IT IS A WELL KNOWN FACT

THAT

MCCOLL'S "LARDINE,"

is the best known, and most reliable Machine Oil in the Dominion; Farmers, Threshers and Mill Owners, will find it decidedly to their advantage to insist upon getting the "Genuine Lardine" when they ask for it, owing to the fact of its being sold under the same name by unscrupulous dealers. We are the sole manufacturers of the "Genuine Lardine." Every barrel branded.

4 DECADES

HAVE COME AND GONE SINCE THE FIRST FERRERS COUGHS, COLDS AND TROUBLES WERE CURED BY THE WISTARS OF WILD CHERRY BALSAM, AND YET IT IS ON THE WRAPPER.

Burdock BLOOD BITTERS ACTS UPON THE 4 Cardinal Points OF HEALTH.

regulating their functions so a healthy action by opening all the natural channels for the outlet of foul accumulations and bad humors, which poison the blood and create disease.

Household Hints.

DEAFNESS CURED.—A very interesting 132 page Illustrated Book on Deafness, Noises in the Head. How they may be cured at your home. Post free 3d.—Address DR. NICHOLSON, 30 St. John Street, Montreal.

APPLE DUMPLING.—One quart of flour, one tablespoonful of lard, two tablespoonful of baking powder wet with milk, roll out an inch thick, and place on it eight apples, sliced thin; put in pudding bag, and boil one hour.

PASTE FOR FIRES.—Mix one quart of loose flour with two heaping teaspoonful of baking powder; rub in half a pound of butter, wet it with cold water; work as little as possible after the water is in; roll it out. Use less shortening if you choose.

FRIED CHICKEN.—Fry half an onion chopped fine in a little butter till quite brown. Roll a piece of butter the size of an egg in flour, add to the onion, and in this fry the breast, legs and side bones of the chicken to a delicate brown. Take them out and keep hot in the oven while you add to the sauce in the pan a few mushrooms finely cut up, and salt and pepper to taste; simmer slowly; pour over chicken and serve.

MEAT SCALLOP.—Take cracker crumbs, macaroni, cold meat, the gravy of the meat or soup stock. Boil the macaroni until soft and put a little cold water on it to prevent it from sticking together. Cover the bottom of a deep dish with the crumbs, then a layer of meat cut in small pieces, seasoned with salt and pepper, a layer of macaroni, a layer of crumbs and meat, and so on until the dish is filled, having the crumbs come last. Pour over all the gravy and bake one hour.

CLAM SCALLOPS.—Chop fifty clams fine, and drain off in a colander all the liquid that will come away. Mix this in a bowl with a cupful of crushed cracker, half a cupful of milk, two beaten eggs, a tablespoonful of melted butter half a tablespoonful of salt, a pinch of mace and the same of cayenne pepper. Beat into this the chopped clams, and fill with the mixture clam shells or the silver or stone china shell-shaped dishes sold for this purpose. Bake to a light brown in a quick oven and serve in the shells. Send around sliced lemon with them.

SILVER CAKE.—Whites of eight eggs, whipped to a froth, three-quarters of a pound of white granulated sugar, half a pound of butter. Add the sugar and butter to the eggs and beat to a cream. Add half a cup of sweet cream, set the flour in the oven until hot, then sift thoroughly to remove all lumps. Add the flour one cup at a time until it is stiff enough. As some eggs are larger than others, the same amount will no always answer. Last add four teaspoonful of baking powder and flavour to taste. By adding half a cup of red sugar you will have a handsome cake.

CHOCOLATE PIE.—Take four tablespoonful of grated chocolate, one pint of boiling water; let it simmer for a few minutes, then take the yolks of two eggs, two tablespoonful of corn starch, six tablespoonful of sugar. Stir this mixture together and boil until thick, like boiled custard (and, by the way, cook it in the same way, by setting the dish in boiling water, and so avoid all danger of burning). Make a crust as for lemon pie, bake it and then put in the cooked chocolate. Beat the whites of two eggs to a stiff froth, beating in a tablespoonful of pulverized sugar; put this on top of the pie and set it in the oven to brown. Serve cold. It is not at all difficult to make, and ought to be a perfect success.

GRAHAM GEMS.—One quart composed of two-thirds graham and one-third wheat flour, half a teaspoonful of salt and a dessertspoonful of sugar. Sift these together, removing the bran, and add one pint of soured milk, into which you have beaten one teaspoonful of soda dissolved in a little hot water, and bake in iron gem pans which have been previously heated and greased. I put mine on the front of the stove to heat before I begin mixing the batter. This makes two dozen gems. They are very nice for breakfast or for supper, and any that are left over to get cold are made as good as new by steaming. If the milk is very thick, a little more may be required, as the batter should be just thin enough to "snap" like cake dough.

DR. HARVEY'S SOUTHERN RED PINE for coughs and colds is the most reliable and perfect cough medicine in the market. For sale everywhere.

CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrh of Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper respiratory passages and attachment tubes. The eminent scientists—Tyn-dall, Huxley and Boile—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal, and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

(Liquid.)

Note.—This favorite medicine is put up in oval bottles holding three ounces each, with the name blown in the glass, and the name of the inventor, S. R. Campbell, in red ink across the face of the label. Beware of imitations, refuse all substitutes, and you will not be disappointed.

Campbell's Cathartic Compound
