

Buy the Turbine

- I. That gives the greatest power per diameter and has the smallest percentage of waste effort.
- II. Whose tests have been made in the Holyoke testing flume, with a record exceeding 80 per cent. at less than full gate, the largest wheels averaging more than 80 per cent. from half to full gate.
- III. That will give you the largest return for your expenditure; in other words, compare the horse power with the price.

There is only one Wheel which fills the above specifications. It is the

STEAM
AND
ELECTRICITY

By
William
Thompson.

170 Pages—Illustrated
In Strong Cloth Binding

The preparatory chapters are devoted to a concise explanation of the foundation principles of mathematics, a knowledge of which is absolutely essential to the study of Electricity and Engineering. In the succeeding chapters the student is led by gradual stages to a more complete acquaintance with these subjects and is equipped with knowledge sufficient to enable him to pursue his researches to any further extent
