The Provincial Workmen's Association have given expression to their disapproval of the action of the government in placing the Dominion Iron and Steel works under military protection, and the announcement that they are to form a labor party to contest the county in the coming election.

Whereas, the employees of the Dominion Iron and Steel Company on duty on June 1st owing to a dispute, and whereas they have been on strike for six weeks, during which time no property has been destroyed, no violence committed and no rioting occurred, and whereas the D. I. & S. Company has succeeded in getting the Government to aid them in operating their plant by means of the permanent military forces of Canada, thereby attempting to defeat the lawful object of workmen;

Therefore resolved, that this joint meeting of the P. W. A. Lodge of Cape Breton, comprising three thousand men, condemn the action of the Government and ask them for the withdrawal of the soldiers immediately.

Further resolved, that we have no people ourselves to actually oppose the government until it delivers its pledge from the fangs of the great hungry led corporation of Sydney.
