'I Am Permanently Cured.

The Joyful Exclamation of Mr. Alexander Moffatt, of Millbrook, Ontario.

Paine's Celery Compound Victorious After the Doctors Failed.

Mr. Mostat is of opinion that all his sufferings and troubles had their origin in liver complaint, a terribly dangerous malady, that is dragging many a man and woman to the grave. This disease may be scute or chronic. In the acute form, there are violent burning pains conveyed to the shoulder and right arm, short cough, fever, irregular howels and constipation. In the chronic form of liver complaint, there are many morbid conditions, such as enlargement, softe ingablesses and degeneration. The symptoms are, weight in stomach flitulence, nausea, bilious vomiting, loss of appetite, thirst, white and dry tongue, bitter taste, and a host of other miserable conditions.

Long experience has fully proved that Paine's

Citery Compound is the only incording that can successfully grapple with the dread disease of liver complaint. Hones, and able doctors are advising their patients to make use of Paine's Celeis Com-pound, for the great reason, that they know of no other medicine that gives such prompt and effec-tive results. The cure of Mr. Meffatt amply proves every statement made in favor of Paine's Celery Compound, and clearly demonstrates the fact that when physicians fail to cure, nature's medicine is sure to do the good work. Mr. Mof-

fatt writes thus:

"Having been a sufferer for years from severe pains in the side, back and breast, caused, I firmly believe by a sluggish liver, I received the treatment of eminent physicians, and was compelled to wear a fur coat summer and winter; I was also advised to wear a chamois vest, but nothing seem-

ed to do me good.

"At last I was advised by kind friends to try Pane's Centry Compound, and after using six bottles. I find that I am permanently cured. I aime's Celery Compound has indeed done wonders for me. You may publish this for the benefit of suffering humanity.

markable statement. For many years I softer ed from Catarrh, which destroyed in hearing, and for twenty five years I was so deaf that I could not bear a clock strike by holding my ear against it. I had tried every known remedy, and nothing gave me the elicitiest relief. I obtained by Moore streatment, and in three weeks may hearing began to improve and now I can hear clock strike in an adjoining room, 30 feet away. I think I am entirely cured and my hearing perm u ently restored. EDWIN CULEMAN, Maize, Kas. Medicines for 3 Mouths' Treatment Free.

Gems for Breakfast.-For one dozen gems use one pint of milk, an egg, a pint of the egg light, add the milk and salt to it and beat gradually into the beat gradually into the flour. Put it into hot gem pans and bake twenty minutes.

Coffee Cake. -One cup of butter, two of sugar, one of molasses, five cups of flour, sifted, three eggs, one cup of strong, cold coffee, one-half pound of raisins, stoned and floured, one-half of currants, one-fourth of citron, chopped or sliced fine, one teaspoonful of powdered cinnamon, one of cloves, one-half nutmeg, grated, one teaspoonful of soda, good measure. Good cake bakers always cream butter and sugar thoroughly, sift flour and beat eggs separately very light, adding the whites last.

Life Supporting Fruit.-In replying to the query of whether there are any fruits which of themselves are sufficient to support healthy life, an exchange says. "There are many such, among which may be mentioned the date, banana and plantain, figs when dried, the bean of the carob, or locust tree, and the fruit of the boabab, or monkey tree which is eaten by the negroes of West Africa. All these contain sufficient fat, sugar, starch, pectin, gum and nitrogenous matter to support healthy life. Of all these preference must be given the banana, which supplies to many millions permanently nutritive food, and to the fruit of the date palm, or Phoenix dactylifera, which serves as an exclusive article of food in parts of North Africa, Arabia and Persia."

Strawberry Layer Cake.—Half pound of butter, five eggs, six ounces of flour, quarter teaspoonful mace, half pound of sugar, two ounces of cornstarch, one teaspoonful vanilla, two tablespoonfuls sherry, one teaspoonful of baking powder. Beat the buter to a cream, add the sugar gradually, beating all the while; then add the yolks of the eggs, then the well-beaten whites; then the flour, cornstarch, and baking powder. Beat well, add the flavorings, mixing well, grease three deep jelly tins, pour in the cake and bake in a moderately quick oven fifteen minutes. When done remove carefully from the pans and stand them on a towel for a few minutes to cool. Strain the strawberries. Beat the whites of two eggs lightly, add, gradually, four tablespoonfuls of powdered sugar, and then beat vigorous-ly until stiff enough to stand alone. Put a layer of this over the top of one cake, then a layer of berries; stand another cake on top of this. Put the remainder of the white filling over the top of this cake, then another layer of berries. Now place the remaining cake on top of this, press down lightly, dust the top over with powdered sugar, and it is ready for use.
