"THE HERMES" has been changed from an advertising medium into a monthly, devoted to art and science, the international commerce and especially the collector's trade, and is the largest and best paper of its kind in America.

It has obtained a widespread circulation (9,000 copies, 5,000 of which are sent to foreign countries), thus affording a greater field for advertising than can be offered by any other paper.

To secure attention to advertisements of Philately, Numismatics, Rare Books and Prints, Antiques, Curios, Bric-a-Brac, Shells, Insects, Plants, Minerals, etc., advertise in THE HERMES.

THE HERMES is subscribed for by those who have an interest in such collections and who wish to make their collections more complete.

Subscription price, 50 cents per year
