

CHOP STUFF
 Ford Touring Car, only \$651.00, delivered.—R. Morningstar. 17-2t

Rev. W. S. A. Larier, late of London, Eng., is the new rector of St. John's church, Alvinston. He is now in charge of the parish.

Twenty thousand tons of ice representing a value of approximately \$140,000 were taken out of Sarnia bay and vicinity this winter.

Mr. and Mrs. John McFarlane, of Camlachie, celebrated the 36th anniversary of their wedding on Saturday last. They were the recipients of a number of gifts of money and plate.

Arthur Bullen, Ruthven, is the owner of 12 fine dairy cows which have recently given birth to 12 calves—eleven of them are female and one male. This is a record hard to beat.

The United Farmers around Strathroy are planning for a big celebration on Dominion Day. One-half of the net proceeds will be devoted to the women's rest room fund and Strathroy hospital.

Roy G. Dodds, tinsmith in Ailsa Craig, had the misfortune to get a piece of steel in one of his eyes some time ago, and was taken to a London hospital this week to have an operation performed.

The death occurred recently at Kirkfield, Ont., of Rev. Malcolm Lindsay, a well-known Presbyterian minister, who some years ago was pastor of Arkona and West Adelaide churches. He was a great temperance worker.

Wm. Clow, a farmer of North Dunwich, was found in his barn in a semi-conscious condition, suffering from injuries to his face and also the loss of three teeth. It is supposed that while watering the horses he was kicked by one of them.

Handmade shoes are coming back. Wm. Buttermann, Wallaceburg, farmer, is making progress fast. He raised a calf, after butchering it he tanned the hide, made an excellent pair of shoes from the hide, and now the neighbors are busy coming to him with requests to have their hides tanned.

After long months of suffering from sarcoma, which developed as a result of war service, Bruce W. Carter, of Thamesford, passed away on Thursday morning, in his 26th year. The final weeks of his illness were made easier by reason of the fact that his case was finally recognized by the Department of Soldiers' Civil Reestablishment.

It is now definitely understood that a limited amount of acreage will be secured in Petrolia district by the Dominion Sugar Co. for the growing of sugar beets. Last year the company contracted for 35,000 acres for its three factories. This year about 20,000 acres will be secured. At present the Chatham plant is operating 24 hours a day on sugar cane.

J. T. Sproule, a cattle buyer, of Lambton county, was fined \$5 and costs by Magistrate Maxwell Saturday on the charge of overcrowding sheep in a car in transit from Oil Springs to West Toronto. The information was laid by Inspector Frank Mattis of the Elgin Humane Society, who took charge of the sheep affected by the crowding.

 BUTLER'S OLD STAND, MAIN ST.

Suit has been entered in the supreme court of Ontario for Lambton County by Arthur Shaw of Moore Tp. against the Michigan Central Railway for \$5,000 damages for injuries which the plaintiff claims were sustained through the negligence of the defendant company in failing to keep a farm crossing over the tracks on their right of way in Moore tp. in a safe condition. This action will be heard before Chief Justice Meredith at the spring assizes which opens in Sarnia on Monday, Feb. 27th.

Could you identify your car should it happen to be stolen? Maybe you think you could, but unless you have some private mark on it, it would likely prove more difficult to identify than you would imagine. At least this is the way it has proven out in many cases of theft. The serial and motor numbers are easily removed and thus cannot be depended upon for identification. Better put some private mark on your car. You may never need it, but at the same time it would come in exceedingly handy in case of an emergency.

At the Petrolia Division Court G. F. Metcalf sued W. D. Jackson of Enniskillen for \$92.50 which he claimed as wages. The evidence showed that Metcalf, who was out of work, told Jackson, that he would be willing to stay with him and work around the house for his board. Jackson, being a lone bachelor, agreed to this proposition but as time went on their semi-married life did not turn out happily and Metcalf left Jackson's bed and board. Judge Taylor dismissed the action without costs other than the costs of the court.

Fire on Wednesday last destroyed the home of Henry Free, a respected citizen residing two miles northeast of Sarnia on the old Errol road. The heads of the family were away at the time the fire started, which was supposed to have started from an overheated stove. Three children were in the house at the time but could do nothing but escape with their lives, the house being entirely destroyed with all its contents, and the family is now in destitute circumstances, all their worldly goods going up in the blaze.

A new organization has come into existence in Sarnia in the formation of the Lambton radio association, which held its inaugural meeting in the chamber of commerce last week. There are at present from forty to fifty operators there with the number steadily increasing. The objects of the association in organizing are to regulate aerial traffic, obtain concession s from the government with particular regard to licenses, and to enable affiliation with the Ontario association which has recently been organized.

A novel campaign has been inaugurated in Essex in an effort to rid the town of rats. Sides have been chosen with Chas. W. Roberts and John C. Workman as captains, each side having about 60 residents of the town, and the contest is to close on March 1st. The side that turns in the fewest rat tails to its captain is to buy the oysters for the oyster supper. Any person who does not get at least four rat tails is to pay a fine of 50 cents to his captain, while the one getting the most rat tails is to receive a prize of \$2. All the rats killed must be caught inside the corporation limits.

William McRae, of Glencoe, who was arrested last summer on complaint of Leslie Thompson, of London, on a charge of pickpocketing, and was later released by County Magistrate Hunt, has issued a writ against Mr. Thompson for \$5,000 and costs for false arrest. Thompson has retained C. St. Clair Leitch to defend him. Thompson, with his wife and family, were spending the first of July at Port Stanley. During the rush of the afternoon his pocket was picked and \$60 or more stolen. He stated that McRae, who was standing by at the time, remarked, "You were lucky that you did not lose your wife" and when two other men were arrested the police were asked to arrest McRae also. Joseph Conway and H. Clarke the other two arrested, were later convicted, and sent to penitentiary for long terms.

BEAR CREEK CHURCH STRUCK BY LIGHTNING
 During the electrical storm which broke over Lambton county about three o'clock on Sunday afternoon the Bear Creek Presbyterian church, situated about fourteen miles southeast of Sarnia, and about three miles from Bridgen, was struck by lightning and badly damaged. The afternoon services were in progress at the time but although many members of the congregation were menaced by falling plaster and wood splinters, no one was injured. The steeple of the church was demolished and the north end of the edifice where the lightning struck received the major damage. A miniature shower of plaster fell all around two children who were seated alone in a rear pew, but they were untouched.

Shortly after the lightning bolt struck the north end, fire broke out at the opposite end of the church, but it was extinguished before it had gained any headway. The services were being conducted by Rev. Mr. Howard, Rev. R. Richardson is pastor of the church.

WINTER HARD ON BABY
 The winter season is a hard one on the baby. He is more or less confined to study, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as he should. He catches colds which rack his little system, his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels, and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
