proved himself a fluent and deeply interesting speaker, one who can hold the individual attention of the large audiences.

The subject for tonight "Gambling" and Friday night "Dancing" constitute two of the greatest lectures of the series, that is most people wish to hear these particularly, and we assure our readers they are worthy of attention. Any crowd or sect can attend these meetings and derive good from them. They are entirely un-denominational.

It is expected that Sunday night will see the closing service of these meetings and we feel we voice the sentiments of all who have been present at the services when we say the entire party has won a deep place in our hearts.

Mr. Kenyon is a man's man and he has made many friends here who will not soon forget him.

Prof. Fletcher and Duffy, the blind musicians have also won a warm place amongst us, especially with the children, and Miss Wille has by her sweet voice and pleasing manner made friends in all sides.

Sunday Service.  
Remember Sunday morning service for men at 9 o'clock at the Imperial Theatre. This has been one of the best meetings throughout the entire series. Men it will help you.

Again Sunday afternoon at 3:00. You men who cannot get out early be on hand.

Then the final double header Sunday night. These meetings will be of more than usual interest. If you have not been attending, come to the closing meeting at the Imperial Theatre.

Suburban on

Telegram to the Board of Trade

Assurance.

The Graphic understands that the Campbellton Board of Trade, through the Vice-President Mr. Geo. G. McKenzie has received a telegram from Hon. Dr. Reid assuring the Board that the Suburban trains both east and west will be put on in two weeks time.

While this is good news, yet it is months too late for spring business.

POWDERED, HALF  
DRESSED DOLLS  
May be Found, in Large Numbers, on Our Streets, Said a Lady Speaker.

London, Ont., May 23.—"The frivolous, powdered, painted, half-dressed dolls," to be found in large numbers on the city streets in Canada, came in for denunciation by Mrs. D. R. McKenzie, of Japan, at a missionary mass meeting last night, in Aikins street Methodist church.

It was pointed out, for Canada to send missionaries to Japan when women there would be arrested if they appeared in the streets marked as women and girls in this country.

"Away with these dolls!" was the slogan, she concluded.
