Whooping Cough, Croup, Bronchitis
Cough, Grip, Asthma, Diphtheria

Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach? It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

"Mr. Dooley" on "The Christmas Spirit."

[F. D. Dunne ("Mr. Dooley") in the American Magazine.]

Chris'mas comes but wants a year, and they ain't any other time like it. All the rest of the year, fish days an' feast days, holy days an' unholy days, all the wurld is in a clinch. We're all in a tangle, fightin', quarrelin', robbin', plundherin' or murderin', scordin' to our tastes. I thrust no man. No, I won't go that far. I'll say I pretend ivvy man is honest, an' I believe none iv them are. In that way I keep me frinds an' save me money. No one thrusts me. Down the stairs, through the kitchen, an' into the parlor we go, all over the house, shrikin' high to low, no holds barred, no blows foul. It's what Hogan calls the struggle for existence, an' it'll always go on while there's a dollar in the wurld, a woman, or a ribbon to wear in our coats. We're frigten ivvythin' else but poundin' the man under us, or kneelin' the man on top iv us, when suddenly we hear a voice: 'Gentlemen, gentlemen, not before the child.' An' we get up an' brush the dust off our clothes an' shake hands, pretendin' it was all fun. The kids have come in. That's what Chris'mas is for, Hinnissy. But fr that was twenty-four hours, when there's a white flag up, an' the worst enemy I have, or the worst frind, come within stone's throw iv me without fear, we'd die iv exhaustion.

Hurray!

The hens may cease this year to lay. There may not be a crop of hay; The cows may all their duty shirk; The butchers strike and cease to work; The folks who churn may take their ease; The fact's all quit makin' cheese; The bakers all may shut up shop; The busy sausage makers stop; Yet, after all, why should we live? We still may dine on wholesome fare, And every boarding missus' soul Will leap with joy beyond control, For that most rare of Nature's boons, A really first-class crop of prunes!

Do NOT DELAY.—When, through debilitated digestive organs, poison finds its way into the blood, the prime consideration is to get the poison out as rapidly and as thoroughly as possible. Delay may mean disaster. Parke's Vegetable Pills will be found a most valuable and effective means to assail the intruder with. They never fail. They go at once to the seat of the trouble and work a permanent cure.

Public School Teachers Elected.

The results of the election of Public School representatives on the Advisory Council to the Minister of Education were given out Saturday afternoon, and show the election of Miss Harriett Johnston, the Toronto teacher, at the head of the poll. The other candidates elected are—Mr. Flew, of Chatham; Mr. Jordon, of Port Hope, and Mr. Reid, of Owen Sound. Miss Johnston's election is exceedingly popular among the lady teachers of Toronto.

Do not delay in getting relief for the little folks. Mother Graves' Worm Exterminator is a pleasant and sure cure. If you love your child why do you let it suffer when a remedy is so near at hand?

A GANG of men are at work and the first steps of equipping the tunnel for electricity have been taken. Traffic will be suspended for four hours daily and the men hereafter will work two hours in the morning and two in the afternoon until the work is completed. The company has picked out a time when traffic is light so the regular business will not be interfered with to any great extent.

THINGS happen funny when one's wife is away. The other night we were awakened about midnight by a peculiar noise. Summoning up all our courage, we descended the stairs and opened the kitchen door, from which place the noise seemed to be coming, about an inch. What we seen was a flying machine that out-classed the Sand-Dumont machine to one. It was a mouse that had fastened its tail to a sheet of sticky flypaper and was sailing around the room at a dizzy gait.—Dows (La.) Advocate.

The holiday season is now at hand and Watford merchants are ready for it. The stores never looked so attractive as they do now. The stocks were never larger nor better assorted. It is a good practice to begin laying in your holiday goods right away. You get the best that is going, in other words you have your pick and besides you get the worry off your mind. Better still, it helps the clerks out and prevents a rush at the end. There are a great many advantages in doing your holiday trading early.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

GENERALLY speaking the medical faculty devote more of their time and give a greater proportion in kind to charitable purposes than the average citizen. Frequently going into the country at unearthly hours, paying the cost of rip hire, supplying medicine and devoting much thought and care to cases that as far as they can judge will be a distinct loss on account of poverty. One never hears of a medical man going around and bragging what he is doing for charity. They minister to the sick and needy and write off their books hundreds of dollars of bad debts without a murmur and deserve more credit than is frequently accorded to them.

AN old bachelor bought a pair of socks and found attached to one a paper with these words: "I am a young lady of twenty, and would like to correspond with a bachelor with a view to matrimony." The name and address was given. The bachelor wrote in a few days got this reply: "Mamma was married twenty years ago. Evidently the merchant of whom you got those socks did not advertise, or he would have sold them long ago. My mother handed me the letter and said possibly I might suit. I am eighteen."

One of the black foxes which escaped from the pen of S. L. Borrowman, Wyoming, on Halloween night, mention of which was made in our last issue, has not yet been captured. It was seen Saturday evening at about 4.30 in E. C. Rice's garden opposite the pen, but although the terrier was put in pursuit, it again succeeded in making its escape and owing to the darkness, pursuit had to be abandoned. Two more foxes—a black and a red one, were received by express from Cobalt, by Mr. Borrowman last Saturday, both of which were installed in his enclosure.

Shot a White Deer.

Sault Ste. Marie, Ont., Nov. 21.—William Marshall, of this town, shot an Albino deer at Hayden, on the line of the Algoma Central, during the hunting season. The animal is pure white, and weighs about ninety pounds. It has been sold to Grand Rapids parties who were hunting near here.

Your Doctor

Can cure your Cough or Cold, no question about that, but why go to all the trouble and inconvenience of looking him up, and then of having his prescription filled, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.

Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?

Why not do as hundreds of thousands of Canadians have done for the past thirty-four years; let SHILOH be your doctor whenever a Cough or Cold appears.

SHILOH will cure you, and all druggists back up this statement with a positive guarantee.

The next time you have a Cough or Cold cure it with
