After assembling in their lodge-room and donning their robes of office, the members came out into the large hall, where about a hundred guests were assembled, and went through the marches of the order to the music of the piano. The gorgeous paraphernalia were greatly admired. After this the company was treated liberally to ice cream, oranges, bananas and choice confectionery. Then assembling in the large hall again, each officer at his post, several of the guests in response to the invitation of the "supreme high great mogul" in the chair, made short and witty speeches, thanking the members of Sunbeam Lodge for the very pleasant evening's entertainment. Among other things which excited the admiration of the uninitiated was the "breastplate" of the whigh priest," or as one visitor expressed it "that thing one fellow has across his stomach." This, he said, reminded him of a mustard plaster, and was doubtless emblematical of the way odd-fellows stuck to one another in time of trouble. The entertainment made a good many of those outside the order desirous of being "in it."

Mr. Fred Secord of St. John paid his friends in St. Croix a flying visit last week.

During the recent cold rain Mr. Handly Brinton had the misfortune of losing four type, which seemed to be too bad as he had three sheep and ten lambs before this ring.

A very pretty though quiet wedding took place at the residence of Mr. James Hall on Wednesday, May 15th, when his youngest daughter, Hattie, was united in marriage to Mr. Theodore Hill, eldest son of Deacon J. R. Hill. Promptly at four o'clock the officiating. Supt. Lewis and the members of the lows grammar school, of which he was a member, with their teacher, Miss A. Caro Balcom, were present. Four of his schoolmates acted as pall-bearers, John Dearth, Chas. Coburn, Clarence Greenwood and John Newton. Among the beautiful flowers were thrown from their foundations and completely wrecked. A woman and her infant were crushed to death in the ruins of their home. Great damage was done in Florence.

The many friends of Mr. and Mrs. Milton P. Daniels at Ashland, Mass., will learn with deep regret of the loss they have recently sustained in the death of their some Lagrar, which took place a few days ago. The Ashland Advertiser in referring to the melancholy circumstance, and after expressing deep sympathy to the bereaved parents, has the following:

"Funeral services for Edgar Daniels were held at his father's, Milton P. Daniels, former residents of the loss they have recently sustained in the death of their home. Great damage was done in Florence.

Disastrous Fire at Richmond.

The long wharf at Richmond with the freight shed and immense coaling pier were totally destroyed by fire last Sunday morning. An alarm was struck at 2 30 a. m. The fire originated in the cattle shed and was the work of an incendiary. Fifty-eight head of cattle belonging to J. A. Leamas & Co. were burned; their loss is estimated at \$4,400. The coal pier which is 60 feet high and a quarter of a mile long caught next. As there are numerous shoots and tracks it burned fiercely and the three wharves were soon also on fire. This made a sheet of flame a quarter of a mile long and 300 feet wide which brilliantly illuminated the norther of the city.

The fire region was simply witnesses of the city.

The foremen were simply witnesses of the composition of the city.

which brilliantly illuminated the north end of the city.

The firemen were simply witnesses of the conflagration, watching the flames for nearly three hours and saw \$200,000 go up in smoke.

The coal pier alone cost some hundred thousands of dollars and was repaired recently at the cost of \$57,000. It was an immense structure and when once on fire all efforts to save it were of no avail.

Canada and Newfoundland.

London, May 17.—In the House of Commons to-day Sir Charles Dilke asked how long persons were to be employed on the relief works in Newfoundland at the expense of the British taxpayers and how long a commissioner would be retained there to give state aid to the unemployed which was refused the fidle workingmen in England. Mr. Sydney Buxton, Under Colonial Secretary, replied that the government expected that the necessity of such work would cease at the end of the present month and the duties of the commissioner would then cease. Replying to another interrogation Mr. Buxton said the government could not make any statement in regard to the negotiations looking to the federation of Newfoundland with the Dominion of Canada.

LONDON PRESS COMMENT. London, May 17.—The Pall Mall Gazette expresses much regret at the failure of the negotiations for the federation of Newfoundland with the Dominion of Canada. "Canada, the Gazette says, has behaved most liberally." The Globe says Canada has acted in an

extremely liberal fashion towards Newfound-land, which has been correspondingly per-verse. The Globe expresses hope that Great Britain, Canada and Newfoundland will jointly reconsider the negotiations.

Florence, May 19.—The population of this city was thrown into a state of panic last night by a series of earthquakes that did much damage here and in other places. Chignecto Marine Railway.

Ottawa, May 19.—Mr. Provand, M. P. for Blackfriars, managing director of the Chigneto marine railway company, appeared before the council yesterday and asked for an extension of two years in which to complete the work. He said £700,000 had already been spent and that the £300,000 necessary to complete the work was ready, provided the extension asked for was granted. He argued that the company should not be held responsible for the failure to finish the work in the alloted time, as that failure was due to the extreme financial depression which involved the Barings and their own contractors. The government listened to the statement of Mr. Provand, but held out no hope that they could interfere in his behalf this session.

The Case Settled.

A Montreal despatch says: "Two years ago a young man named Huntington from Kings County, N. S., then at McGill college, was about to marry a Miss Harris of this city. The evening, however, the marriage was to take place, Huntington was taken out of town and the next day Miss Harris took action against Dr. Kelly and Professor McLeod of McGill, and Detective John A. Grosse, charging them with conspiracy and claiming heavy damages. "The case was settled to day by defendants paying \$700 to plaintiff's lawyers."

This was a rather remarkable case. It was alleged that the student was very young and was improperly induced to assume the role of husband.

The number of Indians in the United States

The number of Indians in the United States, according to the last census, was 294,253. This is 50,000 of a decrease in comparison with the previous census. It is said that the decrease is over 5000 a year. In Canada the last census gave us 123,583,—thus making the total for the two countries 370,383. The civilized Indians are included in this count. There are 58,806 Indians citizens of the United States; and 114,165 are classed as civilized. There are now very few Indians without a recognized location. There are over 19,000 dwelling houses occupied by Indians. The U. S. Government now follows a policy of kindness and good faith. Indian massacres have ceased.
